72nd Annual Report Utah Department of Alcoholic Beverage Control Dennis R. Kellen, Director July 1, 2006 to June 30, 2007 Summary of Operations

Background

Utah is one of 19 "control" jurisdictions in the nation that controls the sale of alcoholic beverages (there are 18 states and the county of Montgomery in Maryland). These jurisdictions, which regulate their own retail and/or wholesale distribution of alcoholic beverages, account for nearly one-third of the U.S. population. The results: revenues that would otherwise go to mark ups for private sellers are, instead, funneled into state coffers and used to support public goals of moderation and government revenue enhancement.

The Utah Department of Alcoholic Beverage Control is governed by a five member, part time commission. The commission employs a full time director to oversee the day-to-day operation of the department. The policy of the department, as set by statute, is to operate as a public business using sound management principles and practices, and function with the intent of servicing the public demand for alcoholic beverages.

The Department operates a statewide network of state stores and package agencies that sell all alcoholic beverages, except beer containing less than 4% alcohol by volume (which is sold in grocery and convenience stores). The department also administers the liquor laws, and regulates the sale, service, storage, manufacture, distribution, and consumption of alcoholic products.

Utah's liquor control system offers definite advantages to Utah's citizens. Liquor sales provide a significant source of income to the state's general fund which serves to relieve the individual tax burden of Utah citizens. In addition, the school lunch program receives substantial funding from a tax on liquor sales.

Annual statistical data clearly shows that per capita consumption of alcoholic beverages is significantly lower in control states.

Liquor Control States

Alabama	Michigan	Ohio	Virginia
Idaho	Mississippi	Oregon	Washington
Iowa	Montana	Pennsylvania	West Virginia
Maine	New Hampshire	Utah	Wyoming
Maryland (Only	North Carolina	Vermont	, ,
Montgomery Cour	nty)		

Average Consumption Per Capita in Utah

For Fiscal Year 2007 and Fiscal Year 2006°	FY U/	FY 06
	(In gallons)	(In gallons)
Average Consumption Per Capita in Utah for Wine:	.920	.887
Average Consumption Per Capita in Utah for Spirits :	.770	.743
Average Consumption Per Capita in Utah for Heavy Beer :	.386	.328
Average Consumption Per Capita in Utah for All Products:	2.076	1.958
*Based on an estimated Population of 2,682,869 as of June 30, 200	7 and 2,622	,000 as of
June 30, 2006.		

Comparative Gallonage for Utah	FY 2007	FY 2006
Wine	2,467,133	2,325,161

NOTE A: ACCOUNTING POLICIES: The Utah Department of Alcoholic Beverage Control has been designated as an enterprise fund by the Division of State Finance. The administrative operating budget is subject to legislative controls. The transfer of profits to the general fund is determined by the department's internal accounting system, which is on an accrual basis in accordance with generally accepted accounting principles. The current markup, effective May 5, 2003, is as follows: distilled spirits, wine, beer and champagne 64.5%. Beginning with the fiscal year ended June 30, 1978, the department has reported its sales at the gross amount based on published prices, which includes school lunch, sales, and transit taxes.

NOTE B: <u>RENTALS AND LEASES</u>: Leases are the result of competitive bids or negotiations. A standard lease agreement has been developed. The more recent leases now provide for payment of taxes and sometimes insurance when they exceed those of a base period. None of the current leases contain provisions for minimum payment in case of cancellation by the state, but they all contain a provision in case of a change in the law that might have an impact upon the operation of the department. Also Included is the interest expense on the annual bond payments for the state owned liquor stores.

NOTE C: CASH: All cash receipts are deposited in bank accounts to the credit of the State Treasurer; then, depending on the particular account, these funds are transferred, generally on a daily basis, to the Liquor Control Fund.

NOTE D: <u>INVENTORIES:</u> Inventories are valued at FIFO and consist of merchandise stored in our warehouse and at each of the 38 stores. It also includes general supplies and liquor bags at the warehouse.

NOTE E: PREPAID EXPENSES: Prepaid expenses consist of advance payments that have been made for insurance, dues, maintenance agreements, and postage that will be expended during subsequent periods.

NOTE F: PROPERTY AND EQUIPMENT: Property and equipment are stated on the balance sheet at cost and are depreciated on the straight-line method over the estimated service lives of the assets.

NOTE G: ACCOUNTS PAYABLE: Accounts payable represent the current liabilities incurred for incoming freight, operating costs, and the purchase of merchandise.

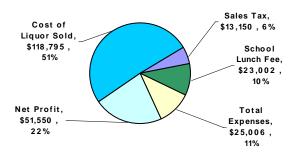

NOTE H: FINANCING OF FIXED ASSETS/DUE TO GENERAL FUND: During the fiscal year, \$243,000 in fixed assets were purchased; therefore, that amount was withheld from the transfer to the General Fund and adjusted to the long term debt due to the General Fund. An amount equal to the depreciation reduces that debt

UNDERAGE DRINKING PREVENTION

Utah has long understood the merits of sound alcohol beverage control policies. An example is Utah's Eliminate Alcohol Sales to Youth (EASY) Program. Passed by the 2006 and 2007 State Legislature, the EASY Program funds statewide, local law enforcement, alcohol compliance checks in all grocery and convenience stores and funds Utah's underage drinking prevention media campaign: www.ParentsEmpowered.org.

Utah brings together the collective expertise and resources of all affected agencies and partners to address underage drinking prevention on a statewide level. Parents Empowered is designed to alert parents of potential long- and short-term brain impairment; raise awareness of the increased risk of alcohol dependence with early alcohol use; provide proven skills to empower parents; and empower counties, cities and towns to support underage drinking prevention in their local communities.

Did you know? Research shows...

- Addiction begins (and can be prevented) in adolescence. A child who gets through age 21 without smoking, abusing alcohol or using illegal drugs is virtually certain never to do so.
- Parental disapproval of underage drinking is the #1 reason youth choose not to drink alcohol.
- Alcohol kills more young people than all other illegal drugs combined.
- 40% of kids who begin drinking before age 15 will become alcohol dependent.

Our commitment:

The Utah DABC pursues the goal of a healthy and safe society in which alcohol is sold to adults only and is consumed in moderation. Through sound policies, restricting alcohol access to minors, and ensuring the observance of the alcoholic beverage control laws, we're working to do our part to promote the health, safety and well-being of all those in our community.

Eliminaling underage Drinking in utah
