

30 is given the following items of study to assign to the appropriate interim committee with the  
31 duty to study and make recommendations for legislative action to the 57th Legislature prior to  
32 the 2008 Annual General Session.

33 BE IT FURTHER RESOLVED that the Legislative Management Committee, in  
34 making study assignments from this list and in approving study requests for individual  
35 committees, give consideration to the available time of legislators and the budget and capacity  
36 of staff to respond adequately to the number and complexity of the assignments given.

37 1. Alternatives to the Sexually Explicit Business and Escort Tax - to study and  
38 evaluate the scope of, and possible alternatives to, the current Title 59, Chapter 27, Sexually  
39 Explicit Business and Escort Service Tax, including whether to impose a charge on  
40 establishments that serve alcoholic beverages and want to permit persons in stages of undress  
41 to provide services on those premises, ensuring that the distributions of monies collected from  
42 any tax, fee, or charge is distributed to the appropriate state agencies to assist in addressing  
43 issues related to sexual offenses, and providing for effective collection and enforcement of any  
44 tax, fee, or charge.

45 2. Assumption of Indebtedness - to study federal preemption of Title 57, Chapter 15,  
46 Assumption of Indebtedness on Residential Real Property.

47 3. Auto Insurance Coverage - to study state minimum requirements for automobile  
48 insurance coverage.

49 4. Building Standards - to study Title 58, Chapter 56, Utah Uniform Building  
50 Standards Act.

51 5. Construction Industry Pay Practices - to study the use of independent contractor  
52 status and cash payments to workers to avoid obligations under state, federal, and local  
53 workers' compensation and unemployment insurance taxes.

54 6. Deferred Deposit Loans - to study treatment of payments and operational  
55 restrictions, including the contents of the required written contract and prohibitions on the  
56 number, term, and the amount of a deferred deposit loan (H.B. 329).

57 7. Disaster Insurance - to study state disaster insurance for individual homes using the

58 state as pool.

59 8. Displaced Mobile Home Owners - to study assistance for mobile home owners  
60 displaced from a mobile home park because of a change in land use (H.B. 332).

61 9. Employer Organizations - to study the regulation of professional employer  
62 organizations.

63 10. Employment Verification - to study state participation in the federal employment  
64 verification program (1st Sub. H.B. 156).

65 11. Fair Market Value in Limited Liability Corporations - to study and compare "fair  
66 market value" for minority stockholder shares in limited liability corporations and regular  
67 corporations and explanations for the difference in treatment or definition.

68 12. Garnishment Fees - to study whether fees paid to an employer should be paid by  
69 the creditor or the employee, and whether the amount of an employer's processing fee for a  
70 continuing garnishment should be capped (H.B. 90).

71 13. Health Insurance and Worker's Compensation - to study issues related to health  
72 insurance managed care and worker's compensation.

73 14. Insurance Mandates - to study health insurance mandates and their effects on small  
74 businesses.

75 15. Legal Status Requirements - to study the legal status requirements for state  
76 workers and contractors on state projects.

77 16. Minimum Wage - to study increases in the minimum wage and a review of  
78 minimum wages by the Labor Commission (H.B. 256).

79 17. Mobile Home Owners - to study the rights of mobile home owners.

80 18. Motor Vehicle Coverage - to study the Motor Vehicles Warranties Act to  
81 determine the scope and extent of coverage.

82 19. Noncompetition Agreements - to study enacting statutes related to employee  
83 noncompetition agreements.

84 20. Operational Requirements for On-premises and Off-premises Beer Retailers - to  
85 study whether there should be certain similar operational requirements on off-premises beer

86 retailers as there are on on-premises beer retailers.

87 21. Payday Lending - to study the payday lending loan industry (S.B. 329).

88 22. Payday Lending Issues - to study payday lending in general.

89 23. Payments to Employees - to study enforcement of labor and other laws affected by  
90 the practice of paying employees with cash.

91 24. Plumbing Licensing - to study plumbing license changes.

92 25. Prescription Drug Information - to study commercial use of prescription drug  
93 information.

94 26. Prescriptions by Psychologists - to study licensure for prescriptions by  
95 psychologists.

96 27. Prosthetic Coverage - to study insurance coverage for prosthetics.

