A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

##### B. Default, Technical Assistance, and Termination

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

- a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and
- b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's Legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

#### C. Dispute Resolution

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

### SECTION 11. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of administrative rule on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

#### SECTION 12. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any party state, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

- (1)
- (a) As used in this section, "licensed" or "license" includes certified or certification under this chapter.
  - (b) A term or condition applied to the word "nurse" under this section applies to a medication aide certified.
- (2) Grounds for refusal to issue a license to an applicant, for refusal to renew the license of a licensee, to revoke, suspend, restrict, or place on probation the license of a licensee, to issue a public or private reprimand to a licensee, and to issue cease and desist orders shall be in accordance with Section 58-1-401.
- (3)
- (a)
    - (i) Subject to Subsection (7), if a court of competent jurisdiction determines a nurse is incapacitated as defined in Section 75-1-201 or that the nurse has a mental illness, as defined in Section 26B-5-301, and is unable to safely engage in the practice of nursing, the director shall immediately suspend the license of the nurse upon the entry of the judgment of the court, without further proceedings under Title 63G, Chapter 4, Administrative Procedures Act, regardless of whether an appeal from the court's ruling is pending.
    - (ii) The director shall promptly notify the nurse in writing of a suspension under Subsection (3)(a)(i).
  - (b)
    - (i) Subject to Subsection (7), if the division and the majority of the board find reasonable cause to believe a nurse who is not determined judicially to be an incapacitated person or to have a mental illness, is incapable of practicing nursing with reasonable skill regarding the safety of patients, because of illness, excessive use of drugs or alcohol, or as a result of any mental or physical condition, the board shall recommend that the director file a petition with the division, and cause the petition to be served upon the nurse with a notice of hearing on the sole issue of the capacity of the nurse to competently, safely engage in the practice of nursing.
    - (ii) Except as provided in Subsection (4), the hearing described in Subsection (3)(b)(i) shall be conducted under Section 58-1-109 and Title 63G, Chapter 4, Administrative Procedures Act.
- (4)
- (a) Every nurse who accepts the privilege of being licensed under this chapter gives consent to:
    - (i) submitting to an immediate mental or physical examination, at the nurse's expense and by a division-approved practitioner selected by the nurse when directed in writing by the division and a majority of the board to do so; and
    - (ii) the admissibility of the reports of the examining practitioner's testimony or examination, and waives all objections on the ground the reports constitute a privileged communication.
  - (b) The examination may be ordered by the division, with the consent of a majority of the board, only upon a finding of reasonable cause to believe:
    - (i) the nurse has a mental illness, is incapacitated, or otherwise unable to practice nursing with reasonable skill and safety; and

- (ii) immediate action by the division and the board is necessary to prevent harm to the nurse's patients or the general public.
- (c)
  - (i) Failure of a nurse to submit to the examination ordered under this section is a ground for the division's immediate suspension of the nurse's license by written order of the director.
  - (ii) The division may enter the order of suspension without further compliance with Title 63G, Chapter 4, Administrative Procedures Act, unless the division finds the failure to submit to the examination ordered under this section was due to circumstances beyond the control of the nurse and was not related directly to the illness or incapacity of the nurse.
- (5)
  - (a) A nurse whose license is suspended under Subsection (3) or (4)(c) has the right to a hearing to appeal the suspension within 10 days after the license is suspended.
  - (b) The hearing held under this Subsection (5) shall be conducted in accordance with Sections 58-1-108 and 58-1-109 for the sole purpose of determining if sufficient basis exists for the continuance of the order of suspension in order to prevent harm to the nurse's patients or the general public.
- (6) A nurse whose license is revoked, suspended, or in any way restricted under this section may request the division and the board to consider, at reasonable intervals, evidence presented by the nurse, under procedures established by division rule, regarding any change in the nurse's condition, to determine whether:
  - (a) the nurse is or is not able to safely and competently engage in the practice of nursing; and
  - (b) the nurse is qualified to have the nurse's license to practice under this chapter restored completely or in part.
- (7) The division may not refuse, revoke, suspend, or in any way restrict an applicant or licensee's license under this chapter solely because the applicant or licensee seeks or participates in mental health or substance abuse treatment.
- (8) Section 63G-2-206 may not be construed as limiting the authority of the division to report current significant investigative information to the coordinated licensure information system for transmission to party states as required of the division by Article VII of the Nurse Licensure Compact - Revised in Section 58-31e-102.

## Advanced Practice Registered Nurse Compact

### 58-31d-101 Advanced Practice Registered Nurse Compact.

The Advanced Practice Registered Nurse Compact is hereby enacted and entered into with all other jurisdictions that legally join in the compact, which is, in form, substantially as follows:

#### ARTICLE I

##### Findings and Declaration of Purpose

(1)

The party states find that:

(a) the health and safety of the public are affected by the degree of compliance with APRN licensure requirements and the effectiveness of enforcement activities related to State APRN licensure laws;

(b)

violations of APRN licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(c)

the expanded mobility of APRNs and the use of advanced communication and intervention technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of APRN licensure and regulation;

(d)

new practice modalities and technology make compliance with individual state APRN licensure laws difficult and complex;

(e)

the current system of duplicative APRN licensure for APRNs practicing in multiple states is cumbersome and redundant for healthcare delivery systems, payors, state licensing boards, regulators and APRNs; and

(f)

uniformity of APRN licensure requirements throughout the states promotes public safety and public health benefits as well as providing a mechanism to increase access to care, particularly in rural and underserved areas.

(2)

The general purposes of this compact are to:

(a) facilitate the states' responsibilities to protect the public's health and safety;

(b)

ensure and encourage the cooperation of party states in the areas of APRN licensure and regulation, including promotion of uniform licensure requirements;

(c)

facilitate the exchange of information between party states in the areas of APRN regulation, investigation, and adverse actions;

(d)

promote compliance with the laws governing APRN practice in each jurisdiction;

(e)

invest all party states with the authority to hold an APRN accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state privileges to practice;

(f)

decrease redundancies in the consideration and issuance of APRN licenses; and

(g)

provide opportunities for interstate practice by APRNs who meet uniform licensure requirements.

