16 **53A-17a-111. Weighted pupil units for programs for students with disabilities --**

17 **District allocation.**

18 (1) There is appropriated to the State Board of Education [~~\$125,980,731 (70,341)~~  
19 \$130,477,104 (70,376 weighted pupil units) for allocation to local school board programs for  
20 students with disabilities.

21 (2) Included in the appropriation is [~~\$94,328,388~~] \$97,394,328 for add-on WPU for  
22 students with disabilities enrolled in regular programs.

23 (3) The number of weighted pupil units for students with disabilities shall reflect the direct  
24 cost of programs for those students conducted in accordance with definitions, guidelines, rules, and  
25 standards established by the State Board of Education in accordance with Title 63, Chapter 46a,  
26 Utah Administrative Rulemaking Act.

27 (4) Disability program monies allocated to districts are restricted and shall be spent for the  
28 education of students with disabilities but may include expenditures for approved programs of  
29 services conducted for certified instructional personnel who have students with disabilities in their  
30 classes.

31 (5) The State Board of Education shall establish and strictly interpret definitions and

1 provide standards for determining which students have disabilities and shall assist districts in  
2 determining the services that should be provided to students with disabilities.

3 (6) Each year the board shall evaluate the standards and guidelines that establish the  
4 identifying criteria for disability classifications to assure strict compliance with those standards  
5 by the districts.

6 (7) Each district shall receive its allocation of monies appropriated in Subsection  
7 53A-17a-111(2) for add-on WPU's for students with disabilities enrolled in regular programs as  
8 provided in this subsection.

9 (a) The State Board of Education shall use the total number of special education add-on  
10 weighted pupil units used to fund fiscal year 1989-90 as a foundation for the special education  
11 add-on appropriation.

12 (b) A district's special education add-on WPU's for the current year may not be less than  
13 the foundation special education add-on WPU's.

14 (8) When monies appropriated under this chapter fund the foundation weighted pupil units,  
15 as outlined in Subsection (7)(a), growth WPU's shall be added to the prior year special education  
16 add-on WPU's, and growth WPU's shall be determined as follows:

17 (a) The special education student growth factor is calculated by comparing S-3 total  
18 special education ADM of two years previous to the current year to the S-3 total special education  
19 ADM three years previous to the current year, not to exceed the official October total district  
20 growth factor from the prior year.

21 (b) When calculating and applying the growth factor, a district's S-3 total special education  
22 ADM for a given year is limited to 12.18% of the district's S-3 total student ADM for the same  
23 year.

24 (c) Growth ADMs are calculated by applying the growth factor in Subsection (8)(a) to the  
25 S-3 total special education ADM of two years previous to the current year.

26 (d) Growth ADMs for each district in Subsection (8)(c) are multiplied by 1.53 weighted  
27 pupil units and added to the prior year special education add-on WPU to determine each district's  
28 total allocation.

29 (9) If monies appropriated under this chapter for programs for students with disabilities  
30 do not meet the costs of districts for those programs, each district shall first receive the amount  
31 generated for each student with a disability under the basic program.