97 28. Reduction in Workers' Compensation Benefits - to study the 50% reduction in  
98 workers' compensation benefits when a person begins to receive Social Security insurance  
99 benefits, whether the reduction should be maintained, reduced, or eliminated, and the impact  
100 on the individual and the budget.

101 29. Resident Relocation Assistance - to study methods of funding relocation assistance  
102 for residents displaced by the sale of mobile home parks.

103 30. Restitution for Enforcement of Alcoholic Beverage Laws - to study whether an  
104 alcoholic beverage licensee encouraging enforcement of laws prohibiting minors from entering  
105 an establishment should receive restitution from a convicted minor for the licensee's costs.

106 31. Savings by Low and Moderate Income Families - to study creating incentives for  
107 low and moderate income families to save for education, retirement, etc. and to form assets in  
108 general.

109 32. Service of Garnishments - to study whether recourse should be available against an  
110 entity that disregards obvious information and causes a garnishment to be served on the wrong  
111 person.

112 33. Small Business Health Insurance - to study how to develop a basic health  
113 insurance product for small employers and their employees that is affordable and not subject to

114 the traditional mandates.

115           34. Small Business Health Plan - to study and identify the most effective health  
116 insurance programs for small businesses that share actuarial risk broadly (H.B. 152).

117           35. Uniform Real Property Electronic Recording - to study providing for the validity  
118 and recording of electronic documents, and creating the Electronic Recording Commission to  
119 adopt standards for recording electronic documents (S.B. 88).

120           36. Workers' Compensation - to study issues related to the Workers' Compensation  
121 Fund of Utah.

122           37. Alternative to Basic Skills Competency Test - to study allowing the State Board of  
123 Education to use a nationally norm-referenced test to satisfy the basic skills competency test  
124 requirement (H.B. 331).

125           38. Applied Technology - to study issues related to applied technology education and  
126 governance (H.B. 371 and S.B. 229).

127           39. Basic School Levy - to study implementing inflationary increases into the  
128 minimum basic school levy program and adding statutory language to allow for increases based  
129 on the Consumer Price Index.

130           40. College Degrees - to study reduced-cost college degrees.

131           41. Community Councils - to study issues related to school community councils.

132           42. Cost of College Degrees - to study issues related to reduced-cost college degrees.

133           43. Education Excellence - to study professional excellence in public education.

134           44. Education Funding - to study issues related to public education and charter school  
135 funding.

136           45. Funding College and Workforce Readiness Assessments - to study a legislative  
137 initiative whereby the state pays for all 9th grade, 10th grade, and 11th grade students to take a  
138 series of college and workforce readiness assessments with content standards in English, math,  
139 reading, and science as developed by ACT.

140           46. Funding Formula - to study the school transportation funding formula.

141           47. Indicators of School Quality - to study implementing the seven indicators of school

142 quality as identified by the Center for the School of the Future at Utah State University.

143 48. Kindergarten Readiness - to study statewide prekindergarten program, including  
144 provisions of the Kindergarten Readiness Initiative (S.B. 222).

145 49. Mission of Higher Education - to study the role and mission of higher education at  
146 individual institutions.

147 50. Obesity Prevention in Schools - to study expanding Gold Medal Schools to include  
148 middle schools.

149 51. Online Testing in Public Education - to study online testing for criterion  
150 referenced tests, the UBSCT, and other state mandated tests in public education.

151 52. Public Education Funding - to study the equalization of all state and local public  
152 school education funding.

153 53. School Services for the Deaf and Blind - to study ways to more effectively provide  
154 services that will meet the needs of deaf and blind students throughout the state (3rd Sub. H.B.  
155 291).

156 54. Statewide Compensation for Teachers - to study uniformity in handling  
157 compensation for teachers by the state rather than by individual school districts and charter  
158 schools.

159 55. Taylor Plan - to study state-funded, merit-based opportunities for high school  
160 students to earn their college tuition, meet standardized test scores, and meet and maintain  
161 grade point average requirements.

162 56. Teacher Loans - to study low cost loans for teachers (H.B. 416).

163 57. Teacher Salaries and Benefits - to study and compare the salary schedules and  
164 benefits of neighboring states and determine the advisability and means of increasing teacher  
165 salaries to the national average, and continue ProExcel implementation.

166 58. Technology in Schools - to study ensuring technology-assisted instruction is  
167 utilized in Utah's public schools.