Such procedures shall include the submission of fingerprints or other biometric-based information by APRN applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(2)

Each party state shall require an applicant to satisfy, the following APRN uniform licensure requirements to obtain or retain a multistate license in the home state:

(3)

An APRN issued a multistate license shall be licensed in an approved role and at least one approved population focus.

(4)

An APRN multistate license issued by a home state to a resident in that state will be recognized by each party state as authorizing the APRN to practice as an APRN in each party state, under a multistate licensure privilege, in the same role and population focus as the APRN is licensed in the home state.

(5)

Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license, except that an individual may apply for a single-state license, instead of a multistate license, even if otherwise qualified for the multistate license. However, the failure of such an individual to affirmatively opt for a single state license may result in the issuance of a multistate license.

(6)

Issuance of an APRN multistate license shall include prescriptive authority for non-controlled prescription drugs.

(7)

For each state in which an APRN seeks authority to prescribe controlled substances, the APRN shall satisfy all requirements imposed by such state in granting and/or renewing such authority.

(8) (a)

(b)

APRN practice is not limited to patient care, but shall include all advanced nursing practice as defined by the state practice laws of the party state in which the client is located.

(c)

APRN practice in a party state under a multistate licensure privilege will subject the APRN to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

(11)

Except as otherwise expressly provided in this Compact, this Compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as satisfying any state law requirement for registered nurse licensure as a precondition for authorization to practice as an APRN in that state.

(12)

Individuals not residing in a party state shall continue to be able to apply for a party state's single-state APRN license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice as an APRN in any other party state.

#### ARTICLE IV

##### Applications for APRN Licensure in a Party State

(1) Upon application for an APRN multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held or is the holder of a licensed practical/vocational nursing license, a registered nursing license or an advanced practice registered nursing license issued by another state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against a license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

(2) An APRN may hold a multistate APRN license issued by the home state, in only one party state at a time.

(3) If an APRN changes primary state of residence by moving between two party states, the APRN must apply for APRN licensure in the new home state, and the multistate license issued by the prior home state shall be deactivated in accordance with applicable Commission rules.

(a) The APRN may apply for licensure in advance of a change in primary state of residence.

(b) A multistate APRN license shall not be issued by the new home state until the APRN provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate APRN license from the new home state.

(4) When an APRN changes primary state of residence by moving from a party state to a non-party state, the APRN multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

#### ARTICLE V

##### Additional Authorities Invested in Party State Licensing Boards

(1) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(a) Take adverse action against an APRN's multistate licensure privilege to practice within that party state.

(i) Only the home state shall have the power to impose adverse action against the APRN license issued by the home state.

(ii)

For purposes of imposing adverse action, the home state licensing board shall give the same priority and effect to reported conduct that occurred outside the home state as it would if that conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

(b) Issue cease and desist orders or impose an encumbrance on an APRN's authority to practice within that party state.

(c)

Complete any pending investigations of an APRN who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(d)

Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as, the production of evidence in accordance with the following:(i)

Subpoenas issued by a party state licensing board for the attendance and testimony of witnesses, and/or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the court's practice and procedure in considering subpoenas issued in its own proceedings.

(ii)

The issuing licensing board shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses and/or evidence are located;

(e)

Obtain and submit, for an APRN licensure applicant, fingerprints or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decision.

(f)

If otherwise permitted by state law, recover from the affected APRN the costs of investigations and disposition of cases resulting from any adverse action taken against that APRN.

(g)

Take adverse action based on the factual findings of another party state, provided that the licensing board follows its own procedures for taking such adverse action.

(2) (a)

If adverse action is taken by a home state against an APRN's multistate licensure, the privilege to practice in all other party states under a multistate licensure privilege shall be deactivated until all encumbrances have been removed from the APRN's multistate license.

(b)

All home state disciplinary orders that impose adverse action against an APRN's multistate license shall include a statement that the APRN's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(3) (a)

Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action.

(b)

The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any APRN for the duration of the APRN's participation in an alternative program.

(4)

Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

(5)

Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(6)

Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(c) a request for comments on the proposed rule from any interested person; and

(d)

the manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(5) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(6) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(7) The Commission shall publish the place, time, and date of the scheduled public hearing.

(a) (i)

Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(ii)

All hearings will be recorded, and a copy will be made available upon request.

(b) Nothing in this section shall be construed as requiring a separate hearing on each rule.

Rules may be grouped for the convenience of the Commission at hearings required by this section.

(8) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

(9) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(10) The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(11) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) meet an imminent threat to public health, safety or welfare;

(b) prevent a loss of Commission or party state funds; or

(c) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

(12) The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

## ARTICLE IX

### Oversight, Dispute Resolution and Enforcement

#### (1) Oversight

(a) Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

(b) The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

#### (2) Default, Technical Assistance and Termination

(a) If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

(i) provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

(ii) provide remedial training and specific technical assistance regarding the default.

(b) (i) If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination.

(ii) A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) (i) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted.

(ii) Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board, the defaulting state's licensing board, and each of the party states.

(d) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated, unless agreed upon in writing between the Commission and the defaulting state.

(f) (i) The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the District of Columbia or the federal district in which the Commission has its principal offices.

(ii) The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) Dispute Resolution

(a) Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arises among party states and between party and non-party states.

(b) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(c) In the event the Commission cannot resolve disputes among party states arising under this Compact:

(i) The party states may submit the issues in dispute to an arbitration panel, which will be composed of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

(ii) The decision of a majority of the arbitrators shall be final and binding.

(4) Enforcement

(a) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(b) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE X

Effective Date, Withdrawal and Amendment

(1) This Compact shall come into limited effect at such time as this Compact has been enacted into law in seven (7) party states for the sole purpose of establishing and convening the Commission to adopt rules relating to its operation.

(2) Any state that joins this Compact subsequent to the Commission's initial adoption of the APRN uniform licensure requirements shall be subject to all rules that have been previously adopted by the Commission.

(3) (a) Any party state may withdraw from this Compact by enacting a statute repealing the same.

(b) A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

(4) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

(5) Nothing contained in this Compact shall be construed to invalidate or prevent any APRN licensure agreement or other cooperative arrangement between a party state and a non-party state that does not conflict with the provisions of this Compact.

(6) This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon any party state until it is enacted into the laws of all party states.

