  - (ii) has not been altered or forged.
- (2) An employee may not:
  - (a) remove, displace, damage, destroy, or carry away any safety device or safeguard provided for use in any employment or place of employment;
  - (b) interfere in any way with the use of a safety device or safeguard described in Subsection (2) (a) by any other person;

    - (i) to use safety devices when provided by the employer; or
    - (ii) to obey any order or reasonable rule adopted by the employer for the safety of the employee; and
  - (b) except when the employer permitted, encouraged, or had actual knowledge of the conduct described in Subsection (4):
    - (i) disability compensation may not be awarded under this chapter or Chapter 3, Utah Occupational Disease Act, to an employee when the major contributing cause of the employee's injury is the employee's conduct described in Subsection (4); or
    - (ii) disability compensation to an employee under this chapter or Chapter 3, Utah Occupational Disease Act, shall be reduced by 15% when the employee's conduct is a contributing cause of the employee's injury but not the major contributing cause.
- (4) The conduct described in Subsection (3)(b) is the employee's:
  - (a) knowing use of a controlled substance that the employee did not obtain under a valid prescription;
  - (b) intentional abuse of a controlled substance that the employee obtained under a valid prescription if the employee uses the controlled substance intentionally:
    - (i) in excess of prescribed therapeutic amounts; or

- (5)
  - (a) For purposes of Subsections (3) and (4), as shown by a chemical test that conforms to scientifically accepted analytical methods and procedures and includes verification or confirmation of any positive test result by gas chromatography, gas chromatography-mass spectroscopy, or other comparably reliable analytical method, before the result of the test may be used as a basis for the presumption, it is presumed that the major contributing cause of the employee's injury is the employee's conduct described in Subsection (4) if at the time of the injury:
    - (i) the employee has in the employee's system:

- (A) any amount of a controlled substance or its metabolites if the employee did not obtain the controlled substance under a valid prescription; or
- (B) a controlled substance the employee obtained under a valid prescription or the metabolites of the controlled substance if the amount in the employee's system is consistent with the employee using the controlled substance intentionally:
  - (I) in excess of prescribed therapeutic amounts; or
  - (II) in an otherwise abusive manner; or
- (ii) the employee has a blood or breath alcohol concentration of .05 grams or greater.
- (b) The presumption created under Subsection (5)(a) may be rebutted by a preponderance of the evidence showing that:
  - (i) the chemical test creating the presumption is inaccurate because the employer failed to comply with:
    - (A) Sections 34-38-4 through 34-38-6; or
    - (B) if the employer is a local governmental entity or state institution of higher education, Section 34-41-104, Subsection 34-41-103(7), or, if applicable, Subsection 34-41-103(6);
  - (ii) the employee did not engage in the conduct described in Subsection (4);
  - (iii) the test results do not exclude the possibility of passive inhalation of marijuana because the concentration of total urinary cannabinoids is less than 50 nanograms/ml as determined by a test conducted in accordance with:
    - (A) Sections 34-38-4 through 34-38-6; or
    - (B) if the employer is a local governmental entity or state institution of higher education, Section 34-41-104, Subsection 34-41-103(7), or, if applicable, Subsection 34-41-103(6);
  - (iv) a competent medical opinion from a physician verifies that the amount of controlled substances, metabolites, or alcohol in the employee's system does not support a finding that the conduct described in Subsection (4) was the major contributing cause of the employee's injury or a contributing cause of the employee's injury; or
  - (v)
    - (A) the conduct described in Subsection (4) was not a contributing cause of the employee's injury; or
    - (B) the employee's mental and physical condition were not impaired at the time of the injury.
- (c)
  - (i) Except as provided in Subsections (5)(c)(ii) and (iii), if a chemical test that creates the presumption under Subsection (5)(a) is taken at the request of the employer, the employer shall comply with:
    - (A) Title 34, Chapter 38, Drug and Alcohol Testing; or
    - (B) if the employee is a local governmental employee or an employee of a state institution of higher education, Title 34, Chapter 41, Local Governmental Entity Drug-Free Workplace Policies.
  - (ii) Notwithstanding Section 34-38-13, the results of a test taken under Title 34, Chapter 38, Drug and Alcohol Testing, may be disclosed to the extent necessary to establish or rebut the presumption created under Subsection (5)(a).
  - (iii) Notwithstanding Section 34-41-103, the results of a test taken under Title 34, Chapter 41, Local Governmental Entity Drug-Free Workplace Policies, may be disclosed to the extent necessary to establish or rebut the presumption created under Subsection (5)(a).
- (6)
  - (a) A test sample taken pursuant to this section shall be taken as a split sample.
  - (b) One part of the sample is to be used by the employer for testing pursuant to Subsection (5)
    - (a):