168 59. Testing and Diplomas - to study high school diploma requirements and high stakes  
169 testing.

- 170           60. Use of Education Funds - to study the use of surplus Education Fund and Uniform  
171 School Fund monies (H.B. 429).
- 172           61. Withdrawal from Compact - to study the withdrawal of the state from the Compact  
173 for Education (S.B. 128).
- 174           62. Agency Influence - to study the role the Office of Ethnic Affairs plays in  
175 influencing legislation, including links from state websites to various affiliations.
- 176           63. Audit of Leases Related to Revenue Bonds - to study requiring certain contract  
177 clauses related to the financial condition of a private entity that is making lease payments  
178 pledged to pay the principal or interest on revenue bonds (H.B. 251).
- 179           64. Certifying Ballot Information - to study consolidation of dates relating to  
180 certification of ballot information by the Lieutenant Governor.
- 181           65. Constitutional Defense Council - to study the duties of the Constitutional Defense  
182 Council.
- 183           66. Early Voting - to study early voting for the disabled in municipal elections.
- 184           67. Financing Legislative Races - to study issues related to the public financing of  
185 legislative races in Utah.
- 186           68. Legal Notices - to study issues related to the posting of legal notices on the Internet  
187 (S.B. 67).
- 188           69. Noncitizen Utilization of Public Services - to study noncitizen use of public  
189 services using research from other states, and Utah's experience.
- 190           70. Noncompete Reimbursement - to study the feasibility of having new employees  
191 sign a noncompete or reimbursement contract that provides that if, after being trained at state  
192 expense, they leave for another government job (i.e. state to county), either the employee or the  
193 government entity the employee joins be required to reimburse the state for training costs.
- 194           71. Notice of Public Meetings Website - to study the feasibility of creating a  
195 state-provided website for state and local governmental entities to post notices of their  
196 meetings.
- 197           72. Ombudsman Consolidation - to study consolidating the ombudsman's offices into

198 an information center.

199           73. Political Activities of Public Entities - to study Title 20A, Chapter 11, Part 12,  
200 Political Activities of Public Entities Act, to determine whether the current statute adequately  
201 defines and limits public entities from influencing ballot propositions, whether increased  
202 penalties for a violation of the act should be provided, and determine whether the act  
203 adequately identifies who is responsible for enforcement of the act against violations.

204           74. President Elections - to study enacting an agreement between states to elect the  
205 President of the United States by national popular vote (H.B. 346).

206           75. Public Employees Union Financial Responsibility - to study reporting  
207 requirements for public employee unions (H.B. 430).

208           76. Public Hearings on Water Rights - to study amending open meetings laws to  
209 expand the current strategy session exemption for the discussion of the sale, purchase,  
210 exchange, or lease of real property to include personal property, including the purchase of  
211 water rights.

212           77. Remedy for Alleged Sexual Harassment - to study whether to amend the  
213 Utah-Anti-Discrimination Act to make it clear that alleged victims of sexual harassment have  
214 the right to pursue claims which would be actionable under Utah common law.

215           78. State Planning Coordinator - to study the powers and duties of the state planning  
216 coordinator.

217           79. Veterans' Benefits and Procurement Preferences - to study the current programs to  
218 help veterans enjoy economic self-reliance by providing them a preference program for  
219 government procurement contracts.

220           80. Voter Registration and Provisional Voting - to study permitting election day voter  
221 registration and extending provisional voting to all elections (1st Sub. H.B. 287).

222           81. Wage Comparison - to study and compare wages of corrections officers with  
223 those of surrounding states, including privatized prison employees.

224           82. Baby Watch and Early Intervention - to study the feasibility of utilizing private  
225 insurance for the early intervention program.