(7) Representatives of non-party states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

#### ARTICLE XI

##### Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

### **Chapter 31e Nurse Licensure Compact - Revised**

#### **58-31e-101 Title.**

This chapter is known as the "Nurse Licensure Compact - Revised."

Enacted by Chapter 26, 2017 General Session

#### **58-31e-102 Nurse Licensure Compact.**

The Nurse Licensure Compact is hereby enacted and entered into with all other jurisdictions that legally join in the compact, which is in form, substantially as follows:

## NURSE LICENSURE COMPACT

### ARTICLE I

#### Findings and Declaration of Purpose

a. The party states find that:

1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

6. Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

b. The general purposes of this Compact are to:

1. Facilitate the states' responsibility to protect the public's health and safety;

2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

3. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

4. Promote compliance with the laws governing the practice of nursing in each jurisdiction;

5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

6. Decrease redundancies in the consideration and issuance of nurse licenses; and

7. Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

### ARTICLE II

#### Definitions

As used in this Compact:

a. "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

b. "Alternative program" means a non-disciplinary monitoring program approved by a licensing board.

c. "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

d. "Current significant investigative information" means:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or
  2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
- e. "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.
  - f. "Home state" means the party state which is the nurse's primary state of residence.
  - g. "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.
  - h. "Multistate license" means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.
  - i. "Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.
  - j. "Nurse" means an RN or LPN/VN, as those terms are defined by each party state's practice laws.
  - k. "Party state" means any state that has adopted this Compact.
  - l. "Remote state" means a party state, other than the home state.
  - m. "Single-state license" means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.
  - n. "State" means a state, territory, or possession of the United States and the District of Columbia.
  - o. "State practice laws" means a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. "State practice laws" do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

### ARTICLE III

#### General Provisions and Jurisdiction

- a. A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.
- b. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.
- c. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:
  1. Meets the home state's qualifications for licensure or renewal of licensure, as well as all other applicable state laws;
  2. i. Has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prelicensure education program; or

ii. Has graduated from a foreign RN or LPN/VN prelicensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

3. Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

4. Has successfully passed an NCLEX-RN or NCLEX-PN Examination or recognized predecessor, as applicable;

5. Is eligible for or holds an active, unencumbered license;

6. Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

7. Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

8. Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

9. Is not currently enrolled in an alternative program;

10. Is subject to self-disclosure requirements regarding current participation in an alternative program; and

11. Has a valid United States social security number.

d. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

e. A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

f. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

g. Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

1. A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable Article III.c. requirements to obtain a multistate license from a new home state; and

2. A nurse who fails to satisfy the multistate licensure requirements in Article III.c. due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or

renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

#### ARTICLE IV

##### Applications for Licensure in a Party State

a. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

b. A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

c. If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

1. The nurse may apply for licensure in advance of a change in primary state of residence.

2. A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

d. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

#### ARTICLE V

##### Additional Authorities Invested in Party State Licensing Boards

a. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

1. Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

i. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

ii. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

2. Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

3. Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

4. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses,

mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

5. Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions.

6. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

7. Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

b. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

c. Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

#### ARTICLE VI

##### Coordinated Licensure Information System and Exchange of Information

a. All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this Compact.

c. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials), and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

d. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

e. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

f. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

g. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

- h. The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum:
  - 1. Identifying information;
  - 2. Licensure data;
  - 3. Information related to alternative program participation; and
  - 4. Other information that may facilitate the administration of this Compact, as determined by Commission rules.
- i. The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

#### ARTICLE VII

##### Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

a. The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

- 1. The Commission is an instrumentality of the party states.
- 2. Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.
- 3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

b. Membership, Voting, and Meetings

- 1. Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.
- 2. Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.
- 3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.
- 4. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.
- 5. The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:
  - i. Noncompliance of a party state with its obligations under this Compact;
  - ii. The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees, or other matters related to the Commission's internal personnel practices and procedures;
  - iii. Current, threatened, or reasonably anticipated litigation;
  - iv. Negotiation of contracts for the purchase or sale of goods, services, or real estate;
  - v. Accusing any person of a crime or formally censuring any person;
  - vi. Disclosure of trade secrets or commercial or financial information that is privileged or confidential;
  - vii. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
  - viii. Disclosure of investigatory records compiled for law enforcement purposes;

ix. Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact; or

x. Matters specifically exempted from disclosure by federal or state statute.

6. If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

c. The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including but not limited to:

1. Establishing the fiscal year of the Commission;

2. Providing reasonable standards and procedures:

i. For the establishment and meetings of other committees; and

ii. Governing any general or specific delegation of any authority or function of the Commission;

3. Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

4. Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the Commission;

5. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the Commission; and

6. Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations.

d. The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.

e. The Commission shall maintain its financial records in accordance with the bylaws.

f. The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.

g. The Commission shall have the following powers:

1. To promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all party states;

2. To bring and prosecute legal proceedings or actions in the name of the Commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;

3. To purchase and maintain insurance and bonds;

4. To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a party state or nonprofit organizations;

5. To cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space, or other resources;

6. To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and to establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

7. To accept any and all appropriate donations, grants, and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

8. To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed; provided that at all times the Commission shall avoid any appearance of impropriety;

9. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

10. To establish a budget and make expenditures;

11. To borrow money;

12. To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons;

13. To provide and receive information from, and to cooperate with, law enforcement agencies;

14. To adopt and use an official seal; and

15. To perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of nurse licensure and practice.

h. Financing of the Commission

## ARTICLE VIII

### Rulemaking

a. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.

b. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

c. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

1. On the website of the Commission; and
2. On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

d. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment, and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

e. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

f. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

g. The Commission shall publish the place, time, and date of the scheduled public hearing.

1. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

2. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

h. If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

j. The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

k. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or party state funds; or

3. Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

l. The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

## ARTICLE IX

### Oversight, Dispute Resolution, and Enforcement

#### a. Oversight

1. Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

2. The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

#### b. Default, Technical Assistance, and Termination

1. If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

i. Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the Commission; and

ii. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

4. A state whose membership in this Compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

c. Dispute Resolution

1. Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and non-party states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

3. In the event the Commission cannot resolve disputes among party states arising under this Compact:

i. The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

ii. The decision of a majority of the arbitrators shall be final and binding.

d. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE X

Effective Date, Withdrawal, and Amendment

a. This Compact, enacted in Title 58, Chapter 31e, Nurse Licensure Compact - Revised ("This Compact"), shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact,

enacted in Title 58, Chapter 31c, Nurse Licensure Compact, superseded by this Compact, ("Prior Compact"), shall be deemed to have withdrawn from said Prior Compact within six (6) months after the effective date of this Compact.

b. Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

c. Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

d. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

e. Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this Compact.

f. This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

g. Representatives of non-party states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

## ARTICLE XI

### Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

    - (i) Upon proper application, the division shall license a qualified applicant to manufacture, produce, distribute, conduct research with, or perform laboratory analysis upon controlled substances included in Schedules I through V, unless it determines that issuance of a license is inconsistent with the public interest.

    - (iii) In determining public interest under this Subsection (3)(a), the division shall consider whether the applicant has:

**Chapter 37d  
Clandestine Drug Lab Act**

**58-37d-1 Short title.**

This act shall be known as the "Clandestine Drug Lab Act."

Enacted by Chapter 156, 1992 General Session

**58-37d-2 Purpose.**

The clandestine production of methamphetamine, other amphetamines, phencyclidine, narcotic analgesic analogs, so-called "designer drugs," various hallucinogens, concentrated tetrahydrocannabinols, counterfeit opioids, cocaine and methamphetamine, base "crack" cocaine and methamphetamine "ice" respectively, has increased dramatically throughout the western states and Utah. These highly technical illegal operations create substantial dangers to the general public and environment from fire, explosions, and the release of toxic chemicals. By their very nature these activities often involve a number of persons in a conspiratorial enterprise to bring together all necessary components for clandestine production, to thwart regulation and detection, and to distribute the final product. Therefore, the Legislature enacts the following Utah Clandestine Laboratory Act for prosecution of specific illegal laboratory operations. With regard to the controlled substances specified herein, this act shall control, notwithstanding the prohibitions and penalties in Title 58, Chapter 37, Utah Controlled Substances Act.

A conviction is also prima facie evidence of the person's participation in the illegal drug market during the two years preceding the date of an act giving rise to a conviction.
- (3) The absence of a criminal drug conviction of a person against whom recovery is sought does not bar an action against that person.

- (1) Except as otherwise provided in this section, a claim under this chapter may not be brought more than two years after the cause of action accrues. A cause of action accrues under this chapter when a person who may recover has reason to know of the harm from illegal drug use

that is the basis for the cause of action and has reason to know that the illegal drug use is the cause of the harm.

- (2)
- (a) For a plaintiff, the statute of limitations under this section is tolled while the individual potential plaintiff is incapacitated by the use of an illegal drug to the extent that the individual cannot reasonably be expected to seek recovery under this chapter or as otherwise provided by law.
  - (b) For a defendant, the statute of limitations under this section is tolled until six months after the individual potential defendant is convicted of a criminal drug offense or as otherwise provided by law.

F. If adverse action is taken by the home state against an audiologist's or speech language pathologist's license, the audiologist's or speech-language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. The administrator of the data system shall promptly notify the home state and any remote states in which the licensee has the practice privilege of any adverse actions by the home state or remote states.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

## **58-60b-112 Section 12 -- Rulemaking.**

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's laws, regulations, and applicable standards that govern the practice of Social Work as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

C. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the Rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform;
2. To persons who have requested notice of the Commission's notices of proposed rulemaking; and
3. In such other way(s) as the Commission may by Rule specify.

H. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed rule;
2. If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

3. The text of the proposed Rule and the reason therefor;
4. A request for comments on the proposed Rule from any interested person; and
5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

1. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Section 12.L, the effective date of the Rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 48 hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or Member State funds;
3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Member State's rulemaking requirements shall apply under this compact.

## **58-60b-113 Section 13 -- Oversight, dispute resolution, and enforcement.**

### **A. Oversight**

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive

venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

#### B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

G. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

H. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

#### I. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

#### J. Enforcement

1. By majority vote as provided by Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the

federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

2. A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. No person other than a Member State shall enforce this compact against the Commission.

**58-60b-114 Section 14 -- Effective date, withdrawal, and amendment.**

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 13.

b. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Section 10(C)(21) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

Enacted by Chapter 103, 2024 General Session

**58-60b-115 Section 15 -- Construction and severability.**

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 13.B, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

B. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

C. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

D. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

## **Chapter 61b Psychology Interjurisdictional Compact**

This chapter is known as the "Psychology Interjurisdictional Compact."

Enacted by Chapter 105, 2017 General Session

**58-61b-102 Psychology Interjurisdictional Compact.**

The Psychology Interjurisdictional Compact is enacted and entered into with all other jurisdictions that legally join in the compact, which is, in form, substantially as follows:

### **ARTICLE I**

#### **PURPOSE**

Whereas, states license psychologists, in order to protect the public through verification of education, training, and experience and ensure accountability for professional practice;

Whereas, this Compact is intended to regulate the day to day practice of telepsychology (i.e. the provision of psychological services using telecommunication technologies) by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to authorize State Psychology Regulatory Authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state;

Whereas, this Compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

Whereas, this Compact does not apply when a psychologist is licensed in both the Home and Receiving States; and

Whereas, this Compact does not apply to permanent in-person, face-to-face practice, it does allow for authorization of temporary psychological practice.

Consistent with these principles, this Compact is designed to achieve the following purposes and objectives:

A Distant State may, in accordance with that state's due process law, limit or revoke a psychologist's Temporary Authorization to Practice in the Distant State and may take any other necessary actions under the Distant State's applicable law to protect the health and safety of the Distant State's citizens. If a Distant State takes action, the state shall promptly notify the Home State and the Commission.

E. If a psychologist's license in any Home State or another Compact State, or any Temporary Authorization to Practice in any Distant State, is restricted, suspended, or otherwise limited, the IPC shall be revoked and therefore the psychologist shall not be eligible to practice in a Compact State under the Temporary Authorization to Practice.

