6833 The Division assigns a charge to all services performed regardless of the client's or

6834 third party insurer's financial responsibility or the likelihood of receiving payment
 6835 for the services. Projected numbers of units of services are based on past
 6836 experiences but are subject to significant variation determined by the actual needs
 6837 of patients and changes in medical practices. Hence, it is not possible to calculate
 6838 the change in revenue resulting from a change in the charge for a given service.
