

**Effective 5/10/2016**

**54-20-105 Innovative utility programs.**

- (1) The commission may authorize, subject to funding available under Subsection 54-7-12.8(6)(b) (ii)(B), a large-scale electric utility to implement programs that the commission determines are in the interest of large-scale electric utility customers to provide for the investigation, analysis, and implementation of:
  - (a) an economic development incentive rate;
  - (b) a solar generation incentive;
  - (c) a battery storage or electric grid related project;
  - (d) a commercial line extension pilot program;
  - (e) a program to curtail emissions from thermal generation plant in the Salt Lake non-attainment area during a non-attainment event as defined by the Division of Air Quality;
  - (f) an additional electric vehicle incentive program incremental to the program described in Section 54-20-103;
  - (g) an additional clean coal program incremental to the program described in Section 54-20-104; and
  - (h) any other technology program.
- (2) The commission may review the expenditures made by a large-scale electric utility for a program described in Subsection (1) in order to determine if the large-scale electric utility made the expenditures prudently in accordance with the purposes of the program.
- (3) The commission may authorize and establish funding for a conservation, efficiency, or new technology program in addition to the programs described in this chapter if the conservation, efficiency, or new technology program is cost-effective and in the public interest.