- (i) at a testing facility selected by the employer; and
  - (ii) at the employer's or the employer's workers' compensation carrier's expense.
- (c) The testing facility selected under Subsection (6)(b) shall hold the part of the sample not used under Subsection (6)(b) until the sooner of:
- (i) six months from the date of the original test; or
  - (ii) when the employee requests that the sample be tested.
- (d) The employee has only six months from the date of the original test to have the remaining sample tested:
- (i) at the employee's expense; and
  - (ii) at the testing facility selected by the employee, except that the test shall meet the requirements of Subsection (5)(a).
- (7) If any provision of this section, or the application of any provision of this section to any person or circumstance, is held invalid, the remainder of this section shall be given effect without the invalid provision or application.

  - (g)
    - (i) if at the time of the injury the wages are fixed by the output of the employee, the average weekly wage shall be the wage most favorable to the employee computed by dividing by 13 the wages, not including overtime or premium pay, of the employee earned through that employer in the first, second, third, or fourth period of 13 consecutive calendar weeks in the 52 weeks immediately preceding the injury; or
    - (ii) if the employee has been employed by that employer less than 13 calendar weeks immediately preceding the injury, the employee's average weekly wage shall be computed as under Subsection (1)(g)(i), presuming the wages, not including overtime or premium pay, to be the amount the employee would have earned had the employee been so employed for the full 13 calendar weeks immediately preceding the injury and had worked, when work was available to other employees, in a similar occupation.
- (2) If none of the methods in Subsection (1) will fairly determine the average weekly wage in a particular case, the commission shall use such other method as will, based on the facts presented, fairly determine the employee's average weekly wage.

- (3) When the average weekly wage of the injured employee at the time of the injury is determined in accordance with this section, it shall be taken as the basis upon which to compute the weekly compensation rate. After the weekly compensation is computed, it shall be rounded to the nearest dollar.
- (4) If it is established that the injured employee was of such age and experience when injured that under natural conditions the employee's wages would be expected to increase, that fact may be considered in arriving at the employee's average weekly wage.

- (1)
  - (a) In the case of a permanent total disability resulting from an industrial accident or occupational disease, the employee shall receive compensation as outlined in this section.
  - (b) To establish entitlement to permanent total disability compensation, the employee shall prove by a preponderance of evidence that:
    - (i) the employee sustained a significant impairment or combination of impairments as a result of the industrial accident or occupational disease that gives rise to the permanent total disability entitlement;
    - (ii) the employee has a permanent, total disability; and
    - (iii) the industrial accident or occupational disease is the direct cause of the employee's permanent total disability.
  - (c) To establish that an employee has a permanent, total disability the employee shall prove by a preponderance of the evidence that:
    - (i) the employee is not gainfully employed;
    - (ii) the employee has an impairment or combination of impairments that reasonably limit the employee's ability to do basic work activities;
    - (iii) the industrial or occupationally caused impairment or combination of impairments prevent the employee from performing the essential functions of the work activities for which the employee has been qualified until the time of the industrial accident or occupational disease that is the basis for the employee's permanent total disability claim; and
    - (iv) the employee cannot perform other work reasonably available, taking into consideration the employee's:
      - (A) age;
      - (B) education;
      - (C) past work experience;

- (D) medical capacity; and
  - (E) residual functional capacity.
- (d) Evidence of an employee's entitlement to disability benefits other than those provided under this chapter and Chapter 3, Utah Occupational Disease Act, if relevant:
- (i) may be presented to the commission;
  - (ii) is not binding; and
  - (iii) creates no presumption of an entitlement under this chapter and Chapter 3, Utah Occupational Disease Act.
- (e) In determining under Subsections (1)(b) and (c) whether an employee cannot perform other work reasonably available, the following may not be considered:
- (i) whether the employee is incarcerated in a facility operated by or contracting with a federal, state, county, or municipal government to house a criminal offender in either a secure or nonsecure setting; or
  - (ii) whether the employee is not legally eligible to be employed because of a reason unrelated to the impairment or combination of impairments.
- (2) For permanent total disability compensation during the initial 312-week entitlement, compensation is 66-2/3% of the employee's average weekly wage at the time of the injury, limited as follows:
- (a) compensation per week may not be more than 85% of the state average weekly wage at the time of the injury;
  - (b)
    - (i) subject to Subsection (2)(b)(ii), compensation per week may not be less than the sum of \$45 per week and:

