(I) the standards established pursuant to Subsection 26-8a-404(2); and

(II) the requirement of public convenience and necessity.

(c) If the department finds that a license meets the requirements of Subsection (2)(b), the department shall amend the license to reflect:

629 a mutual aid agreement to allow another licensed provider to give assistance in times of unusual
630 demand, as that term is defined by the committee in rule.

631 (b) A mutual aid agreement shall include a formal written plan detailing the type of
632 assistance and the circumstances under which it would be given.

633 (c) The parties to a mutual aid agreement shall submit a copy of the agreement to the

673 shall be for all ground ambulance services or paramedic services arising within the geographic
674 service area, except that an applicant may apply for a license for less than all ground ambulance
675 services or all paramedic services arising within an exclusive geographic area if it can demonstrate
676 how the remainder of that area will be served.

677 (4) Upon receiving a completed application and the required fees, the department shall
678 review the application and determine whether the application meets the minimum requirements
679 for licensure.

680 (5) The department may deny an application if it finds that it contains any materially false

701 (3) The department may join the proceeding as a party to represent the public interest.

702 (4) Others who may be affected by the grant of a license to the applicant may join the

736 licensed providers to service their exclusive geographic service areas. The issuance or amendment
737 of a license may not create an orphaned area.