- 226           83. Cancer Prevention - to study vaccinations for cervical cancer.
- 227           84. Children with Autism - to study what measures can be taken to address the role of  
228 whether an unhealthy immune system is causing autism in children.
- 229           85. Cigarette Ignition - to study reducing cigarette ignition propensity.
- 230           86. Contraceptive Equity - to study issues related to contraceptive equity.
- 231           87. Deaf/Blind - to study definitions of "deaf" and "blind" in the Utah Code.
- 232           88. Disaster Case Management - to study "pay for performance" strategies for quality  
233 improvement and cost management of Medicaid disaster cases.
- 234           89. Enhancing Service to Aged and Disabled - to study and identify efficiencies and  
235 evaluate options for enhancing and expanding the home and community-based care  
236 infrastructure and related services for aged and disabled Utahns.
- 237           90. Health Care Cost Shifting - to study health care cost shifting and how it can be  
238 reduced.
- 239           91. Health Care Financing Issues - to study the relationships, similarities, differences,  
240 costs, patient characteristics, and outcomes between home and community-based waiver  
241 services and institutional care.
- 242           92. Health Care Utilization - to study whether there is overutilization of health care  
243 services in the public or private sector.
- 244           93. Insurance for Morbid Obesity - to study requiring the Insurance Commissioner to  
245 adopt administrative rules directing insurance carriers to offer accident and health insurance for  
246 morbid obesity (H.B. 225).
- 247           94. License Exemption in Child Care - to study the license exempt portion of child  
248 care licensing.
- 249           95. Local Health Department Funding - to study and evaluate state funding in relation  
250 to state services provided and other sources of local health department funding.
- 251           96. Low Income Cancer Screening - to study expanding breast and cervical cancer  
252 screening for low income women ages 40-50.
- 253           97. Managed Care and Insurance - to study issues related to managed care, including

254 existing law, and affordable health insurance.

255           98. Medicaid Provider Reimbursement Rates - to study and compare Medicaid  
256 provider reimbursement rates with market insurance rates and create a plan to improve provider  
257 rates.

258           99. Medical Assistance Funds - to study the portability of medical assistance funds  
259 (S.B. 61).

260           100. Medically Uninsured - to study reimbursement for health care services affecting  
261 the medically uninsured (H.B. 136).

262           101. Midwife Licensing - to study Direct-entry midwife licensure amendments.

263           102. Needs of Medicaid Patients - to study requiring acceptance of Medicaid patients,  
264 how to better serve those individuals, and the level of funding for Medicaid patients.

265           103. Nursing Care Facilities - to study the need to lift the nursing home Medicare  
266 moratorium, how to allow more "choice" in skilled nursing home care, and how to bring more  
267 free market competitiveness into the nursing facility market.

268           104. Nursing Home Moratorium - to study a moratorium on new nursing homes that  
269 use Medicare funds.

270           105. Pandemic Issues - to study the recommendation by the Governor's Task Force on  
271 Pandemic Influenza Preparedness to examine the effectiveness of executive branch emergency  
272 powers needed to respond to an influenza pandemic.

273           106. Placing Children into Adoption - to study limiting the placing of children into  
274 adoption to child placing agencies only.

275           107. Promotion of Health Efficiencies - to study requiring the Medicaid program to  
276 allow the use of telemedicine for certain services that are otherwise reimbursable under the  
277 state Medicaid plan, and review guidelines for reimbursing for telemedicine services (H.B.  
278 444).

279           108. Rate Bonding and Affordable Health Care - to study rate bonding by health  
280 insurers and affordable health care.

281           109. Telehealth - to study telehealth and telemedicine initiatives.

282           110. Transport Fees - to study EMS transport and nontransport fees for emergency  
283 response.

284           111. Uninsured Issues - to study health insurance for uninsured children over 200% of  
285 the federal poverty level, requiring full-time higher education students to have health insurance,  
286 and providing vaccines for underinsured children.

287           112. Utah Premium Partnership - to study the use of public and private partnerships to  
288 provide health insurance (H.B. 267).

289           113. Womens' Health - to study womens' health issues.

290           114. Administrative Law Judge Issues Related to the Labor Commission - to study  
291 whether the Labor Commission's administrative law judges (ALJ's) should be moved to the  
292 courts and whether ALJ decisions should be appealed straight to the Utah Court of Appeals.

293           115. Criminal Case Judgment Collections - to study aiding collection of criminal case  
294 judgments by the Office of State Debt Collection, and consider clarifying that judgments on  
295 criminal cases are abstracted or otherwise recorded in a way that assists in collection by the  
296 office, and consider statute of limitations and victim restitution collection issues (civil v.  
297 criminal status).

298           116. Custodial Interrogations - to study requiring custodial interrogations at police  
299 stations to be recorded for admissibility in court.

300           117. Custody Evaluators - to study the training, appointment or selection, and payment  
301 of custody evaluators.

