1st Sub. (Green) S.C.R. 2

02-24-04 8:08 AM

26	Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:
27	WHEREAS, Peck Rock & Products, LLC, desires to operate a Class VI commercial
28	landfill to receive solely construction and demolition waste, as defined in Section 19-6-102 of
29	the Utah Code, for treatment, storage, or disposal;
30	WHEREAS, the site of the proposed landfill is a parcel of approximately 400 acres,
31	located west of Lehi and Saratoga Springs in Township 6 South, Range 1 West, Section 3;
32	WHEREAS, the landfill facility is to be located at the site where Peck Rock &
33	Products, LLC, is currently mining clay, limestone, sand, and gravel;
34	WHEREAS, excavation holes exist at this site as a result of ten years of mining
35	activities by Peck Rock & Products, LLC, and these excavations would be used solely as
36	construction and demolition landfill sites under the proposed operation plan;
37	WHEREAS, this site is located on School and Institutional Trust Land property and
38	Peck Rock & Products, LLC, holds mineral leases at this site;
39	WHEREAS, Peck Rock & Products, LLC, currently holds a Class IV permit to operate
40	at this site a private construction and demolition waste facility;
41	WHEREAS, under Utah Administrative Rule R315-301-2 a Class VI commercial
42	landfill may accept only specified waste, and may not accept municipal waste;
43	WHEREAS, a landfill that is granted a Class VI permit would not be allowed to accept
44	municipal waste unless it applied for a permit as a Class V commercial landfill, met all the
45	requirements of a Class V commercial landfill , and was granted a Class V commercial landfill
46	permit;
47	WHEREAS, Section 19-6-108 of the Utah Code requires that an applicant for authority
48	to operate a commercial landfill must receive approval from the Utah State Legislature and the
49	Governor of the State as a part of the approval process;
50	WHEREAS, Peck Rock & Products, LLC, submitted a proposed operation plan for a
51	Class VI commercial construction and demolition waste landfill to the Department of
52	Environmental Quality, and the Department of Environmental Quality made a draft permit
53	available for public comment as part of the approval process; and
54	WHEREAS, the public comment period has ended, and the executive secretary of the
55	Solid and Hazardous Waste Control Board has approved the operation plan of Peck Rock
56	&Products, LLC:
