96 Section 3. Section **9-2-1902** is enacted to read:

98 (1) The Legislature finds that:

99 (a) fundamental changes have occurred in national and international financial markets  
100 and in the state's financial markets;

101 (b) a critical shortage of seed and venture capital resources exists in the state, and that  
102 shortage is impairing the growth of commerce in the state;

103 (c) a need exists to increase the availability of venture equity capital for emerging,  
104 expanding, and restructuring enterprises in Utah, including enterprises in the life sciences,  
105 advanced manufacturing, and information technology; and

106 (d) increased venture equity capital investments in emerging, expanding, and  
107 restructuring enterprises in Utah will:

108 (i) create new jobs in the state; and

109 (ii) help to diversify the state's economic base.

110 (2) This part is enacted to:

111 (a) mobilize private investment in a broad variety of venture capital partnerships in  
112 diversified industries and locales;

113 (b) retain the private-sector culture of focusing on rate of return in the investing  
114 process;

115 (c) secure the services of the best managers in the venture capital industry, regardless  
116 of location;

117 (d) facilitate the organization of the Utah fund of funds to seek private investments and  
118 to create interest in those investments by offering state incentives for private persons to make

119 investments in the Utah fund of funds;

120 (e) enhance the venture capital culture and infrastructure in the state so as to increase  
121 venture capital investment within the state and to promote venture capital investing within the  
122 state; and

123 (f) accomplish the purposes referred to in Subsections (2)(a) through (e) in a manner  
124 that would maximize the direct economic impact for the state while minimizing any  
125 appropriations by the state.