302           118. Custody in Cases of Sexual Offense - to study custody of children when a parent  
303 has been convicted of a sex offense involving a minor.

304           119. Custody Relationships - to study the way relationships with children of divorce  
305 are characterized, and the labels given to the parent the child does not live with (S.B. 178).

306           120. Enforcing Child Visitation Orders - to study methods of enforcing child visitation  
307 orders, including whether some of the same enforcement measures used to enforce child  
308 support orders could be used to enforce visitation orders.

309           121. Parent-time - to study issues related to noncustodial and custodial parent time.

310           122. Qualified Domestic Relations Order - to study the effect of death after a Qualified  
311 Domestic Relations Order.

312           123. Reporting on Appellate Court Rulings - to study requiring the Office of  
313 Legislative Research and General Counsel to make an annual report to the Judiciary Interim  
314 Committee regarding any final, unappealable opinion by certain appellate courts that holds a  
315 Utah Code provision unconstitutional (S.B. 212).

316           124. Split Estates - to study issues related to split estates.

317           125. Status of Nonbiological Parent - to study legal determinations of parent status of  
318 the nonbiological parent upon the death or disability of the biological parent in alternative  
319 family situations.

320           126. Surcharge Cycle - to study changing the cycle in which court surcharges are  
321 remitted to the state.

322           127. Wrongful Death Designation - to study selecting a wrongful death designee in a  
323 will or trust (S.B. 58).

324           128. Communications Law - to study amending a provision of the communications  
325 fraud law to address an issue of vagueness.

326           129. Concealed Weapons Sales - to study concealed weapons sales outside Utah and  
327 Utah's concealed weapons permit law.

328           130. Consumption of Alcohol or Drugs when Pregnant - to study options, including  
329 voluntary and involuntary treatment, and adding consumption of alcohol or drugs when  
330 pregnant to the definition of child neglect.

331           131. Criminal Code Review - to study and review the state's criminal code for  
332 antiquated, unconstitutional, outdated, and unused criminal provisions for possible repeal or  
333 revision.

334           132. Death Penalty Execution Procedures - to study Utah's execution provisions, case  
335 law addressing procedure requirements, various methods regarding execution by lethal  
336 injection, and related policies on the issue.

337           133. Document Fraud - to study issues related to document fraud (H.B. 131).

338           134. Early Intervention - to study utilizing early intervention programs, and directing a  
339 portion of monies saved due to these programs to early intervention pilot programs.

340           135. Felony Classifications for Adult Sex Offenses - to study and evaluate the current  
341 first and second degree felony classifications of certain adult sex offenses.

342           136. Human Trafficking - to study criminalizing human trafficking for forced labor  
343 and for sexual exploitation (H.B. 167).

344           137. Identity Theft Impact - to study the impact of illegal immigrants on identity theft  
345 levels.

346           138. Inmate Costs - to study issues related to inmate medical costs.

347           139. Jail Issues - to study jail contracting and reimbursement.

348           140. Law Enforcement Districts - to study establishing a separate process for the  
349 creation of a county service area to provide extended police protection services (H.B. 450).

350           141. Penalty for Illegal Vehicle Use - to study the suspension of hunting or fishing  
351 privileges for illegal use of a vehicle (H.B. 421).

352           142. Police Services - to study issues related to the consolidation of police services.

353           143. Sex Offender Registry - to study and develop a sex offender registry policy that  
354 places Utah in compliance with the federal Adam Walsh Act.

355           144. Sex Offender Registry Amendments - to study and update the current law,  
356 including addressing F.B.I. recommendations, clarifying requirements, and increasing  
357 frequency of reporting by sex offenders.

358           145. Air Quality Planning - to study the findings of a stakeholder-based task force  
359 within the Division of Air Quality that will review the likely impacts of new air quality  
360 standards for PM2.5 and ozone on public health, transportation, and economic development in  
361 Utah, consider options for funding work in the division to identify and implement actions  
362 necessary to address those impacts, and review this report in the Natural Resources,  
363 Agriculture, and Environment Interim Committee in 2007 on the impacts and funding options.

364           146. Care of Waste Facilities - to study perpetual care of commercial radioactive and  
365 hazardous waste disposal facilities.