#### ARTICLE VI

##### CONDITIONS OF TELEPSYCHOLOGY PRACTICE IN A RECEIVING STATE

A. A psychologist may practice in a Receiving State under the Authority to Practice Interjurisdictional Telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate State Psychology Regulatory Authority, as defined in the Rules of the Commission, and under the following circumstances:

1. The psychologist initiates a client/patient contact in a Home State via telecommunications technologies with a client/patient in a Receiving State; and

2. Other conditions regarding telepsychology as determined by Rules promulgated by the Commission.

#### ARTICLE VII

##### ADVERSE ACTIONS

A. A Home State shall have the power to impose adverse action against a psychologist's license issued by the Home State. A Distant State shall have the power to take adverse action on a psychologist's Temporary Authorization to Practice within that Distant State.

B. A Receiving State may take adverse action on a psychologist's Authority to Practice Interjurisdictional Telepsychology within that Receiving State. A Home State may take adverse action against a psychologist based on an adverse action taken by a Distant State regarding temporary in-person, face-to-face practice.

C. If a Home State takes adverse action against a psychologist's license, that psychologist's Authority to Practice Interjurisdictional Telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's Temporary Authorization to Practice is terminated and the IPC is revoked.

1. All Home State disciplinary orders which impose adverse action shall be reported to the Commission in accordance with the Rules promulgated by the Commission. A Compact State shall report adverse actions in accordance with the Rules of the Commission.

2. In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the Rules of the Commission.

3. Other actions may be imposed as determined by the Rules promulgated by the Commission.

D. A Home State's Psychology Regulatory Authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a Receiving State as it would if such conduct had occurred by a licensee within the Home State. In such cases, the Home State's law shall control in determining any adverse action against a psychologist's license.

E. A Distant State's Psychology Regulatory Authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under Temporary Authorization to Practice which occurred in that Distant State as it would if such conduct had occurred by a licensee within the Home State. In such cases, Distant State's law shall control in determining any adverse action against a psychologist's Temporary Authorization to Practice.

F. Nothing in this Compact shall override a Compact State's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the Compact State's law. Compact States must require psychologists who enter any alternative programs to not provide telepsychology services under the Authority to Practice Interjurisdictional Telepsychology or provide temporary psychological services under the Temporary Authorization to Practice in any other Compact State during the term of the alternative program.

G. No other judicial or administrative remedies shall be available to a psychologist in the event a Compact State imposes an adverse action pursuant to Article VII, Section C.

#### ARTICLE VIII

A. In addition to any other powers granted under state law, a Compact State's Psychology Regulatory Authority shall have the authority under this Compact to:

Subpoenas issued by a Compact State's Psychology Regulatory Authority for the attendance and testimony of witnesses, and/or the production of evidence from another Compact State, shall be enforced in the latter state by

any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing State Psychology Regulatory Authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

2. Issue cease and desist and/or injunctive relief orders to revoke a psychologist's Authority to Practice Interjurisdictional Telepsychology and/or Temporary Authorization to Practice.

The Home State Psychology Regulatory Authority shall promptly report the conclusions of such investigations to the Commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his/her Home State licensure. The Commission shall promptly notify the new Home State of any such decisions as provided in the Rules of the Commission. All information provided to the Commission or distributed by Compact States pursuant to the psychologist shall be confidential, filed under seal, and used for investigatory or disciplinary matters. The Commission may create additional rules for mandated or discretionary sharing of information by Compact States.

#### ARTICLE IX

A. The Commission shall provide for the development and maintenance of a Coordinated Licensure Information System (Coordinated Database) and reporting system containing licensure and disciplinary action information on all psychologists to whom this Compact is applicable in all Compact States as defined by the Rules of the Commission.

B. Notwithstanding any other provision of state law to the contrary, a Compact State shall submit a uniform data set to the Coordinated Database on all licensees as required by the Rules of the Commission, including:

6. Non-confidential information related to alternative program participation information;
7. Any denial of application for licensure, and the reasons for such denial; and
8. Other information which may facilitate the administration of this Compact, as determined by the Rules of the Commission.

C. The Coordinated Database administrator shall promptly notify all Compact States of any adverse action taken against, or significant investigative information on, any licensee in a Compact State.

D. Compact States reporting information to the Coordinated Database may designate information that may not be shared with the public without the express permission of the Compact State reporting the information.

E. Any information submitted to the Coordinated Database that is subsequently required to be expunged by the law of the Compact State reporting the information shall be removed from the Coordinated Database.

## ARTICLE XI RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the Compact States rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any Compact State.

C. Rules or amendments to the Rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or Rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission; and
2. On the website of each Compact States' Psychology Regulatory Authority or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five (25) persons who submit comments independently of each other;
2. A governmental subdivision or agency; or
3. A duly appointed person in an association that has at least twenty-five (25) members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

1. All persons wishing to be heard at the hearing shall notify the Executive Director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

2. Prevent a loss of Commission or Compact State funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

## ARTICLE XII

### OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

#### A. Oversight

1. The Executive, Legislative, and Judicial branches of state government in each Compact State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a Compact State pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

#### B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Compact State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other Compact States of the nature of the default, the proposed means of remedying the default, and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the Compact States, and all rights, privileges, and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the Compact States.

4. A Compact State which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

5. The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

#### C. Dispute Resolution

1. Upon request by a Compact State, the Commission shall attempt to resolve disputes related to the Compact which arise among Compact States and between Compact and Non-Compact States.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the Commission.

#### D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices against a Compact State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and Bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

### ARTICLE XIII

A. The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh Compact State. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of

Rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any Compact State may withdraw from this Compact by enacting a statute repealing the same.

1. A Compact State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Psychology Regulatory Authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a Compact State and a Non-Compact State which does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Compact States. No amendment to this Compact shall become effective and binding upon any Compact State until it is enacted into the law of all Compact States.

#### ARTICLE XIV CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, the Compact shall remain in full force and effect as to the remaining Compact States.

### **Interstate Medical Licensure Compact**

#### **58-67b-101 Title.**

This chapter is known as the "Interstate Medical Licensure Compact."

Enacted by Chapter 24, 2015 General Session

#### **58-67b-102 Section 1 -- Purpose.**

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing medical practice act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the Compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the Compact.

Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
- (5) The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

## **Chapter 70c PA Licensure Compact**

### **Part 1 Compact Text**

#### **58-70c-101 Section 1 -- Purpose.**

In order to strengthen access to Medical Services, and in recognition of the advances in the delivery of Medical Services, the Participating States of the PA Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing authority of State Licensing Boards to license and discipline PAs and seeks to enhance the portability of a License to practice as a PA while safeguarding the safety of patients. This Compact allows Medical Services to be provided by PAs, via the mutual recognition of the Licensees Qualifying License by other Compact Participating States. This Compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of Medical Services by the PA occurs where the patient is located at the time of the patient encounter, and therefore requires the PA to be under the jurisdiction of the State Licensing Board where the patient is located. State Licensing Boards that participate in this Compact retain the jurisdiction to impose Adverse Action against a Compact Privilege in that State issued to a PA through the procedures of this Compact. The PA Licensure Compact will alleviate burdens for military families by allowing active duty military personnel and their spouses to obtain a Compact Privilege based on having an unrestricted License in good standing from a Participating State.

  9. If a Compact Privilege has been revoked or is limited or restricted in a Participating State for conduct that would not be a basis for disciplinary action in a Participating State in which the Licensee is practicing or applying to practice under a Compact Privilege, that Participating State shall have the discretion not to consider such action as an Adverse Action requiring the denial or removal of a Compact Privilege in that State.
  10. Notify the Compact Commission that the Licensee is seeking the Compact Privilege in a Remote State.
  11. Meet any Jurisprudence Requirement of a Remote State in which the Licensee is seeking to practice under the Compact Privilege and pay any fees applicable to satisfying the Jurisprudence Requirement.

The issuing authority shall pay any witness

fees, travel expenses, mileage and other fees required by the service statutes of the State in which the witnesses or evidence are located.

3. Notwithstanding paragraph 1, subpoenas may not be issued by a Participating State to gather evidence of conduct in another State that is lawful in that other State for the purpose of taking Adverse Action against a Licensee's Compact Privilege or application for a Compact Privilege in that Participating State.

4. Nothing in this Compact authorizes a Participating State to impose discipline against a PA's Compact Privilege or to deny an application for a Compact Privilege in that Participating State for the individual's otherwise lawful practice in another State.

C. For purposes of taking Adverse Action, the Participating State which issued the Qualifying License shall give the same priority and effect to reported conduct received from any other Participating State as it would if the conduct had occurred within the Participating State which issued the Qualifying License. In so doing, that Participating State shall apply its own State laws to determine appropriate action.

D. A Participating State, if otherwise permitted by State law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any Adverse Action taken against that PA.

E. A Participating State may take Adverse Action based on the factual findings of a Remote State, provided that the Participating State follows its own procedures for taking the Adverse Action.

F. Joint Investigations.

1. In addition to the authority granted to a Participating State by its respective State PA laws and regulations or other applicable State law, any Participating State may participate with other Participating States in joint investigations of Licensees.

2. Participating States shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

All disciplinary orders by the Participating State which issued the Qualifying License that impose Adverse Action against a PA's License shall include a Statement that the PA's Compact Privilege is deactivated in all Participating States during the pendency of the order.

H. If any Participating State takes Adverse Action, it promptly shall notify the administrator of the Data System.

5. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including a description of the views expressed. All documents considered in connection with an action shall be identified in

such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

#### E. Financing of the Commission

2. The Commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The Commission may levy on and collect an annual assessment from each Participating State and may impose Compact Privilege fees on Licensees of Participating States to whom a Compact Privilege is granted to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved by the Commission each year for which revenue is not provided by other sources. The aggregate annual assessment amount levied on Participating States shall be allocated based upon a formula to be determined by Commission Rule.

a. A Compact Privilege expires when the Licensee's Qualifying License in the Participating State from which the Licensee applied for the Compact Privilege expires.

b. If the Licensee terminates the Qualifying License through which the Licensee applied for the Compact Privilege before its scheduled expiration, and the Licensee has a Qualifying License in another Participating State, the Licensee shall inform the Commission that it is changing to that Participating State the Participating State through which it applies for a Compact Privilege and pay to the Commission any Compact Privilege fee required by Commission Rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Participating States, except by and with the authority of the Participating State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

7. All meetings of the Executive Committee at which it votes or plans to vote on matters in exercising the powers and duties of the Commission shall be open to the public and public notice of such meetings shall be given as public meetings of the Commission are given.

8. The Executive Committee may convene in a closed, non-public meeting for the same reasons that the Commission may convene in a non-public meeting as set forth in Section 7.D.3 and shall announce the closed meeting as the Commission is required to under Section 7.D.4 and keep minutes of the closed meeting as the Commission is required to under Section 7.D.5.

#### G. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense, and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the

Commission is located. The Commission may waive venue and jurisdictional defenses in any proceedings as authorized by Commission Rules.

5. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

6. Nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by State law other than this Compact.

7. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Participating State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

8. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Participating States or by the Commission.

### **58-70c-108 Section 8 -- Data System.**

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated data and reporting system containing licensure, Adverse Action, and the reporting of the existence of Significant Investigative Information on all licensed PAs and applicants denied a License in Participating States.

B. Notwithstanding any other State law to the contrary, a Participating State shall submit a uniform data set to the Data System on all PAs to whom this Compact is applicable (utilizing a unique identifier) as required by the Rules of the Commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse Actions against a License or Compact Privilege;
4. Any denial of application for licensure, and the reason(s) for such denial (excluding the reporting of any Criminal history record information where prohibited by law);
5. The existence of Significant Investigative Information; and
6. Other information that may facilitate the administration of this Compact, as determined by the Rules of the Commission.

C. Significant Investigative Information pertaining to a Licensee in any Participating State shall only be available to other Participating States.

D. The Commission shall promptly notify all Participating States of any Adverse Action taken against a Licensee or an individual applying for a License that has been reported to it. This Adverse Action information shall be available to any other Participating State.

E. Participating States contributing information to the Data System may, in accordance with State or federal law, designate information that may not be shared with the public without the express permission of the contributing State. Notwithstanding any such designation, such information shall be reported to the Commission through the Data System.

F. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Participating State contributing the information shall be removed from the Data System upon reporting of such by the Participating State to the Commission.

G. The records and information provided to a Participating State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute

the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Participating State.

