4516 according to the type of services and the test volume, and is based on the cost  
 4517 to the Laboratory and therefore may be lower than the fee schedule. Because  
 4518 of changing needs, the Laboratory receives requests for new tests or services  
 4519 that are impossible to anticipate and list fully in a standard fee schedule.  
 4520 Charges for these services are authorized and are to be based on costs.

4535 Note:

4536 The schedule of charges for Children with Special Health Care Needs  
 4537 services provided by the Division of Community and Family Health Services  
 4538 represents commonly performed procedures by CPT code and is consistent  
 4539 with charges by the private sector. The list is not intended to be  
 4540 comprehensive as the Division is mandated to assign a charge for all services  
 4541 performed and there is potentially an unlimited number of procedures that  
 4542 could be provided. If unlisted services are performed, charges consistent with  
 4543 the private sector will be assigned.

4623           The Division assigns a charge to all services performed regardless of the  
4624           client's or third party insurer's financial responsibility or the likelihood of  
4625           receiving payment for the services. Projected numbers of units of services are  
4626           based on past experiences but are subject to significant variation determined  
4627           by the actual needs of patients and changes in medical practices. Hence, it is  
4628           not possible to calculate the change in revenue resulting from a change in the  
4629           charge for a given service.
