- (1)
 - (a) The Legislature acknowledges that education is perhaps the most important function of state and local governments, recognizing that the future success of our state and nation depend in large part upon the existence of a responsible and educated citizenry.
 - (b) The Legislature further acknowledges that the primary responsibility for the education of children within the state resides with their parents and that the role of state and local governments is to support and assist parents in fulfilling that responsibility.
- (2)
 - (a) The Legislature finds that:
 - (i) quality teaching is the basic building block of successful schools and, outside of home and family circumstances, the essential component of student achievement;
 - (ii) the high quality of teachers is absolutely essential to enhance student achievement and to assure educational excellence in each classroom in the state's public schools; and

- (iii) the implementation of a comprehensive continuum of data-driven strategies regarding recruitment, preservice, licensure, induction, professional development, and evaluation is essential if the state and its citizens expect every classroom to be staffed by a skilled, caring, and effective teacher.
- (b) In providing for the safe and effective performance of the function of educating Utah's children, the Legislature further finds it to be of critical importance that education, including instruction, administrative, and supervisory services, be recognized as a profession, and that those who are licensed or seek to become licensed and to serve as educators:
 - (i) meet high standards both as to qualifications and fitness for service as educators through quality recruitment and preservice programs designed to provide opportunities to demonstrate competency in a school classroom setting;
 - (ii) maintain those standards in the performance of their duties while holding licenses, in large part through participating in induction and ongoing professional development programs focused on instructional improvement;
 - (iii) receive fair, systematic evaluations of their performance at school for the purpose of enhancing the quality of public education and student achievement; and
 - (iv) have access to a process for fair examination and review of allegations made against them and for the administration of appropriate sanctions against those found, in accordance with due process, to have failed to conduct themselves in a manner commensurate with their authority and responsibility to provide appropriate professional services to the children of the state.

- (2) The commission shall promulgate reasonable rules to achieve the intent and purpose of this interstate compact. In the event the commission exercises its rulemaking authority in a manner that is beyond purpose and intent of this interstate compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect of law in the member states.
- (3) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

- (1)
 - (a) The executive and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact shall have standing as statutory law.
 - (b) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to

the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

- (c) All courts and all administrative agencies shall take judicial notice of the compact, the rules of the commission, and any information provided to a member state pursuant thereto in any judicial or quasijudicial proceeding in a member state pertaining to the subject matter of this compact, or which may affect the powers, responsibilities, or actions of the commission.
 - (d) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact, or promulgated rules.
- (2)
- (a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:
 - (i) provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission; and
 - (ii) provide remedial training and specific technical assistance regarding the default.
- (3) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners of the member states, and all rights, privileges and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
 - (4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the state licensing authority and each of the member states.
 - (5) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
 - (6) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.
 - (7) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

 - (b) A charter member state whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 53E-6-1109.
 - (c) Member states enacting the compact subsequent to the charter member states shall be subject to the process set forth in Subsection 53E-6-1106(3)(t) to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.

- (4)
 - (a) Any member state may withdraw from this compact by enacting a statute repealing the same.
 - (b) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.
 - (c) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.
- (5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.
