

41-1a-1504 Effect of ownership transfer on ownership of data.

- (1) Event data on a motor vehicle event data recorder does not become the property of:
 - (a) an insurer solely because the insurer succeeds in ownership of a motor vehicle as a result of an accident; or
 - (b) a subsequent purchaser solely because the subsequent purchaser becomes the new owner of the motor vehicle.
- (2) An insurer or lessor of a motor vehicle may not require an owner to consent to the retrieval or use of the data on a motor vehicle event data recorder as a condition of providing the policy or lease.
