30 ENACTS:

31 **58-16a-801**, Utah Code Annotated 1953

32 *Be it enacted by the Legislature of the state of Utah:*

33 Section 1. Section **31A-22-613** is amended to read:

34 **31A-22-613. Permitted provisions for disability insurance policies.**

35 The following provisions may be contained in a disability insurance policy, but if they are
36 in that policy, they shall conform to at least the following minimum requirements for the
37 policyholder:

38 (1) Any provision respecting change of occupation may provide only for a lower maximum
39 benefit payment and for reduction of loss payments proportionate to the change in appropriate
40 premium rates, if the change is to a higher rated occupation, and this provision shall provide for
41 retroactive reduction of premium rates from the date of change of occupation or the last policy
42 anniversary date, whichever is the more recent, if the change is to a lower rated occupation.

43 (2) Section 31A-22-405 applies to misstatement of age in disability policies, with the
44 appropriate modifications of terminology.

45 (3) Any policy which contains a provision establishing, as an age limit or otherwise, a date
46 after which the coverage provided by the policy is not effective, and if that date falls within a
47 period for which a premium is accepted by the insurer or if the insurer accepts a premium after that
48 date, the coverage provided by the policy continues in force, subject to any right of cancellation,
49 until the end of the period for which the premium was accepted. This Subsection (3) does not
50 apply if the acceptance of premium would not have occurred but for a misstatement of age by the
51 insured.

52 (4) Any provision dealing with preexisting conditions shall be consistent with Subsections
53 31A-22-605(9)(a) and 31A-22-609(2), and any applicable rule adopted by the commissioner.

54 (5) (a) If an insured is otherwise eligible for maternity benefits, a policy may not contain
55 language which requires an insured to obtain any additional preauthorization or preapproval for
56 customary and reasonable maternity care expenses or for the delivery of the child after an initial
57 preauthorization or preapproval has been obtained from the insurer for prenatal care. A
58 requirement for notice of admission for delivery is not a requirement for preauthorization or

59 preapproval, however, the maternity benefit may not be denied or diminished for failure to provide
 60 admission notice. The policy may not require the provision of admission notice by only the
 61 insured patient.

62 (b) This Subsection (5) does not prohibit an insurer from:

63 (i) requiring a referral before maternity care can be obtained;

64 (ii) specifying a group of providers or a particular location from which an insured is
 65 required to obtain maternity care; or

66 (iii) limiting reimbursement for maternity expenses and benefits in accordance with the
 67 terms and conditions of the insurance contract so long as such terms do not conflict with
 68 Subsection (5)(a).

69 (6) An insurer may only represent that a policy:

70 (a) offers a vision benefit if the policy:

71 (i) charges a premium for the benefit; and

72 (ii) provides reimbursement for materials or services provided under the policy; and

73 (b) covers laser vision correction, whether photorefractive keratectomy, laser assisted
 74 in-situ keratomelisis, or related procedure, if the policy:

75 (i) charges a premium for the benefit; and

76 (ii) the procedure is at least a partially covered benefit.

77 Section 2. Section **58-13-2** is amended to read:

78 **58-13-2. Emergency care rendered by licensee.**

79 A person licensed under Title 58, Occupations and Professions, to practice as any of the
 80 following health care professionals, who is under no legal duty to respond, and who in good faith
 81 renders emergency care at the scene of an emergency gratuitously and in good faith, is not liable
 82 for any civil damages as a result of any acts or omissions by the person in rendering the emergency
 83 care:

84 (1) osteopathic physician;

85 (2) physician and surgeon;

86 (3) naturopath;

87 (4) dentist or dental hygienist;

88 (5) chiropractic physician;

89 (6) physician assistant; [or]

90 (7) optometrist; or
91 [~~(7)~~] (8) nurse licensed under Section 58-31b-301.

92 Section 3. Section **58-13-3** is amended to read:

93 **58-13-3. Qualified immunity -- Health professionals -- Charity care.**

94 (1) (a) The Legislature finds many residents of this state do not receive medical care and
95 preventive health care because they lack health insurance or because of financial difficulties or
96 cost. The Legislature also finds that many physicians, charity health care facilities, and other
97 health care professionals in this state would be willing to volunteer medical and allied services
98 without compensation if they were not subject to the high exposure of liability connected with
99 providing these services.

100 (b) The Legislature therefore declares that its intention in enacting this section is to
101 encourage the provision of uncompensated volunteer health care in charity care settings in
102 exchange for a limitation on liability for the health care facilities and health care professionals who
103 provide those volunteer services.

104 (2) As used in this section:

105 (a) "Health care facility" means any clinic or hospital, church, or organization whose
106 primary purpose is to sponsor, promote, or organize uncompensated health care services for people
107 unable to pay for health care services.

108 (b) "Health care professional" means individuals licensed under Title 58, Occupations and
109 Professions, as physicians and surgeons, osteopaths, podiatrists, optometrists, chiropractors,
110 dentists, dental hygienists, registered nurses, certified nurse midwives, and other nurses licensed
111 under Section 58-31b-301.

112 (c) "Remuneration or compensation":

113 (i) (A) means direct or indirect receipt of any payment by the physician and surgeon, health
114 care facility, other health care professional, or organization, on behalf of the patient, including
115 payment or reimbursement under medicare or medicaid, or under the state program for the
116 medically indigent on behalf of the patient; and

117 (B) compensation, salary, or reimbursement to the health care professional from any source
118 for the health care professional's services or time in volunteering to provide uncompensated health
119 care; and

120 (ii) does not mean any grant or donation to the health care facility used to offset direct

121 costs associated with providing the uncompensated health care such as medical supplies or drugs.

122 (3) A health care professional who provides health care treatment at a health care facility
123 is not liable in a medical malpractice action if:

124 (a) the treatment was within the scope of the health care professional's license under this
125 title;

126 (b) neither the health care professional nor the health care facility received compensation
127 or remuneration for the treatment;

128 (c) the acts or omissions of the health care professional were not grossly negligent or
129 willful and wanton; and

130 (d) prior to rendering services, the health care professional disclosed in writing to the
131 patient, or if a minor, to the patient's parent or legal guardian, that the health care professional is
132 providing the services without receiving remuneration or compensation and that in exchange for
133 receiving uncompensated health care, the patient consents to waive any right to sue for
134 professional negligence except for acts or omissions which are grossly negligent or are willful and
135 wanton.

136 (4) A health care facility which sponsors, promotes, or organizes the uncompensated care
137 is not liable in a medical malpractice action for acts and omissions if:

138 (a) the health care facility meets the requirements in Subsection (3)(b);

139 (b) the acts and omissions of the health care facility were not grossly negligent or willful
140 and wanton; and

141 (c) the health care facility has posted, in a conspicuous place, a notice that in accordance
142 with this section the health care facility is not liable for any civil damages for acts or omissions
143 except for those acts or omissions that are grossly negligent or are willful and wanton.

144 (5) Immunity from liability under this section does not extend to the use of general
145 anesthesia or care that requires an overnight stay in a general acute or specialty hospital licensed
146 under Title 26, Chapter 21, Health Care Facility Licensing and Inspection Act.
