

**79-3-205 Investigatory powers and immunities of survey personnel.**

- (1) Authorized survey personnel, after providing reasonable notification and identification, have the right to enter all lands subject to the police power of the state for the purpose of securing geologic, topographic, and mineral and water resource information or specimens and samples required by the survey in fulfillment of its objectives.
- (2) Survey personnel are immune from trespass while engaged on official business.

Renumbered and Amended by Chapter 344, 2009 General Session
