Chapter 8
Utah Mined Land Reclamation Act

40-8-1 Short title.
This act shall be known and may be cited as the "Utah Mined Land Reclamation Act."

Enacted by Chapter 130, 1975 General Session

40-8-2 Legislative findings.
The Utah Legislature finds that:
(1) A mining industry is essential to the economic and physical well-being of the state of Utah and the nation.
(2) It is necessary to alter the surface of the earth to extract minerals required by our society, but this should be done in such a way as to minimize undesirable effects on the surroundings.
(3) Mined land should be reclaimed so as to prevent conditions detrimental to the general safety and welfare of the citizens of the state and to provide for the subsequent use of the lands affected. Reclamation requirements must be adapted to the diversity of topographic, chemical, climatic, biologic, geologic, economic, and social conditions in the areas where mining takes place.

Enacted by Chapter 130, 1975 General Session

40-8-3 Purpose.
The purpose of this act is to provide that from the effective date of the act, except as otherwise provided in this act, all mining in the state shall include plans for reclamation of the land affected.

Enacted by Chapter 130, 1975 General Session

40-8-9 Evasion of chapter or orders -- Penalties -- Limitations of actions -- Violation of
chapter or permit conditions -- Inspection -- Cessation order, abatement notice, or show
cause order -- Suspension or revocation of permit -- Review -- Division enforcement
authority -- Appeal provisions.
(1) (a) A person, owner, or operator who willfully or knowingly evades this chapter, or who for the
    purpose of evading this chapter or any order issued under this chapter, willfully or knowingly
    makes or causes to be made any false entry in any report, record, account, or memorandum
    required by this chapter, or by the order, or who willfully or knowingly omits or causes to be
    omitted from a report, record, account, or memorandum, full, true, and correct entries as
    required by this chapter, or by the order, or who willfully or knowingly removes from this state
    or destroys, mutilates, alters, or falsifies any record, account, or memorandum, is guilty of a
    class B misdemeanor and, upon conviction, is subject to a fine of not more than $10,000 for
    each violation.
     (b) Each day of willful failure to comply with an emergency order is a separate violation.
(2) No suit, action, or other proceeding based upon a violation of this chapter, or any rule or
    order issued under this chapter, may be commenced or maintained unless the suit, action, or
    proceeding is commenced within five years from the date of the alleged violation.
(3) (a) If, on the basis of information available, the division has reason to believe that a person is
    in violation of a requirement of this chapter or a permit condition required by this chapter,
    the division shall immediately order inspection of the mining operation at which the alleged
    violation is occurring, unless the information available to the division is a result of a previous
    inspection of the mining operation.
     (b) (i) If, on the basis of an inspection, the division determines that a condition or practice exists,
        or that a permittee is in violation of a requirement of this chapter or a permit condition
        required by this chapter, and the condition, practice, or violation also creates an imminent
        danger to the health or safety of the public, or is causing, or can reasonably be expected to
        cause significant, imminent environmental harm to land, air, or water resources, the division
        shall immediately order a cessation of mining and operations or the portion relevant to the
        condition, practice, or violation.
(ii) The cessation order shall remain in effect until the division determines that the condition, practice, or violation has been abated, or until modified, vacated, or terminated by the division.

(iii) If the division finds that the ordered cessation of mining operations, or a portion of the operation, will not completely abate the imminent danger to the health or safety of the public or the significant imminent environmental harm to land, air, or water resources, the division shall, in addition to the cessation order, impose affirmative obligations on the operator requiring the operator to take whatever steps the division considers necessary to abate the imminent danger or the significant environmental harm.

(c)  
(i) If, on the basis of an inspection, the division determines that a permittee is in violation of a requirement of this chapter or a permit condition required by this chapter, but the violation does not create an imminent danger to the health or safety of the public or cannot be reasonably expected to cause significant, imminent environmental harm to land, air, or water resources, the division shall issue a notice to the permittee or the permittee's agent specifying a reasonable time, but not more than 90 days, for the abatement of the violation and providing an opportunity for a conference with the division.

(ii) If, upon expiration of the period of time as originally fixed or subsequently extended, for good cause shown, and upon the written finding of the division, the division finds that the violation has not been abated, it shall immediately order a cessation of mining operations or the portion of the mining operation relevant to the violation.

(iii) The cessation order shall remain in effect until the division determines that the violation has been abated or until modified, vacated, or terminated by the division pursuant to this Subsection (3).

