- (1)
 - (a) A preferential user shall pay an interrupted user an amount equal to the total of the following:
 - (i) the reasonable value of the water interrupted by the preferential use;
 - (ii) applicable crop losses;
 - (iii) other consequential damages incurred as a result of the interruption; and
 - (iv) interest on the amounts described in Subsections (1)(a)(i), (ii), and (iii) in the amount of 8% per annum.
 - (b) Interest described in Subsection (1)(a)(iv) shall start the day on which the preferential user first begins to take water preferentially.
 - (c) A preferential user shall pay an interrupted user the amount described in Subsection (1)(a) by the later of 30 days from the day on which:
 - (i) the preferential user stops diverting water preferentially under this chapter; or
 - (ii) mediation or arbitration under Subsection (2) is complete.

- (d)
 - (i) Once an interrupted user informs the preferential user of the amount owed under Subsection (1)(a), the preferential user has the burden of proof to prove, by a preponderance of the evidence, that an amount different from that asserted by the interrupted user is owed under Subsection (1)(a).
 - (ii) The burden of proof described in this Subsection (1)(d) applies throughout the process of paying compensation, including during mediation, arbitration, or a court action.

 - (iv) Arbitration by the department is not necessary before bringing legal action to adjudicate a claim under this section. The lack of arbitration by the department does not constitute, and may not be interpreted as constituting, a failure to exhaust available administrative remedies or as a bar to bringing legal action.
 - (v) Arbitration under this section is not subject to Title 63G, Chapter 4, Administrative Procedures Act, or Title 78B, Chapter 6, Part 2, Alternative Dispute Resolution Act.
 - (vi) Within 30 days after an arbitrator issues a final award, any party to the arbitration may submit the dispute, the award, or any issue upon which the award is based, to the district court for review by trial de novo unless the parties agree in advance of arbitration that the arbitration is binding and that no de novo review may occur.
- (3)

 - (i) the final amount offered by the interrupted user as part of the mediation described in Subsection (2)(a); or
 - (ii) the final amount determined by the department as a result of arbitration described in Subsection (2).
- (5)
- (a) In accordance with this Subsection (5), an interrupted user may apply for one or more 0% interest loans from the commission to compensate the interrupted user while the interrupted user is waiting to be compensated by the preferential user under this section.

 - (c)
 - (i) Once the commission obtains a complete application under Subsection (5)(b), the commission shall determine whether the interrupted user is eligible for a loan and the amount to be loaned using reliable third-party market and producer information, when available, as close as possible to the beginning date of the water delivery interruption, except that a single loan may not exceed \$150,000.
 - (ii) For agriculture commodities, the commission may determine unit prices and base adjustments by using:
 - (A) applicable United States Department of Agriculture crop pricing data sets;
 - (B) Utah State University Extension data sets; and
 - (C) publications, fact sheets, and enterprise budgets data sets published by a university.
 - (iii) For agriculture commodities, the commission may consider documents filed under Subsection (5)(b) to establish historical production records provided by the interrupted user.

- (e) An interrupted user who receives a loan under this Subsection (5) shall repay the amount of the loan within 30 days of the day on which the interrupted user is paid in full by the preferential user.
- (6)