      - (B) the average weekly wage of the employee at the time of the injury; and
  - (c) after the initial 312 weeks, the minimum weekly compensation rate under Subsection (2)(b) is 36% of the current state average weekly wage, rounded to the nearest dollar.
- (3) This Subsection (3) applies to claims resulting from an accident or disease arising out of and in the course of the employee's employment on or before June 30, 1994.
- (a) The employer or the employer's insurance carrier is liable for the initial 312 weeks of permanent total disability compensation except as outlined in Section 34A-2-703 as in effect on the date of injury.
  - (b) The employer or the employer's insurance carrier may not be required to pay compensation for any combination of disabilities of any kind, as provided in this section and Sections 34A-2-410 through 34A-2-412 and Part 5, Industrial Noise, in excess of the amount of compensation payable over the initial 312 weeks at the applicable permanent total disability compensation rate under Subsection (2).
  - (c) The Employers' Reinsurance Fund shall for an overpayment of compensation described in Subsection (3)(b), reimburse the overpayment:
    - (i) to the employer or the employer's insurance carrier; and
    - (ii) out of the Employers' Reinsurance Fund's liability to the employee.
  - (d) After an employee receives compensation from the employee's employer, the employer's insurance carrier, or the Employers' Reinsurance Fund for any combination of disabilities amounting to 312 weeks of compensation at the applicable permanent total disability

compensation rate, the Employers' Reinsurance Fund shall pay all remaining permanent total disability compensation.

- (e) Employers' Reinsurance Fund payments shall commence immediately after the employer or the employer's insurance carrier satisfies its liability under this Subsection (3) or Section 34A-2-703.
- (4) This Subsection (4) applies to claims resulting from an accident or disease arising out of and in the course of the employee's employment on or after July 1, 1994.

  - (c) The employer or the employer's insurance carrier may recoup the overpayment of compensation described in Subsection (4) by reasonably offsetting the overpayment against future liability paid before or after the initial 312 weeks.
- (5)
  - (a) A finding by the commission of permanent total disability is not final, unless otherwise agreed to by the parties, until:
    - (i) an administrative law judge reviews a summary of reemployment activities undertaken pursuant to Section 34A-2-413.5;
    - (ii) the employer or the employer's insurance carrier submits to the administrative law judge:
      - (A) a reemployment plan as prepared by a qualified rehabilitation provider reasonably designed to return the employee to gainful employment; or
      - (B) notice that the employer or the employer's insurance carrier will not submit a plan; and
    - (iii) the administrative law judge, after notice to the parties, holds a hearing, unless otherwise stipulated, to:
      - (A) consider evidence regarding rehabilitation; and
      - (B) review any reemployment plan submitted by the employer or the employer's insurance carrier under Subsection (5)(a)(ii).
  - (b) Before commencing the procedure required by Subsection (5)(a), the administrative law judge shall order:
    - (i) the initiation of permanent total disability compensation payments to provide for the employee's subsistence; and
    - (ii) the payment of any undisputed disability or medical benefits due the employee.
  - (c) Notwithstanding Subsection (5)(a), an order for payment of benefits described in Subsection (5)(b) is considered a final order for purposes of Section 34A-2-212.
  - (d) The employer or the employer's insurance carrier shall be given credit for any disability payments made under Subsection (5)(b) against its ultimate disability compensation liability under this chapter or Chapter 3, Utah Occupational Disease Act.
  - (e) An employer or the employer's insurance carrier may not be ordered to submit a reemployment plan. If the employer or the employer's insurance carrier voluntarily submits a plan, the plan is subject to Subsections (5)(e)(i) through (iii).
    - (i) The plan may include, but not require an employee to pay for:
      - (A) retraining;
      - (B) education;
      - (C) medical and disability compensation benefits;

- (D) job placement services; or
- (E) incentives calculated to facilitate reemployment.
- (ii) The plan shall include payment of reasonable disability compensation to provide for the employee's subsistence during the rehabilitation process.
- (iii) The employer or the employer's insurance carrier shall diligently pursue the reemployment plan. The employer's or insurance carrier's failure to diligently pursue the reemployment plan is cause for the administrative law judge on the administrative law judge's own motion to make a final decision of permanent total disability.
- (f) If a preponderance of the evidence shows that successful rehabilitation is not possible, the administrative law judge shall order that the employee be paid weekly permanent total disability compensation benefits.
- (g) If a preponderance of the evidence shows that pursuant to a reemployment plan, as prepared by a qualified rehabilitation provider and presented under Subsection (5)(e), an employee could immediately or without unreasonable delay return to work but for the following, an administrative law judge shall order that the employee be denied the payment of weekly permanent total disability compensation benefits:
  - (i) incarceration in a facility operated by or contracting with a federal, state, county, or municipal government to house a criminal offender in either a secure or nonsecure setting; or
  - (ii) not being legally eligible to be employed because of a reason unrelated to the impairment or combination of impairments.

