63F-3-103 Single sign-on database -- Creation.

- (1) The department shall, in consultation with the entities described in Subsection (4), design and create a prototype of a single database, and associated data entry screens, that stores business data agreed upon by the entities described in Subsection (4) that is:
 - (a) secure;
 - (b) centralized; and
 - (c) interconnected.
- (2) The department shall create a web portal that allows a person doing business in the state to access, at a single point of entry, all relevant state-collected business data about the person, including information related to:
 - (a) business registration;
 - (b) workers' compensation;
 - (c) tax liability and payment; and
 - (d) other information collected by the state that the department determines is relevant to a person doing business in the state.
- (3) The department shall develop the business database and the single sign-on web portal:
 - (a) using an open platform that:
 - (i) facilitates participation in the database and web portal by a state entity; and
 - (ii) allows for optional participation by a political subdivision of the state; and
 - (b) in a manner that anticipates expanding the database and web portal to include:
 - (i) a database for data collected by the state on an individual; and
 - (ii) a web portal for an individual to access all relevant data collected by the state on the individual.
- (4) In developing the business database and the single sign-on web portal, the department shall consult with:
 - (a) the Department of Commerce;
 - (b) the State Tax Commission;

- (c) the Labor Commission;
- (d) the Department of Workforce Services;
- (e) the Governor's Office of Management and Budget;
- (f) the Utah League of Cities and Towns;
- (g) the Utah Association of Counties; and
- (h) the business community that is likely to use the business database and single sign-on web portal.

Enacted by Chapter 259, 2016 General Session

63F-3-104 Report.

The department shall report to the Public Utilities and Technology Interim Committee:

- (1) no later than November 30, 2016, with an initial design and prototype of the business database and the single sign-on web portal, together with a minimum two-year plan, including projected cost, for the initial implementation phase of the project; and
- (2) before November 30 of each year beginning in 2017 until the development of the business database and the single sign-on web portal is complete, regarding the progress the department has made in developing the business database and the single sign-on web portal.