366           147. Drinking Water Source Protection - to study the need for a state law requiring the  
367 adoption by counties and cities of a drinking water source protection ordinance similar to the  
368 provisions included in H.B. 140, Safe Drinking Water Amendments.

369           148. Electronic Recycling - to study a state program for the recycling of electronic  
370 devices (S.B. 76).

371           149. Halting Fluoridation by Vote - to study voting to remove fluoridation from the  
372 water supply of a city or town.

373           150. Local Water Supply Provisions - to study the requirements of UCA Section  
374 10-7-4, regarding water supplies, and recommend the removal of obsolete provisions, if any.

375           151. Nonprofit Water Companies - to study developing a separate nonprofit code for  
376 nonprofit water companies, and to correct any unintended consequences from the passage of  
377 S.B. 9 and S.B. 53, 2007 General Session.

378           152. Petroleum Storage Fund - to study the solvency of the Petroleum Storage Tank  
379 Trust Fund.

380           153. Protection of Surface Owner When Minerals Developed - to study establishing a  
381 procedure for mineral development on private land to protect and properly notify the surface  
382 owner (H.B. 121).

383           154. Public Lands Policy Coordinating Council - to study the duties of the Public  
384 Lands Policy Coordinating Council.

385           155. Public Lands Policy Coordinating Office - to study the powers and duties of the  
386 Public Lands Policy Coordinating Office.

387           156. Recycling - to study capitol hill recycling.

388           157. Safe Drinking Water - to study protecting water sources from contamination  
389 (H.B. 140).

390           158. School and Institutional Trust Lands - to study School and Institutional Trust  
391 Lands (SITLA) issues, including whether the lands held are public or private, public access to  
392 the lands, the preservation of lands for public purposes, SITLA compensation, and other issues.

393           159. State Engineer Return Flow Decisions - to study how return flow from imported

394 waters should be addressed in decisions of the state engineer.

395           160. State Engineer's Role in Forfeiture Issues - to study and review the state  
396 engineer's role in dealing with forfeiture issues associated with a change application.

397           161. State Engineer's Use of Burden of Proof Standard - to study whether to amend the  
398 Utah Water Code to specify that the state engineer or the Division of Water Rights shall apply  
399 "preponderance of the evidence" as the burden of proof in all administrative actions, such as  
400 applications to appropriate water, change applications, and permit applications.

401           162. Water Issues - to study Snake Valley water issues (H.J.R. 1).

402           163. Appointment and Removal of Certain Officials - to study whether to require the  
403 advice and consent of the municipal council or legislative body with respect to the removal of  
404 department heads, officers and employees, commissions, boards, committees, and planning  
405 commission members (H.B. 457).

406           164. Board of Trustee Member Qualifications - to study whether the 50% rule of  
407 Subsection 17B-1-302(1)(b) of H.B. 65, 2007 General Session, relating to the qualifications of  
408 board of trustees members in a local district with seasonally occupied homes, should be  
409 modified.

410           165. Eminent Domain Remedies - to study taking of property from owners through  
411 eminent domain, when the diminished value of the remaining property is not considered  
412 damage deserving of compensation because, although the taken property is needed for a large  
413 project, nothing is actually built on the taken property; to look at potential discriminatory  
414 practices to the property owner, who exercises no control over whether something is built on  
415 the taken property or not (H.B. 187).

416           166. Implementing Special and Local Districts Amendments - to study the  
417 implementation of H.B. 65, Special and Local Districts Amendments, and make adjustments if  
418 needed.

419           167. Items on Ballot - to study placing special districts and municipalities on the same  
420 ballot.

421           168. Public Land Sales - to study whether to require voter approval if a municipality

422 intends to dispose of a parcel of real property with a value of \$1,000,000 or more (H.B. 109).

423           169. Public Water Protection - to study whether to require counties and municipalities  
424 to adopt an ordinance protecting its public drinking water sources.

425           170. Special Service Districts - to study and complete the process for rewriting statutes  
426 applicable to special service districts and the remaining dependent special districts (H.B. 65).

427           171. Emergency Communications Definition - to study and adopt a Utah Code  
428 definition of "Voiceover Internet Protocol" (H.B. 119).

429           172. Internet Pornography - to study further actions that the state may take to regulate  
430 Internet pornography.

431           173. College Savings - to study the equalization of college savings plans (S.B. 177).