(iv) In the order of cessation issued by the division under this Subsection (3), the division shall determine the steps necessary to abate the violation in the most expeditious manner possible and shall include the necessary measures in the order.

   (A) the nature of the violation and the remedial action required;
   (B) the period of time established for abatement; and
   (C) a reasonable description of the portion of the mining and reclamation operation to which the notice or order applies.

(ii) Each notice or order issued under this section shall be given promptly to the permittee or the permittee's agent by the division, and the notices and orders shall be in writing and shall be signed by the director, or the director's authorized representative who issues notices or orders.

(iii) A notice or order issued under this section may be modified, vacated, or terminated by the division, but any notice or order issued under this section which requires cessation of mining by the operator shall expire within 30 days of the actual notice to the operator, unless a conference is held with the division.

(4)  
(a) The division may request the attorney general to institute a civil action for relief, including a permanent or temporary injunction, restraining order, or any other appropriate order in a court with jurisdiction under Title 78A, Judiciary and Judicial Administration, if the permittee or the permittee's agent:

(i) violates or fails or refuses to comply with an order or decision issued by the division under this chapter;
(ii) interferes with, hinders, or delays the division, or its authorized representatives, in carrying out the provisions of this chapter;
(iii) refuses to admit the authorized representatives to the mine;
(iv) refuses to permit inspection of the mine by the authorized representative; or
(v) refuses to furnish any information or report requested by the division in furtherance of the provisions of this chapter.

(i) the mining and reclamation operation is located; or
(ii) the permittee of the operation has the permittee’s principal office.
(c)
(i) The court shall have jurisdiction to provide the appropriate relief.
(ii) Relief granted by the court to enforce an order under Subsection (4)(a)(i) shall continue in effect until the completion or final termination of all proceedings for review of that order under this chapter, unless, prior to this completion or termination, the court granting the relief sets it aside or modifies the order.
(5)
(a)
(i) A permittee issued a notice or order by the division, pursuant to the provisions of Subsections (3)(b) and (3)(c), or a person having an interest that may be adversely affected by the notice or order, may apply to the board for review of the notice or order within 30 days of receipt of the notice or order, or within 30 days of a modification, vacation, or termination of the notice or order.
(ii) Upon receipt of this application, the board shall pursue an investigation as it considers appropriate.
(iii) The investigation shall provide an opportunity for a public hearing at the request of the applicant or the person having an interest which is or may be adversely affected, to enable the applicant or that person to present information relating to the issuance and continuance of the notice or order of the modification, vacation, or termination of the notice or order.
(iv) The filing of an application for review under this Subsection (5)(a) shall not operate as a stay of an order or notice.
(b)
(i) The permittee and other interested persons shall be given written notice of the time and place of the hearing at least five days prior to the hearing.
(ii) This hearing shall be of record and shall be subject to judicial review.
(c)
(i) Pending completion of the investigation and hearing required by this section, the applicant may file with the board a written request that the board grant temporary relief from any notice or order issued under this section, with a detailed statement giving the reasons for granting this relief.
(ii) The board shall issue an order or decision granting or denying this relief expeditiously.
(d)
(i) Following the issuance of an order to show cause as to why a permit should not be suspended or revoked pursuant to this section, the board shall hold a public hearing, after giving written notice of the time, place, and date of the hearing.
(ii) The hearing shall be of record and shall be subject to judicial review.
(iii) Within 60 days following the public hearing, the board shall issue and furnish to the
permittee and all other parties to the hearing, a written decision, and the reasons for the
decision, regarding suspension or revocation of the permit.
(iv) If the board revokes the permit, the permittee shall immediately cease mining operations on
the permit area and shall complete reclamation within a period specified by the board, or the
board shall declare the performance bonds forfeited for the operation.
(e) An action taken by the board under this section, or any other provision of the state program,
is subject to judicial review by a court with jurisdiction under Title 78A, Judiciary and Judicial
Administration.
(6) A criminal proceeding for a violation of this chapter, or a regulation or order issued under this
chapter, shall be commenced within five years from the date of the alleged violation.

civil penalty shall be assessed.
(b) 
(i) The penalty may not exceed $5,000 for each violation.
(ii) Each day of a continuing violation may be considered to be a separate violation for purposes
of the penalty assessments.
(c) In determining the amount of the penalty, consideration shall be given to:
   (i) the permittee’s history of previous violations at the particular mining operation;
   (ii) the seriousness of the violation, including any irreparable harm to the environment and any
       hazard to the health or safety of the public;
   (iii) whether the permittee was negligent; and
   (iv) the demonstrated good faith of the permittee in attempting to achieve rapid compliance after
       notification of the violation.

