

Chapter 9

Higher Education for Senior Citizens

53B-9-101 Legislative findings on higher education for senior citizens -- Legislative intent -- Quarterly registration fee.

- (1) The Legislature finds that substantial benefits would accrue to the state, as well as those directly involved, through making higher education more accessible to senior citizens who generally find themselves with more time for learning but with less funds for such purposes.
- (2) It is intended that an institution of higher education allow Utah residents who have reached 62 years of age to enroll at the institution, in classes for which they may be qualified, on the basis of surplus space in regularly scheduled classes and in accordance with this chapter and implementing rules. These persons are exempt from tuition and other charges, except for a quarterly registration fee established by the board.

Enacted by Chapter 167, 1987 General Session

53B-9-102 Enrollment on space-available basis -- Enrollment reports.

- (1) Enrollment of senior citizens under this chapter is permissible after regularly enrolled students have been assigned and admitted to available classroom space in accordance with regular procedures and normal teaching loads in that space within the approved budget.
- (2) Enrollments are determined by each institution under rules and guidelines promulgated by the board in accordance with findings of fact that space is available for the enrollments without increased instructional cost.
- (3) Institutional enrollment reports shall show senior citizens separately, and they are not counted as full-time students.

Enacted by Chapter 167, 1987 General Session

53B-9-103 Rules.

The board may promulgate reasonable rules to carry out the purpose of this chapter.
