4                   2003 GENERAL SESSION

5                   STATE OF UTAH

6                   **Sponsor: Michael T. Morley**

7   **This joint resolution of the Legislature urges Utah's congressional delegation to support**  
8   **and vote for all efforts to build and deploy a national missile defense system.**

9   *Be it resolved by the Legislature of the state of Utah:*

10           WHEREAS, the 1972 Anti Ballistic Missile (ABM) Treaty was signed with a nation  
11   that no longer exists;

12           WHEREAS, an increasing number of nations--including North Korea--either currently  
13   possess the capability to launch missile attacks against the United States or are working to  
14   obtain that capability;

15           WHEREAS, due in part to advances in technology, the possibility that a missile bearing  
16   a weapon of mass destruction will be used against United States forces or interests is higher  
17   today than it was during most of the Cold War;

18           WHEREAS, terrorist groups, not just states, may have the means to buy  
19   intercontinental ballistic missiles;

20           WHEREAS, the nation still has no defense against missile attack;

21           WHEREAS, the Cold War policy of "mutual assured destruction" assumed in arms  
22   control treaties is not sufficient to deter terrorist missile attacks; and

23           WHEREAS, defending against a missile attack is the government's moral obligation:

24           NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah  
25   urges the state's congressional delegation to support and vote for all efforts to build and deploy  
26   a national missile defense system as rapidly as possible.

27           BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of

28 the United States Senate, the Speaker of the United States House of Representatives, and the  
29 members of Utah's congressional delegation.