    - (i) with the death of the employee; or
    - (ii) when the employee is capable of returning to regular, steady work.
  - (b) An employer or the employer's insurance carrier may provide or locate for a permanently totally disabled employee reasonable, medically appropriate, part-time work in a job earning at least minimum wage, except that the employee may not be required to accept the work to the extent that it would disqualify the employee from social security disability benefits.
  - (c) An employee shall:
    - (i) fully cooperate in the placement and employment process; and
    - (ii) accept the reasonable, medically appropriate, part-time work.
  - (d) In a consecutive four-week period when an employee's gross income from the work provided under Subsection (6)(b) exceeds \$500, the employer or insurance carrier may reduce the employee's permanent total disability compensation by 50% of the employee's income in excess of \$500.
  - (e) If a work opportunity is not provided by the employer or the employer's insurance carrier, an employee with a permanent, total disability may obtain medically appropriate, part-time work subject to the offset provisions of Subsection (6)(d).
  - (f)
    - (i) The commission shall establish rules regarding the part-time work and offset.
    - (ii) The adjudication of disputes arising under this Subsection (6) is governed by Part 8, Adjudication.
  - (g) The employer or the employer's insurance carrier has the burden of proof to show that medically appropriate part-time work is available.
  - (h) The administrative law judge may:
    - (i) excuse an employee from participation in any work:

- (A) that would require the employee to undertake work exceeding the employee's:
  - (I) medical capacity; or
  - (II) residual functional capacity; or
- (B) for good cause; or
- (ii) allow the employer or the employer's insurance carrier to reduce permanent total disability benefits as provided in Subsection (6)(d) when reasonable, medically appropriate, part-time work is offered, but the employee fails to fully cooperate.
- (7) When an employee is rehabilitated or the employee's rehabilitation is possible but the employee has some loss of bodily function, the award shall be for permanent partial disability.
- (8) As determined by an administrative law judge, an employee is not entitled to disability compensation, unless the employee fully cooperates with any evaluation or reemployment plan under this chapter or Chapter 3, Utah Occupational Disease Act. The administrative law judge shall dismiss without prejudice the claim for benefits of an employee if the administrative law judge finds that the employee fails to fully cooperate, unless the administrative law judge states specific findings on the record justifying dismissal with prejudice.
- (9)
  - (a) The loss or permanent and complete loss of the use of the following constitutes total and permanent disability that is compensated according to this section:
    - (i) both hands;
    - (ii) both arms;
    - (iii) both feet;
    - (iv) both legs;
    - (v) both eyes; or
    - (vi) any combination of two body members described in this Subsection (9)(a).
  - (b) A finding of permanent total disability pursuant to Subsection (9)(a) is final.
- (10)
  - (a) An insurer or self-insured employer may periodically reexamine a permanent total disability claim, except those based on Subsection (9), for which the insurer or self-insured employer had or has payment responsibility to determine whether the employee continues to have a permanent, total disability.
  - (b) Reexamination may be conducted no more than once every three years after an award is final, unless good cause is shown by the employer or the employer's insurance carrier to allow more frequent reexaminations.
  - (c) The reexamination may include:
    - (i) the review of medical records;
    - (ii) employee submission to one or more reasonable medical evaluations;
    - (iii) employee submission to one or more reasonable rehabilitation evaluations and retraining efforts;
    - (iv) employee disclosure of Federal Income Tax Returns;
    - (v) employee certification of compliance with Section 34A-2-110; and
    - (vi) employee completion of one or more sworn affidavits or questionnaires approved by the division.

