

**26-21a-204 Mammogram provider certification.**

- (1) A mammogram may only be performed in a facility the department certifies as meeting:
  - (a) the qualifications and standards under Section 26-21a-203; and
  - (b) the registration, licensing, and inspection requirements for radiation sources under Section 19-3-104.
- (2) Facilities desiring to perform mammograms shall request certification as a mammogram provider by the department under procedures established by department rule.

Amended by Chapter 286, 2001 General Session
