28 (ii) Title 58, Occupations and Professions.

33 section may be construed as requiring a third party administrator to use its own funds to pay
34 claims that have not been funded by the entity for which the third party administrator is paying
35 claims.

36 (d) "Provider" means:

37 (i) a health care provider to whom an insurer is obligated to pay directly in connection
38 with a claim by virtue of:

45 (2) An insurer shall timely pay every valid insurance claim submitted by a provider in
46 accordance with this section.

47 (3) (a) Within 30 days of receiving a written claim, an insurer shall do one of the
48 following:

50 (ii) provide a written explanation if the claim is denied;

51 (iii) specifically describe and request any additional information from the provider that
52 is necessary to process the claim;

53 (iv) inform the provider, pursuant to Subsection (4), of the 30-day extension of the
54 insurer's investigation of the claim; or

55 (v) request additional information and inform the provider of the 30-day extension if
56 both Subsections (3)(a)(iii) and (iv) apply.

57 (b) A provider shall respond to each request by an insurer for additional necessary
58 information made under Subsection (3)(a)(iii) or (v) within 30 days of receipt of the request by

59 providing the requested information that is in the possession of the provider, unless:

60 (i) the provider has requested and received the permission of the insurer to extend the
61 30-day period; or

62 (ii) the provider explains to the insurer in writing that additional time, which may not
63 exceed 30 days, is necessary to comply with the request for information.

64 (c) Subsection (7) shall apply after an insurer has received the information requested.

65 (4) The time to investigate a claim may be extended by the insurer for an additional
66 30-days if:

69 (b) before the end of the 30-day period in Subsection (3)(a), the insurer informs the
70 provider in writing of the reason for the payment delay, the nature of the investigation, the
71 timelines for investigations established in this section, and the anticipated completion date.

72 (5) Notwithstanding Subsection (4), the time to investigate a claim may be extended
73 beyond the initial 30-day period and the extended 30-day period if:

74 (a) due to matters beyond the control of the insurer, the investigation cannot reasonably
75 be completed within 60 days as to some part or all of the claim;

76 (b) before the end of the combined 60-day period, the insurer makes a written request
77 to the commissioner for an extension, including the reason for the delay, the nature of the
78 investigation, the anticipated completion date, and the amount of any partial payment of the
79 claim made pursuant to Subsection (5)(d);

80 (c) before the end of the combined 60-day period, the commissioner informs the
81 insurer that the request for an extension has been granted, based on a finding that:

82 (i) there is a good faith and articulable reason to believe that the insurer is not obligated
83 to pay some part or all of the claim; and

84 (ii) the investigation cannot reasonably be completed within 60 days; and

85 (d) the insurer identifies and pays all sums the insurer is obligated to pay on the claim
86 and which are not subject to the extension requested under this Subsection (5).

87 (6) An extension granted by the commissioner under Subsection (5)(c) shall include the
88 completion date for the investigation.

89 (7) (a) An insurer shall pay all sums to the provider that the insurer is obligated to pay

90 on the claim, and provide a written explanation of any part of the claim that is denied within 20

95 (b) (i) Except as provided in Subsection (7)(c), an insurer may send a follow-up request
96 for additional information within the 20-day time period in Subsection (7)(a) if the previous
97 response of the provider was not sufficient for the insurer to make a decision on the claim.

98 (ii) A follow-up request for additional necessary information shall state with
99 specificity:

- 100 (A) the reason why the previous response was insufficient;
- 101 (B) the information that is necessary to comply with the request for information; and
- 102 (C) the reason why the requested information is necessary to process the claim.

103 (c) Unless an insurer has an extension for an investigation pursuant to Subsection (4)
104 or (5), the insurer shall pay all sums it is obligated to pay on a claim and provide a written
105 explanation of any part of the claim that is denied within 20 days of receiving a notice from the
106 provider that the provider has submitted all requested information in the provider's possession
107 that is related to the claim.

108 (8) (a) Whenever an insurer makes a payment to a provider on any part of a claim
109 under this section, the insurer shall also send to the insured an explanation of benefits paid.

110 (b) Whenever an insurer denies any part of a claim under this section, the insurer shall
111 also send to the insured a written explanation of the part of the claim that was denied and

121 this section.

122 (b) For the first 90 days that a claim payment or a provider response to a request for

125 (ii) the total number of days the response or the payment [~~is~~] was late; and

126 (iii) .1%.

127 (c) For a claim payment or a provider response to a request for information that is 91 or

130 (ii) the following multiplied together:

131 (A) the total amount of the claim;

132 (B) the total number of days the response or payment was late beyond the initial 90-day
133 period; and

138 less than \$1.

139 (10) Each insurer shall establish a review process to resolve claims-related disputes
140 between the insurer and providers.