- (a) the termination of employment of an individual who, with or without reasonable accommodation, is physically, mentally, or emotionally unable to perform the duties required by that individual's employment;
  - (b) the variance of insurance premiums or coverage on account of age; or
  - (c) a restriction on the activities of a person licensed in accordance with Title 32B, Alcoholic Beverage Control Act, with respect to an individual who is under 21 years of age.
- (3)

    - (ii) for a school, college, university, or other educational institution to hire and employ an employee of a particular religion if:
      - (A) the school, college, university, or other educational institution is, in whole or in substantial part, owned, supported, controlled, or managed by a particular religious corporation, association, or society; or

  - (c) Nothing in this chapter may be interpreted to require an employer, employment agency, labor organization, vocational school, joint labor-management committee, or apprenticeship program subject to this chapter to grant preferential treatment to an individual or to a group because of the race, color, religion, sex, age, national origin, disability, sexual orientation, or gender identity of the individual or group on account of an imbalance that may exist with respect to the total number or percentage of persons of a race, color, religion, sex, age,

national origin, disability, sexual orientation, or gender identity employed by an employer, referred or classified for employment by an employment agency or labor organization, admitted to membership or classified by a labor organization, or admitted to or employed in, any apprenticeship or other training program, in comparison with the total number or percentage of persons of that race, color, religion, sex, age, national origin, disability, sexual orientation, or gender identity in any community or county or in the available work force in any community or county.

- (4) It is not a discriminatory or prohibited practice with respect to age to observe the terms of a bona fide seniority system or any bona fide employment benefit plan such as a retirement, pension, or insurance plan that is not a subterfuge to evade the purposes of this chapter, except that an employee benefit plan may not excuse the failure to hire an individual.
- (5) Notwithstanding Subsection (4), or another statute to the contrary, a person may not be subject to involuntary termination or retirement from employment on the basis of age alone, if the individual is 40 years of age or older, except:
- (a) under Subsection (6); and
  - (b) when age is a bona fide occupational qualification.

  - (e) An employer shall include in an employee handbook, or post in a conspicuous place in the employer's place of business, written notice concerning an employee's rights to reasonable accommodations for pregnancy, childbirth, breastfeeding, or related conditions.

- (1)
- (a) The division, as soon as practicable, shall issue as standards any national consensus standard, any adopted federal standard, or any adopted Utah standard, unless it determines that issuance of the standard would not result in improved safety or health.
  - (b) All codes, standards, and rules adopted under Subsection (1)(a) shall take effect 30 days after publication unless otherwise specified.
  - (c) If any conflict exists between standards, the division shall issue the standard that assures the greatest protection of safety or health for affected employees.
- (2) The division may issue, modify, or revoke any standard as follows:
- (a) The division shall publish a proposed rule issuing, modifying, or revoking an occupational safety or health standard and shall afford interested parties an opportunity to submit written data or comments as prescribed by Title 63G, Chapter 3, Utah Administrative Rulemaking Act. When the administrator determines that a rule should be issued, the division shall publish the proposed rule after the expiration of the period prescribed by the administrator for submission.
  - (b) The administrator, in issuing standards for toxic materials or harmful physical agents under this subsection, shall set the standard which most adequately assures, to the extent feasible, on the basis of the best available evidence, that no employee will suffer material impairment of health or functional capacity even if the employee has regular exposure to the hazard during an employee's working life. Development of standards under this subsection shall be based upon research, demonstrations, experiments, and other information deemed appropriate. In addition to the attainment of the highest degree of health and safety protection for the employee, other considerations shall be the latest available scientific data in the field, the feasibility of the standards, and experience under this and other health and safety laws. Whenever practicable, the standard shall be expressed in terms of objective criteria and of the performance desired.
  - (c)
    - (i) Any employer may apply to the administrator for a temporary order granting a variance from a standard issued under this section. Temporary orders shall be granted only if the employer:
      - (A) files an application which meets the requirements of Subsection (2)(c)(iv);
      - (B) establishes that the employer is unable to comply with a standard by its effective date because of unavailability of professional or technical personnel or of materials and equipment needed for compliance with the standard or because necessary construction or alteration of facilities cannot be completed by the effective date;
      - (C) establishes that the employer is taking all available steps to safeguard the employer's employees against hazards; and

