

75-2a-122 Effect of act.

The Advance Health Care Directive Act created in this chapter does not:

- (1) create a presumption concerning the intention of an adult who has not made or who has revoked an advance health care directive;
- (2) authorize mercy killing, assisted suicide, or euthanasia; or
- (3) authorize the provision, withholding, or withdrawal of health care, to the extent prohibited by the laws of this state.