(2) 
(a) Within 30 days after the issuance of a notice or order charging that a violation of this chapter
has occurred, the division shall inform the permittee of the proposed assessment.
(b) The person charged with the penalty shall then have 30 days to pay the proposed
assessment in full, or request an informal conference with the division.
(c) The informal conference held by the division may address either the amount of the proposed
assessment or the fact of the violation, or both.
(d) If the permittee who requested the informal conference and participated in the proceedings
is not in agreement with the results of the informal conference, the permittee may, within 30
days of receipt of the decision made by the division in the informal conference, request a
hearing before the board.
(e) 
   (i) Prior to any review of the proposed assessment or the fact of a violation by the board, and
within 30 days of receipt of the decision made by the division in the informal conference,
the permittee shall forward to the division the amount of the proposed assessment for placement in an escrow account.

(ii) If the permittee fails to forward the amount of the penalty to the division within 30 days of receipt of the results of the informal conference, the operator waives any opportunity for further review of the fact of the violation or to contest the amount of the civil penalty assessed for the violation.

(iii) If, through administrative or judicial review, it is determined that no violation occurred or that the amount of the penalty should be reduced, the division shall, within 30 days, remit the appropriate amount to the operator with interest accumulated.

(3)
(a) A civil penalty assessed by the division shall be final only after the person charged with a violation described under Subsection (1) has been given an opportunity for a public hearing.
(b) If a public hearing is held, the board shall make findings of fact and shall issue a written decision as to the occurrence of the violation and the amount of the penalty which is warranted, incorporating, when appropriate, an order requiring that the penalty be paid.
(c) When appropriate, the board shall consolidate the hearings with other proceedings under Section 40-8-9.
(d) A hearing under this section shall be of record and shall be conducted pursuant to board rules governing the proceedings.
(e) If the person charged with a violation does not attend the public hearing, a civil penalty shall be assessed by the division after the division:
   (i) has determined:
      (A) that a violation did occur; and
      (B) the amount of the penalty which is warranted; and
   (ii) has issued an order requiring that the penalty be paid.
(4) At the request of the board, the attorney general may bring a civil action in a court with jurisdiction under Title 78A, Judiciary and Judicial Administration, to recover a civil penalty owed under this chapter.
(5) Any person who willfully and knowingly violates a condition of a permit issued pursuant to this chapter or fails or refuses to comply with an order issued under Section 40-8-9, or any order incorporated in a final decision issued by the board under this chapter, except an order incorporated in a decision under Subsection (3), shall, upon conviction, be punished by a fine of not more than $10,000, or by imprisonment for not more than one year, or both.
(6) Whenever a corporate permittee violates a condition of a permit issued pursuant to this chapter or fails or refuses to comply with any order incorporated in a final decision issued by the board under this chapter, except an order incorporated in a decision issued under Subsection (3), a director, officer, or agent of the corporation who willfully and knowingly authorized, ordered, or carried out the violation, failure, or refusal shall be subject to the same civil penalties, fines, and imprisonment that may be imposed upon a person under Subsections (1) and (5).
(7) Any person who knowingly makes a false statement, representation, or certification, or knowingly fails to make a statement, representation, or certification in an application, record, report, plan, or other document filed or required to be maintained pursuant to this chapter or an order or decision issued by the board under this chapter shall, upon conviction, be punished by a fine of not more than $10,000, or by imprisonment for not more than one year, or both.
(8)
(a) An operator who fails to correct a violation for which a notice or cessation order has been issued under Subsection 40-8-9(3)(b) within the period permitted for a correction of the
violation shall be assessed a civil penalty of not less than $750 for each day during which the failure or violation continues.

(b) The period permitted for correction of a violation for which a notice of cessation order has been issued under Subsection 40-8-9(3)(b) may not end until:
   (i) the entry of a final order by the board, in a review proceeding initiated by the operator, in which the board orders, after an expedited hearing, the suspension of the abatement requirements of the citation after determining that the operator will suffer irreparable loss or damage from the application of those requirements; or
   (ii) the entry of an order of the court, a review proceeding initiated by the operator, in which the court orders the suspension of the abatement requirements of the citation.

(9) Money received by the state from civil penalties collected from actions resulting from this chapter shall be deposited into the division's Abandoned Mine Reclamation Fund as established under Section 40-10-25.1 and shall be used for the reclamation of mined land impacts not covered by reclamation bonds.
