

UTAH STATE GOVERNMENT ORGANIZATION CHARTS

Utah State Government Organization Charts

Prepared by the Office of Legislative Research and General Counsel

Utah State Capitol Complex, House Building Suite W210

Salt Lake City, Utah 84114-5210

INTRODUCTION

Background

Utahns are served by a host of state officials, departments, boards, commissions, committees, and judges, not to mention various local government units and subunits. Utah state government is extensive, varied, and complex. In fact, it is one of Utah's largest employers, employing approximately 24,000 persons as of January 2010. This publication includes organization charts for Utah's legislative, executive, and judicial branches of government as well as independent governmental entities. As state government is ever changing, the Office of Legislative Research and General Counsel updates this compilation of charts every two years.

The information in this report has been reviewed by the departments and the other major entities and reflects structures as of July 1, 2010.

Document Explanation

Figure 1 defines the four shapes and two lines used to create the organization charts. If you are viewing this document electronically, there are three colors of font, red, blue, and black. Red font signifies a link to another

Figure 1

page within the document, blue font signifies a link to an internet web page, and black font has no special significance. There are also button links throughout the document designed for faster, easier navigation.

Additional Information

Inquiries about personnel, organizational units, and other details related to a specific governmental entity should be directed to the department, division, or other entity in question. Contact information for major entities is found in the lower left hand corner of each chart. Other inquiries may be directed to the Office of Legislative Research and General Counsel:
