

11-39-102 Requirement for plans and specifications and cost estimate.

Each local entity intending to undertake a building improvement or public works project paid for by the local entity shall cause:

- (1) plans and specifications to be made for the building improvement or public works project; and
- (2) an estimate of the cost of the building improvement or public works project to be made.

Enacted by Chapter 259, 2003 General Session