432           174. Deduction for Long-term Care Savings - to study providing an income tax  
433 deduction for long-term care savings accounts.

434           175. Deduction on Income Earned out of Utah or the United States - to study  
435 providing an income tax deduction for military retirement income earned out of the state or  
436 country.

437           176. Education and Taxes - to study issues related to public education and property  
438 taxes.

439           177. Income Tax Additions and Subtractions - to study whether a resident or  
440 nonresident estate or trust may subtract certain qualified investments in the Utah Educational  
441 Savings Plan Trust from federal taxable income, and whether to require adding to federal  
442 taxable income amounts not expended for higher education costs under certain circumstances  
443 (H.B. 36).

444           178. Income Tax Credit Shifting - to study and develop methods for switching  
445 individual income tax credits to rebates, vouchers, grants, or other funding mechanisms.

446           179. Income Tax Deductions as Insurance Incentives - to study income tax deductions  
447 for insurance premiums for businesses to motivate them to provide health insurance for their  
448 employees, and how to structure and implement (H.B. 406).

449           180. Income Tax Subtractions for Medical Care - to study modifying an individual

450 income tax subtraction for amounts paid for certain insurance relating to medical care, and the  
451 subtraction for long-term care insurance (H.B. 43).

452 181. Property Tax - to study issues related to property tax equalization.

453 182. Property Tax Deferral - to study a property tax deferral for senior citizens (S.B.  
454 132).

455 183. Providing Incentives to Oil Refineries - to study providing incentives to new oil  
456 refineries, due to the significant shortage of refining capacity in the region.

457 184. Refund for Tax Overpayment - to study allowing a taxpayer to claim a tax refund  
458 for an overpayment for the same time period as a State Tax Commission audit.

459 185. Sales Tax Distribution - to study a resolution to sales tax distribution challenges  
460 related to point of sale and population.

461 186. Sales Tax on Business Inputs - to study implementation of a Tax Reform Task  
462 Force proposal to remove the sales tax on business inputs.

463 187. Sales Tax Rate - to study a uniform statewide sales tax rate.

464 188. Tax Credit for Liquid Fuels - to study the adoption of an income tax credit for the  
465 production of liquid fuels from waste materials, including coal and other tailings.

466 189. Tax Reciprocity - to study the feasibility of imposing certain reciprocity taxes.

467 190. Tax Relief for Military Pensions - to study the feasibility of granting a full or  
468 partial exemption from the state individual income tax for income received from a military  
469 pension.

470 191. Tax Revisions - to study miscellaneous tax revisions.

471 192. Taxes on Senior Citizens - to study tax deferrals for senior citizens (H.B. 78).

472 193. Taxes Related to Aviation - to study the property tax, the fuel tax, and uniform  
473 fees for aviation (H.B. 414).

474 194. Taxpayer Attorney Fees - to study the payment of taxpayer attorney fees when the  
475 taxpayer is required to bring the same issue on appeal multiple times (S.B. 208).

476 195. Benefits and Contributions - to study issues related to defined benefits and  
477 defined contributions.

- 478           196. Health Reimbursement Arrangements - to study health reimbursement  
479 arrangements for state employees.
- 480           197. Post-Retirement Employment Restrictions - to study whether the Legislature  
481 should implement additional recommendations from the December 2006 Performance Audit of  
482 Post-Retirement Re-employment (H.B. 260).
- 483           198. Public Safety COLA - to study providing the option to participating employers to  
484 provide an additional 1.5% COLA to public safety retirees.
- 485           199. Retirement Benefits Consent - to study requiring spousal consent on retirement  
486 benefits.
- 487           200. Additional Car Rental Insurance - to study variable additional car rental insurance  
488 as a supplement to primary insurance.
- 489           201. Airport Improvements - to study needs of airports for maintenance improvements  
490 (H.B. 414).
- 491           202. Driver License -- Application of Minor - to study allowing a parent or responsible  
492 adult, who is willing to assume certain obligations, to sign the application for a temporary  
493 learner permit, practice permit, or provisional driver license for a minor applicant who is in the  
494 custody of the Division of Child and Family Services (H.B. 213).
- 495           203. Foster Parent Signature for Driver License - to study whether foster parents  
496 should be allowed to sign for a foster child's driver license, and examine the potential liability  
497 concerns (H.B. 213).
- 498           204. Idling - to study anti-idling legislation.
- 499           205. Interfacility Issues - to study issues related to interfacility transport.
- 500           206. Motor Fuel Tax - to study the current motor fuel tax and determine whether it  
501 should be replaced (partially or in whole) with a cent-per-mile-driven charge or a flexible  
502 excise tax.
- 503           207. Rail Security - to study and develop a Local Community Rail Security Act (S.B.  
504 79).
- 505           208. Real-Time Carpooling - to study using web/cell phone technology to assist in

506 carpooling, to provide an individual direct communication with the nearest driver headed in the  
507 same direction.