- (D) establishes that the employer has an effective program for compliance as quickly as practicable.
  - (ii) Any temporary order shall prescribe the practices, means, methods, operations, and processes which the employer shall adopt and use while the order is in effect and state in detail the employer's program for compliance with the standard. A temporary order may be granted only after notice to employees and an opportunity for a public hearing; provided, that the administrator may issue one interim order effective until a decision is made after public hearing.
  - (iii) A temporary order may not be in effect longer than the period reasonably required by the employer to achieve compliance. In no case shall the period of a temporary order exceed one year.
  - (iv) An application for a temporary order under Subsection (2)(c) shall contain:
    - (A) a specification of the standard or part from which the employer seeks a variance;
    - (B) a representation by the employer, supported by representations from qualified persons having first-hand knowledge of the facts represented, that the employer is unable to comply with the standard or some part of the standard;
    - (C) a detailed statement of the reasons the employer is unable to comply;
    - (D) a statement of the measures taken and anticipated with specific dates, to protect employees against the hazard;
    - (E) a statement of when the employer expects to comply with the standard and what measures the employer has taken and those anticipated, giving specific dates for compliance; and
    - (F) a certification that the employer has informed the employer's employees of the application by:
      - (I) giving a copy to their authorized representative;
      - (II) posting a statement giving a summary of the application and specifying where a copy may be examined at the place or places where notices to employees are normally posted; and
      - (III) by other appropriate means.
  - (v) The certification required under Subsection (2)(c)(iv) shall contain a description of how employees have been informed.
  - (vi) The information to employees required under Subsection (2)(c)(v) shall inform the employees of their right to petition the division for a hearing.
  - (vii) The administrator is authorized to grant a variance from any standard or some part of the standard when the administrator determines that it is necessary to permit an employer to participate in a research and development project approved by the administrator to demonstrate or validate new and improved techniques to safeguard the health or safety of workers.
- (d)
- (i) Any standard issued under this subsection shall prescribe the use of labels or other forms of warning necessary to ensure that employees are apprised of all hazards, relevant symptoms and emergency treatment, and proper conditions and precautions of safe use or exposure. When appropriate, a standard shall prescribe suitable protective equipment and control or technological procedures for use in connection with such hazards and provide for monitoring or measuring employee exposure at such locations and intervals, and in a manner necessary for the protection of employees. In addition, any such standard shall prescribe the type and frequency of medical examinations or other tests which shall be made available by the employer, or at the employer's cost, to employees exposed to

hazards in order to most effectively determine whether the health of employees is adversely affected by exposure. If medical examinations are in the nature of research as determined by the division, the examinations may be furnished at division expense. The results of such examinations or tests shall be furnished only to the division; and, at the request of the employee, to the employee's physician.

- (ii) The administrator may by rule make appropriate modifications in requirements for the use of labels or other forms of warning, monitoring or measuring, and medical examinations warranted by experience, information, or medical or technological developments acquired subsequent to the promulgation of the relevant standard.
  - (e) Whenever a rule issued by the administrator differs substantially from an existing national consensus standard, the division shall publish a statement of the reasons why the rule as adopted will better effectuate the purposes of this chapter than the national consensus standard.
  - (f) Whenever a rule, standard, or national consensus standard is modified by the secretary so as to make less restrictive the federal Williams-Steiger Occupational Safety and Health Act of 1970, the less restrictive modification shall be immediately applicable to this chapter and shall be immediately implemented by the division.
- (3)
- (a) The administrator shall provide an emergency temporary standard to take immediate effect upon publication if the administrator determines that:
    - (i) employees are exposed to grave danger from exposure to substances or agents determined to be toxic or physically harmful or from new hazards; and
    - (ii) that the standard is necessary to protect employees from danger.
  - (b) An emergency standard shall be effective until superseded by a standard issued in accordance with the procedures prescribed in Subsection (3)(c).
  - (c) Upon publication of an emergency standard the division shall commence a proceeding in accordance with Subsection (2) and the standard as published shall serve as a proposed rule for the proceedings. The division shall issue a standard under Subsection (3) no later than 120 days after publication of the emergency standard.
- (4)
- (a) Any affected employer may apply to the division for a rule or order for a variance from a standard issued under this section. Affected employees shall be given notice of each application and may participate in a hearing. The administrator shall issue a rule or order if the administrator determines on the record, after opportunity for an inspection where appropriate and a hearing, that the proponent of the variance has demonstrated by a preponderance of the evidence that the conditions, practices, means, methods, operations, or processes used or proposed to be used by an employer will provide employment and a workplace to the employer's employees that are as safe and healthful as those which would prevail if the employer complied with the standard.
  - (b) The rule or order issued under Subsection (4)(a) shall prescribe the conditions the employer must maintain, and the practices, means, methods, operations and processes that the employer must adopt and use to the extent they differ from the standard in question.
  - (c) A rule or order issued under Subsection (4)(a) may be modified or revoked upon application by an employer, employees, or by the administrator on its own motion, in the manner prescribed for its issuance under Subsection (4) at any time after six months from its issuance.
- (5) The administrator shall include a statement of reasons for the administrator's actions when the administrator:

