

Effective 5/3/2023

26B-2-230 Prohibition on certain age-based physician testing.

A health care facility may not require for purposes of employment, privileges, or reimbursement, that a physician, as defined in Section 58-67-102, take a cognitive test when the physician reaches a specified age, unless the test reflects the standards described in Subsections 58-67-302(5)(b)(i) through (x).

Renumbered and Amended by Chapter 305, 2023 General Session