508           209. Reducing Large Rig Accidents - to study safety issues related to large rigs on  
509 highways, including a study of the frequency of accidents involving large rigs as compared to  
510 surrounding states, and measures to reduce accidents.

511           210. Traffic Light Enforcement - to study the use of an automated red light traffic  
512 enforcement system and requirements for citations issued using the system (H.B. 470).

513           211. Traffic Needs Study - to study state traffic needs, including Utah Highway Patrol  
514 needs and the I-80 Corridor.

515           212. Truck Speed Limit - to study whether the speed limit on interstate highways  
516 should be reduced for vehicles with five or more axles (H.B. 199).

517           213. Business Resource Centers - to study the organization of the state's economic  
518 development business resource centers.

519           214. Community-based Self-sufficiency Grants - to study establishing a grant program  
520 for community-based public and nonprofit organizations that establish programs to help people  
521 obtain self-sufficiency, and the need to insure that grant funds are contingent upon a matching  
522 component from the applicant and that monies are used for community and economic  
523 development, exclusively, without overhead for private administration (H.B. 278).

524           215. County Affordable Housing - to study the Optional County Affordable Housing  
525 Funds Act (S.B. 256, 2000 General Session).

526           216. Economic Development Incentives Assessment - to study the nature and extent of  
527 state and local economic development incentives, their effectiveness, and whether to target  
528 them to specific industries, specific tax bases, or to create higher paying jobs.

529           217. Fostering Self-support through Assistance Programs - to study the adequacy of  
530 Family Employment Program grants and the standard needs budget in fostering self-support  
531 among program participants.

532           218. Hardship Extension in the Family Employment Program - to study the impact of  
533 granting hardship extensions for participants in the Family Employment Program during the

534 36-month time limit.

535           219. Housing Loan Fund Sources - to study permanent funding sources for the Olene  
536 Walker Housing Loan Fund.

537           220. Sports Authority Return on Investment - to study the return on investment on  
538 monies allocated by the Legislature to sports authorities that promote sports or sports  
539 competitions.

540           221. Budgeting - to study zero-based budgeting (S.B. 63).

541           222. Driver License Fees in Appropriations Act - to study whether the Driver License  
542 Division fees should be taken out of statute and placed in the fee schedule that is included in  
543 the Appropriations Act (H.B. 52).

544           223. Funds Consolidation - to study and review restricted funds and accounts to  
545 determine whether to implement a revised Funds Consolidation Act.

546           224. Nonlapsing Authority - to study and review all the nonlapsing authority currently  
547 in statute, and examine whether moneys should in fact lapse where currently they are  
548 nonlapsing.

549           225. Special Revenue Funds - to study special revenue funds and restricted special  
550 revenue funds.

551           226. Utilization of Existing Statewide Networks - to study the possible development,  
552 acquisition, maintenance, and effective and optimal utilization of existing Internet services,  
553 information technology networks, and other network assets.

554           227. Legislative Session Starting Dates - to study constitutional legislative session  
555 starting dates, with considerations of state and federal holidays and opportunities for legislators  
556 to have time to interface with constituents.

557           228. Reporting to Legislature by United States Senators from Utah - to study granting  
558 authority to the Legislature, by joint resolution, to direct a United States Senator elected from  
559 Utah to report to the Legislature on certain issues determined by the Legislature (S.B. 202).

560           229. Session Schedule - to study issues related to a revised general session schedule.

561           230. Guides and Outfitters - to study registration of Outdoor Guides and Outfitters.

- 562            231. Active Duty Tax Exemption - to study an exemption on personal income tax for  
563 active duty military personnel.
- 564            232. Instream Flow - to study temporary water rights changes for instream flow to  
565 protect trout habitat (S.B. 29).
