*Be it resolved by the Legislature of the state of Utah:*

WHEREAS, access to quality health care is a basic need of individuals and families within the state;

27 WHEREAS, employer sponsored health insurance is the most common means of  
28 insuring nonelderly Americans;

29 WHEREAS, the growth in the cost of health care has made it increasingly difficult for  
30 employers, especially small employers, to provide affordable health care coverage to their  
31 employees;

32 WHEREAS, there is consequently a need to foster insurance coverage other than  
33 employer sponsored health insurance;

34 WHEREAS, current federal law provides a tax benefit for health insurance provided as  
35 an employee fringe benefit, but generally offers no similar tax benefit for health insurance  
36 purchased by individuals;

37 WHEREAS, current federal law provides a tax benefit on third-party payment of  
38 medical expenses, but generally offers no similar tax benefit for most individuals' direct  
39 payment of medical expenses;

40 WHEREAS, this tax structure has negative implications such as: curtailing competition  
41 for health insurance and health care services generally resulting in higher costs; increasing  
42 large group health care delivery systems resulting in decisions being made by large health care  
43 bureaucracies and the eroding of the doctor-patient relationship; restricting individuals'  
44 freedom to exercise direct control over their health care costs; and discriminating against  
45 individuals who work for employers that do not provide health benefits, who are unemployed,  
46 or who are disabled;

47 WHEREAS, access to health care, choice in health care decisions, and affordability of  
48 health care may improve if Congress places the medical choices made by individuals on equal  
49 footing with those made by employers and third parties; and

50 WHEREAS, Congress is considering adoption of the Health Care Freedom of Choice  
51 Act through the passage of H.R. ~~H~~→ [66] 4625 ←~~H~~ , 109th Cong. (2005) which would  
51a provide for the tax  
52 deductibility of expenses for medical care of the taxpayer, the taxpayer's spouse, or a dependent  
53 of the taxpayer, which the taxpayer pays but for which the taxpayer is not compensated:

54 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah  
55 urges Congress to pass H.R. ~~H~~→ [66] 4625 ←~~H~~ , 109th Congress, First Session, which  
55a provides tax benefits to  
56 individual health care choices.

57 BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Majority