Enacted by Chapter 222, 2023 General Session

**58-70c-109 Section 9 -- Rulemaking.**

A. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Commission Rules shall become binding as of the date specified by the Commission for each Rule.

B. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer this Compact and achieve its purposes. A Commission Rule shall be invalid and have not force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope of the purposes of this Compact, or the powers granted hereunder, or based upon another applicable standard of review.

C. The Rules of the Commission shall have the force of law in each Participating State, provided however that where the Rules of the Commission conflict with the laws of the Participating State that establish the medical services a PA may perform in the Participating State, as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

D. If a majority of the legislatures of the Participating States rejects a Commission Rule, by enactment of a statute or resolution in the same manner used to adopt this Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Participating State or to any State applying to participate in the Compact.

E. Commission Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to promulgation and adoption of a final Rule or Rules by the Commission, and at least thirty (30) days in advance of the meeting at which the Rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform; and
2. To persons who have requested notice of the Commission's notices of proposed rulemaking, and
3. In such other way(s) as the Commission may by Rule specify.

G. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing on the proposed Rule and the proposed time, date and location of the meeting in which the proposed Rule will be considered and voted upon;
2. The text of the proposed Rule and the reason for the proposed Rule;
3. A request for comments on the proposed Rule from any interested person and the date by which written comments must be received; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing or provide any written comments.

H. Prior to adoption of a proposed Rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

I. If the hearing is to be held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall as directed in the Notice of Proposed Rulemaking, not less than five (5) business days before the scheduled date of the hearing, notify the Commission of their desire to appear and testify at the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rulemaking shall be made available to a person upon request.

4. Nothing in this section shall be construed as requiring a separate hearing on each proposed Rule. Proposed Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the public hearing the Commission shall consider all written and oral comments timely received.

K. The Commission shall, by majority vote of all delegates, take final action on the proposed Rule and shall determine the effective date of the Rule, if adopted, based on the Rulemaking record and the full text of the Rule.

1. If adopted, the Rule shall be posted on the Commission's website.

2. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

3. The Commission shall provide on its website an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

4. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection L, the effective date of the Rule shall be no sooner than thirty (30) days after the Commission issued the notice that adopted the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with twenty-four (24) hours prior notice, without the opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately by the Commission in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Participating State funds;

3. Meet a deadline for the promulgation of a Commission Rule that is established by federal law or Rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Commission Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made as set forth in the notice of revisions and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Participating State's rulemaking requirements shall apply under this Compact.

## **58-70c-110 Section 10 -- Oversight, Dispute Resolution, and Enforcement.**

### **A. Oversight**

1. The executive and judicial branches of State government in each Participating State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact or the Commission's Rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission with service of process shall render a judgment or order in such proceeding void as to the Commission, this Compact, or Commission Rules.

### **B. Default, Technical Assistance, and Termination**

1. If the Commission determines that a Participating State has defaulted in the performance of its obligations or responsibilities under this Compact or the Commission Rules, the Commission shall provide written notice to the defaulting State and other Participating States. The notice shall describe the default, the proposed means of curing the default and any other action that the Commission may take and shall offer remedial training and specific technical assistance regarding the default.

2. If a State in default fails to cure the default, the defaulting State may be terminated from this Compact upon an affirmative vote of a majority of the delegates of the Participating States, and all rights, privileges and benefits conferred by this Compact upon such State may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

3. Termination of participation in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and to the Licensing Board(s) of each of the Participating States.

4. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting State.

6. The defaulting State may appeal its termination from the Compact by the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

7. Upon the termination of a State's participation in the Compact, the State shall immediately provide notice to all Licensees within that State of such termination:

a. Licensees who have been granted a Compact Privilege in that State shall retain the Compact Privilege for one hundred eighty (180) days following the effective date of such termination.

b. Licensees who are licensed in that State who have been granted a Compact Privilege in a Participating State shall retain the Compact Privilege for one hundred eighty (180) days unless the Licensee also has a Qualifying License in a Participating State or obtains a Qualifying License in a Participating State before the one hundred eighty (180)-day period ends, in which case the Compact Privilege shall continue.

C. Dispute Resolution

1. Upon request by a Participating State, the Commission shall attempt to resolve disputes related to this Compact that arise among Participating States and between participating and non-Participating States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and Rules of the Commission.

2. If compliance is not secured after all means to secure compliance have been exhausted, by majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices, against a Participating State in default to enforce compliance with the provisions of this Compact and the Commission's promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. **58-70c-111 Section 11 -- Date of Implementation of the PA Licensure Compact Commission.**

A. This Compact shall come into effect on the date on which this Compact statute is enacted into law in the seventh Participating State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the States that enacted the Compact prior to the Commission convening ("Charter Participating States") to determine if the statute enacted by each such Charter Participating State is materially different than the Model Compact.

a. A Charter Participating State whose enactment is found to be materially different from the Model Compact shall be entitled to the default process set forth in Section 10.B.

b. If any Participating State later withdraws from the Compact or its participation is terminated, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Participating States should be less than seven. Participating States enacting the Compact subsequent to the Commission convening shall be subject to the process set forth in

Section 7.C.21 to determine if their enactments are materially different from the Model Compact and whether they qualify for participation in the Compact.

2. Participating States enacting the Compact subsequent to the seven initial Charter Participating States shall be subject to the process set forth in Section 7.C.21 to determine if their enactments are materially different from the Model Compact and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

B. Any State that joins this Compact shall be subject to the Commission's Rules and bylaws as they exist on the date on which this Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day this Compact becomes law in that State.

C. Any Participating State may withdraw from this Compact by enacting a statute repealing the same.

1. A Participating State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute. During this one hundred eighty (180) day-period, all Compact Privileges that were in effect in the withdrawing State and were granted to Licensees licensed in the withdrawing State shall remain in effect. If any Licensee licensed in the withdrawing State is also licensed in another Participating State or obtains a license in another Participating State within the one hundred eighty (180) days, the Licensee's Compact Privileges in other Participating States shall not be affected by the passage of the one hundred eighty (180) days.

2. Withdrawal shall not affect the continuing requirement of the State Licensing Board(s) of the withdrawing State to comply with the investigative, and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing a State from this Compact, the State shall immediately provide notice of such withdrawal to all Licensees within that State. Such withdrawing State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any PA licensure agreement or other cooperative arrangement between Participating States and between a Participating State and non-Participating State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Participating States. No amendment to this Compact shall become effective and binding upon any Participating State until it is enacted materially in the same manner into the laws of all Participating States as determined by the Commission.

## **58-70c-112 Section 12 -- Construction and Severability.**

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the

constitution of any Participating State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B or this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 10.B, terminate a Participating State's participation in the Compact, if it determines that a constitutional requirement of a Participating State is, or would be with respect to a State seeking to participate in the Compact, a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Participating State, the Compact shall remain in full force and effect as to the remaining Participating States and in full force and effect as to the Participating State affected as to all severable matters.

The director shall promptly notify the naturopathic physician, in writing, of the suspension.
- (3)
  - (a) If the division finds reasonable cause to believe a naturopathic physician, who is not determined judicially to be an incapacitated person or to have a mental illness, is incapable of practicing medicine with reasonable skill regarding the safety of patients, because of illness, excessive use of drugs or alcohol, or as a result of any mental or physical condition, the director shall file a petition with the division, and cause the petition to be served upon the naturopathic physician with a notice of hearing on the sole issue of the capacity of the naturopathic physician to competently and safely engage in the practice of medicine.

  - (ii) immediate action by the division is necessary to prevent harm to the naturopathic physician's patients or the general public.
- (c)
  - (i) Failure of a naturopathic physician to submit to the examination ordered under this section is a ground for the division's immediate suspension of the naturopathic physician's license by written order of the director.
  - (ii) The division may enter the order of suspension without further compliance with Title 63G, Chapter 4, Administrative Procedures Act, unless the division finds the failure to submit to the examination ordered under this section was due to circumstances beyond the control of the naturopathic physician and was not related directly to the illness or incapacity of the naturopathic physician.
- (5)
  - (a) A naturopathic physician whose license is suspended under Subsection (2) or (3) has the right to a hearing to appeal the suspension within 10 days after the license is suspended.
  - (b) The hearing held under this subsection shall be conducted in accordance with Sections 58-1-108 and 58-1-109 for the sole purpose of determining if sufficient basis exists for the continuance of the order of suspension in order to prevent harm to the naturopathic physician's patients or the general public.
- (6) A naturopathic physician whose license is revoked, suspended, or in any way restricted under this section may request the division to consider, at reasonable intervals, evidence presented by the naturopathic physician, under procedures established by division rule, regarding any change in the naturopathic physician's condition, to determine whether:

    - (C) that remains low risk through out the course of labor and delivery;
    - (D) in which the infant is born spontaneously in the vertex position between 37 and 43 completed weeks of pregnancy; and
    - (E) except as provided in Subsection (2)(a)(ii), in which after delivery, the mother and infant remain low risk; and
  - (ii) the limitation of Subsection (2)(a)(i) does not prohibit a licensed direct-entry midwife from delivering an infant when there is:
    - (A) intrauterine fetal demise; or
    - (B) a fetal anomaly incompatible with life; and

- (c) The provider giving the order is responsible and liable only for the appropriateness of the order given the data received.
- (d) The issuing of an order for a direct-entry midwife's client does not constitute a delegation of duties from the other provider to the direct-entry midwife.
- (4) A licensed health care provider may not be held civilly liable for rendering emergency medical services that arise from prohibited conduct in Section 58-77-603, or from care rendered under a waiver as specified in Subsection 58-77-601(3)(b), unless the emergency medical services constitute gross negligence or reckless disregard for the client.

All Home State disciplinary orders that impose Adverse Action against a Licensee shall include a statement that the Licensee's Compact Privileges are revoked in all Member States during the pendency of the order.

- (10) If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the other Member States State of any Adverse Actions.

- (2) The Rules of the Compact Commission shall have the force of law in each Member State, provided however that where the Rules conflict with the laws or regulations of a Member State that relate to the procedures, actions, and processes a Licensed Dietitian is permitted to undertake in that State and the circumstances under which they may do so, as held by a court of competent jurisdiction, the Rules of the Compact Commission shall be ineffective in that State to the extent of the conflict.

- (2) Default, Technical Assistance, and Termination
  - (a) If the Compact Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Compact Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Compact Commission may take and shall offer training and specific technical assistance regarding the default.
  - (b) The Compact Commission shall provide a copy of the notice of default to the other Member States.
- (3) If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.
- (4) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Compact Commission to the governor, the majority and minority leaders of the defaulting States' legislature, the defaulting State's Licensing Authority, and each of the Member States' Licensing Authority.
- (5) A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
- (6) Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.
- (7) The Compact Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Compact Commission and the defaulting State.
- (8) The defaulting State may appeal the action of the Compact Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.
- (9) Dispute Resolution
  - (a) Upon request by a Member State, the Compact Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.
  - (b) The Compact Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.
- (10) Enforcement
  - (a) By supermajority vote, the Compact Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with

the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Compact Commission. The Compact Commission may pursue any other remedies available under federal or the defaulting Member State's law.

- (b) A Member State may initiate legal action against the Compact Commission in the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.
- (c) No party other than a Member State shall enforce this Compact against the Compact Commission.

    - (i) A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 58-89-111.
    - (ii) If any Member State is later found to be in default, or is terminated, or withdraws from the Compact, the Compact Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.
  - (b) Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Subsection 58-89-108(3)(u) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.
  - (c) All actions taken for the benefit of the Compact Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Compact Commission coming into existence shall be considered to be actions of the Compact Commission unless specifically repudiated by the Compact Commission.
  - (d) Any State that joins the Compact subsequent to the Compact Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Compact Commission shall have the full force and effect of law on the day the Compact becomes law in that State.
- (2) Any Member State may withdraw from this Compact by enacting a statute repealing the same.
  - (a) A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

- (c) Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.
- (3) Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.
- (4) This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

**58-89-113 Construction and severability.**

- (1) This Compact and the Compact Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Compact Commission's rulemaking authority solely for those purposes.
- (2) The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.
- (3) Notwithstanding Subsection (2), the Compact Commission may deny a State's participation in the Compact or, in accordance with the requirements of Subsection 58-89-111(2), terminate a Member States participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.