- (a) issues any code, standard, rule, or order;
  - (b) grants any exemption or extension of time; or
  - (c) compromises, mitigates, or settles any penalty assessed under this chapter.
- (6) Any person adversely affected by a standard issued under this section, at any time prior to 60 days after a standard is issued, may file a petition challenging its validity with the district court having jurisdiction for judicial review. A copy of the petition shall be served upon the division by the petitioner. The filing of a petition may not, unless otherwise ordered by the court, operate as a stay of the standard. The determinations of the division shall be conclusive if supported by substantial evidence on the record as a whole.
- (7) In determining the priority for establishing standards under this section, the division shall give due regard to the urgency of the need for mandatory safety and health standards for particular industries, trades, crafts, occupations, businesses, workplaces or work environments. The administrator shall also give due regard to the recommendations of the Department of Health about the need for mandatory standards in determining the priority for establishing the standards.

- (a) The division, as soon as practicable, shall issue as standards any national consensus standard, any adopted federal standard, or any adopted Utah standard, unless it determines that issuance of the standard would not result in improved safety or health.
  - (b) All codes, standards, and rules adopted under Subsection (1)(a) shall take effect 30 days after publication unless otherwise specified.
  - (c) If any conflict exists between standards, the division shall issue the standard that assures the greatest protection of safety or health for affected employees.
- (2) The division may issue, modify, or revoke any standard as follows:
- (a) The division shall publish a proposed rule issuing, modifying, or revoking an occupational safety or health standard and shall afford interested parties an opportunity to submit written data or comments as prescribed by Title 63G, Chapter 3, Utah Administrative Rulemaking Act. When the administrator determines that a rule should be issued, the division shall publish the proposed rule after the expiration of the period prescribed by the administrator for submission.
  - (b) The administrator, in issuing standards for toxic materials or harmful physical agents under this subsection, shall set the standard which most adequately assures, to the extent feasible, on the basis of the best available evidence, that no employee will suffer material impairment of health or functional capacity even if the employee has regular exposure to the hazard during an employee's working life. Development of standards under this subsection shall be based upon research, demonstrations, experiments, and other information deemed appropriate. In addition to the attainment of the highest degree of health and safety protection for the employee, other considerations shall be the latest available scientific data in the field, the feasibility of the standards, and experience under this and other health and safety laws. Whenever practicable, the standard shall be expressed in terms of objective criteria and of the performance desired.

- (c)
- (i) Any employer may apply to the administrator for a temporary order granting a variance from a standard issued under this section. Temporary orders shall be granted only if the employer:
    - (A) files an application which meets the requirements of Subsection (2)(c)(iv);
    - (B) establishes that the employer is unable to comply with a standard by its effective date because of unavailability of professional or technical personnel or of materials and equipment needed for compliance with the standard or because necessary construction or alteration of facilities cannot be completed by the effective date;
    - (C) establishes that the employer is taking all available steps to safeguard the employer's employees against hazards; and
    - (D) establishes that the employer has an effective program for compliance as quickly as practicable.
  - (ii) Any temporary order shall prescribe the practices, means, methods, operations, and processes which the employer shall adopt and use while the order is in effect and state in detail the employer's program for compliance with the standard. A temporary order may be granted only after notice to employees and an opportunity for a public hearing; provided, that the administrator may issue one interim order effective until a decision is made after public hearing.
  - (iii) A temporary order may not be in effect longer than the period reasonably required by the employer to achieve compliance. In no case shall the period of a temporary order exceed one year.
  - (iv) An application for a temporary order under Subsection (2)(c) shall contain:
    - (A) a specification of the standard or part from which the employer seeks a variance;
    - (B) a representation by the employer, supported by representations from qualified persons having first-hand knowledge of the facts represented, that the employer is unable to comply with the standard or some part of the standard;
    - (C) a detailed statement of the reasons the employer is unable to comply;
    - (D) a statement of the measures taken and anticipated with specific dates, to protect employees against the hazard;
    - (E) a statement of when the employer expects to comply with the standard and what measures the employer has taken and those anticipated, giving specific dates for compliance; and
    - (F) a certification that the employer has informed the employer's employees of the application by:
      - (I) giving a copy to their authorized representative;
      - (II) posting a statement giving a summary of the application and specifying where a copy may be examined at the place or places where notices to employees are normally posted; and
      - (III) by other appropriate means.
  - (v) The certification required under Subsection (2)(c)(iv) shall contain a description of how employees have been informed.
  - (vi) The information to employees required under Subsection (2)(c)(v) shall inform the employees of their right to petition the division for a hearing.
  - (vii) The administrator is authorized to grant a variance from any standard or some part of the standard when the administrator determines that it is necessary to permit an employer to participate in a research and development project approved by the administrator to

demonstrate or validate new and improved techniques to safeguard the health or safety of workers.

