H.B. 79 - Concurrent Enrollment Amendments

Fiscal Note

2007 General Session
State of Utah

State Impact

Enactment of this bill would extend the current year's appropriation for the minimum school program into FY 2008 and increase the total appropriation supporting the concurrent enrollment program by \$350,000. Further, it would assign Weighted Pupil Units to the concurrent enrollment program and establishes the program as an independent line item in the Minimum School Program. By making concurrent enrollment WPU driven, funding may be increased annually due to enrollment growth and WPU value increases.

Individual, Business and/or Local Impact

Currently, school districts and higher education institutions negotiate concurrent enrollment fees on a district and institution basis. Enactment will standardize the division of revenue between public and higher education.
