

54-18-302 Public workshops.

After a public utility files the notice of intent in accordance with Subsection 54-18-301(3) and before it files a land use application, the public utility shall:

- (1) conduct informal public workshops at locations along the proposed corridor to provide information about:
 - (a) the high voltage power line; and
 - (b) the process for obtaining a land use permit; and
- (2) provide notice of the public workshops at least 14 days before a public workshop to:
 - (a) a newspaper of general circulation in the target study area;
 - (b) radio stations in the target study area; and
 - (c) an affected entity.

Enacted by Chapter 316, 2009 General Session
