

Effective 5/10/2016

54-15-108 Damages and fines for connecting a customer generation system to more than one customer.

If an independent energy producer that is supplying energy to a customer described in Subsection 54-2-201(3)(a) violates the limitation described in Subsection 54-2-201(3)(b)(i), the commission may:

- (1) award damages to an electrical corporation for actual and consequential damages to the electrical corporation; and
- (2) assess a fine against the independent energy producer or person responsible for the violation.
