

1 maintain;

2 (C) more water efficient industrial and commercial processes involving the use of water;

3 (D) water reuse systems, both potable and not potable;

4 (E) distribution system leak repair;

5 (F) dissemination of public information regarding more efficient use of water, including
6 public education programs, customer water use audits, and water saving demonstrations;

7 (G) water rate structures designed to encourage more efficient use of water;

8 (H) statutes, ordinances, codes, or regulations designed to encourage more efficient use
9 of water by means such as water efficient fixtures and landscapes; and

10 (I) incentives to implement water efficient techniques, including rebates to water users to
11 encourage the implementation of more water efficient measures.

12 (2) Before June 1, 1999, each district under this part shall:

13 (a) prepare a water conservation plan and a one-page summary of its contents;

14 (b) devote part of at least one regular meeting of the board of directors to a discussion of
15 the water conservation plan and allow public comment on it;

16 (c) at least one week before the board of directors meeting under Subsection (2)(b), deliver
17 a copy of the water conservation plan and summary to each newspaper of general circulation
18 within the district and other media outlets serving the area of the district; and

19 (d) mail a copy of the water conservation plan and summary to:

20 (i) the legislative body of each county and municipality in which any part of the district
21 is located;

22 (ii) the speaker and the minority party leader of the House of Representatives and the
23 president and minority party leader of the Senate;

24 (iii) the state engineer; and

25 (iv) the governor.

Legislative Review Note
as of 2-3-98 6:55 AM

A limited legal review of this bill raises no obvious constitutional or statutory concerns.