(d)

- (i) Any standard issued under this subsection shall prescribe the use of labels or other forms of warning necessary to ensure that employees are apprised of all hazards, relevant symptoms and emergency treatment, and proper conditions and precautions of safe use or exposure. When appropriate, a standard shall prescribe suitable protective equipment and control or technological procedures for use in connection with such hazards and provide for monitoring or measuring employee exposure at such locations and intervals, and in a manner necessary for the protection of employees. In addition, any such standard shall prescribe the type and frequency of medical examinations or other tests which shall be made available by the employer, or at the employer's cost, to employees exposed to hazards in order to most effectively determine whether the health of employees is adversely affected by exposure. If medical examinations are in the nature of research as determined by the division, the examinations may be furnished at division expense. The results of such examinations or tests shall be furnished only to the division; and, at the request of the employee, to the employee's physician.
- (ii) The administrator may by rule make appropriate modifications in requirements for the use of labels or other forms of warning, monitoring or measuring, and medical examinations warranted by experience, information, or medical or technological developments acquired subsequent to the promulgation of the relevant standard.

(e) Whenever a rule issued by the administrator differs substantially from an existing national consensus standard, the division shall publish a statement of the reasons why the rule as adopted will better effectuate the purposes of this chapter than the national consensus standard.

(f) Whenever a rule, standard, or national consensus standard is modified by the secretary so as to make less restrictive the federal Williams-Steiger Occupational Safety and Health Act of 1970, the less restrictive modification shall be immediately applicable to this chapter and shall be immediately implemented by the division.

(3)

(a) The administrator shall provide an emergency temporary standard to take immediate effect upon publication if the administrator determines that:

- (i) employees are exposed to grave danger from exposure to substances or agents determined to be toxic or physically harmful or from new hazards; and
- (ii) that the standard is necessary to protect employees from danger.

(b) An emergency standard shall be effective until superseded by a standard issued in accordance with the procedures prescribed in this Subsection (3)(c).

(c) Upon publication of an emergency standard the division shall commence a proceeding in accordance with Subsection (2) and the standard as published shall serve as a proposed rule for the proceedings. The division shall issue a standard under Subsection (3) no later than 120 days after publication of the emergency standard.

(4)

(a) Any affected employer may apply to the division for a rule or order for a variance from a standard issued under this section. Affected employees shall be given notice of each application and may participate in a hearing. The administrator shall issue a rule or order if the administrator determines on the record, after opportunity for an inspection where appropriate and a hearing, that the proponent of the variance has demonstrated by a preponderance of the evidence that the conditions, practices, means, methods, operations,

or processes used or proposed to be used by an employer will provide employment and a workplace to the employer's employees that are as safe and healthful as those which would prevail if the employer complied with the standard.

- (b) The rule or order issued under Subsection (4)(a) shall prescribe the conditions the employer must maintain, and the practices, means, methods, operations and processes that the employer must adopt and use to the extent they differ from the standard in question.
  - (c) A rule or order issued under Subsection (4)(a) may be modified or revoked upon application by an employer, employees, or by the administrator on its own motion, in the manner prescribed for its issuance under this Subsection (4) at any time after six months from its issuance.
- (5) The administrator shall include a statement of reasons for the administrator's actions when the administrator:
- (a) issues any code, standard, rule, or order;
  - (b) grants any exemption or extension of time; or
  - (c) compromises, mitigates, or settles any penalty assessed under this chapter.
- (6) Any person adversely affected by a standard issued under this section, at any time prior to 60 days after a standard is issued, may file a petition challenging the standard's validity with a court with jurisdiction under Title 78A, Judiciary and Judicial Administration. A copy of the petition shall be served upon the division by the petitioner. The filing of a petition may not, unless otherwise ordered by the court, operate as a stay of the standard. The determinations of the division shall be conclusive if supported by substantial evidence on the record as a whole.
- (7) In determining the priority for establishing standards under this section, the division shall give due regard to the urgency of the need for mandatory safety and health standards for particular industries, trades, crafts, occupations, businesses, workplaces or work environments. The administrator shall also give due regard to the recommendations of the Department of Health and Human Services about the need for mandatory standards in determining the priority for establishing the standards.
