SPEED RESTRICTIONS ON COMMERCIAL								
2 VEHICLES 3 2007 GENERAL SESSION								
Chief Sponsor: Sheryl L. Allen								
Senate Sponsor:								
	LONG TITLE							
	General Description:							
	This bill modifies the Motor Vehicles Code by amending provisions relating to speed							
	limits.							
Highlighted Provisions:								
	This bill:							
	 provides that a posted speed limit on a freeway or other limited access highway may 							
not exceed 65 miles per hour for a vehicle with five or more axles operating at a								
gross vehicle weight of more than 26,000 pounds; and								
	 makes technical changes. 							
	Monies Appropriated in this Bill:							
	None							
Other Special Clauses:								
	None							
	Utah Code Sections Affected:							
	AMENDS:							
	41-6a-602, as renumbered and amended by Chapter 2, Laws of Utah 2005							

H.B. 199

 (1) (a) The Department of Transportation may determine the reasonable and safe speed limit for each highway or section of highway under its jurisdiction. (b) Each speed limit shall be based on traffic engineering and safety studies for each highway or section of the highway. (c) The traffic engineering and safety studies shall include: (i) the design speed; (ii) prevailing vehicle speeds; (iii) accident history; (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) the day safety factors. (g) type of vehicle; (h) highway construction; (a) time of day; (b) highway softy factors. (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) A Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (g) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to crecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; (c) the Department of Public Safety; and <	28	41-6a-602. Speed limits established on state highways.
 (b) Each speed limit shall be based on traffic engineering and safety studies for each highway or section of the highway. (c) The traffic engineering and safety studies shall include: (i) the design speed; (ii) prevailing vehicle speeds; (iii) accident history; (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) (a) Except as provided in Subsection (3)(b), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (i) Aposted speed limit on a freeway or other limited access highway may not exceed (f) more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (d) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	29	(1) (a) The Department of Transportation may determine the reasonable and safe speed
113(c) The traffic engineering and safety studies shall include:3(i) the design speed;3(ii) prevailing vehicle speeds;3(iii) accident history;3(v) other highway, traffic, and roadside conditions; and38(v) other highway safety factors.39(2) In addition to the provisions of Subsection (1), the Department of Transportation40may establish different speed limits on a highway or section of highway based on:41(a) time of day;42(b) highway construction;43(c) type of vehicle;44(d) weather conditions; and45(e) other highway safety factors.46(3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 6547miles per hour.48(b) (i) [A] Except as provided in Subsection (3)(b), a posted speed limit on a49freeway or other limited access [highways] highway may not exceed 7550(ii) A posted speed limit on a freeway or other limited access highway may not exceed5165 miles per hour.52(c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2).53(c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2).54(d) When establishing or changing a speed limit, the Department of Transportation55shall consult with the following entities prior to erecting or changing a speed limit sign:56(a) the county for state highways in an unincorporated area of the county;57(b) the municipality	30	limit for each highway or section of highway under its jurisdiction.
 (c) The traffic engineering and safety studies shall include: (i) the design speed; (ii) prevailing vehicle speeds; (iii) accident history; (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (d) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	31	(b) Each speed limit shall be based on traffic engineering and safety studies for each
 (i) the design speed; (ii) prevailing vehicle speeds; (iii) accident history; (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) type of vehicle; (g) the control of the provision of Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (h) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed (f) more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (d) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways within the municipality's incorporated area; 	32	highway or section of the highway.
 (ii) prevailing vehicle speeds; (iii) accident history; (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) type of vehicle; (g) the conditions; and (h) except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (h) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (d) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways within the municipality's incorporated area; 	33	(c) The traffic engineering and safety studies shall include:
 (iii) accident history; (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) type of vehicle; (g) there highway safety factors. (g) taken conditions; and (h) fij [A] Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) fij [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	34	(i) the design speed;
 (iv) highway, traffic, and roadside conditions; and (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (d) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	35	(ii) prevailing vehicle speeds;
 (v) other highway safety factors. (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) weather conditions; and (e) other highway safety factors. (f) a Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (h) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	36	(iii) accident history;
 (2) In addition to the provisions of Subsection (1), the Department of Transportation may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (d) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	37	(iv) highway, traffic, and roadside conditions; and
 may establish different speed limits on a highway or section of highway based on: (a) time of day; (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	38	(v) other highway safety factors.
 41 (a) time of day; 42 (b) highway construction; 43 (c) type of vehicle; 44 (d) weather conditions; and 45 (e) other highway safety factors. 46 (3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 47 miles per hour. 48 (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a 49 freeway or other limited access [highways] highway may not exceed 75 miles per hour. 50 (ii) A posted speed limit on a freeway or other limited access highway may not exceed 51 <u>65</u> miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of 52 more than 26,000 pounds. 53 (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). 54 (4) When establishing or changing a speed limit, the Department of Transportation 55 shall consult with the following entities prior to erecting or changing a speed limit sign: 56 (a) the county for state highways in an unincorporated area of the county; 57 (b) the municipality for state highways within the municipality's incorporated area; 	39	(2) In addition to the provisions of Subsection (1), the Department of Transportation
 (b) highway construction; (c) type of vehicle; (d) weather conditions; and (e) other highway safety factors. (f) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	40	may establish different speed limits on a highway or section of highway based on:
 43 (c) type of vehicle; 44 (d) weather conditions; and 45 (e) other highway safety factors. 46 (3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 47 miles per hour. 48 (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a 49 freeway or other limited access [highways] highway may not exceed 75 miles per hour. 50 (ii) A posted speed limit on a freeway or other limited access highway may not exceed 51 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of 52 more than 26,000 pounds. 53 (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). 54 (4) When establishing or changing a speed limit, the Department of Transportation 55 shall consult with the following entities prior to erecting or changing a speed limit sign: 56 (a) the county for state highways in an unincorporated area of the county; 57 (b) the municipality for state highways within the municipality's incorporated area; 	41	(a) time of day;
 (d) weather conditions; and (e) other highway safety factors. (3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	42	(b) highway construction;
 (e) other highway safety factors. (3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	43	(c) type of vehicle;
 (3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	44	(d) weather conditions; and
 miles per hour. (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	45	(e) other highway safety factors.
 (b) (i) [A] Except as provided in Subsection (3)(b)(ii), a posted speed limit on a freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	46	(3) (a) Except as provided in Subsection (3)(b), a posted speed limit may not exceed 65
 freeway or other limited access [highways] highway may not exceed 75 miles per hour. (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. (c) This Subsection (3) is an exception to the provisions of Subsections (1) and (2). (4) When establishing or changing a speed limit, the Department of Transportation shall consult with the following entities prior to erecting or changing a speed limit sign: (a) the county for state highways in an unincorporated area of the county; (b) the municipality for state highways within the municipality's incorporated area; 	47	miles per hour.
 (ii) A posted speed limit on a freeway or other limited access highway may not exceed 65 miles per hour for a vehicle with five or more axles operating at a gross vehicle weight of more than 26,000 pounds. H.B. 199 - Speed Restrictions on Commercial Vehicles

Fiscal Note

2007 General Session

State of Utah

State Impact

It is estimated that the Utah Department of Transportation will require a one-timeTransportation Fund appropriation of \$81,600 for FY 2008 to implement provisions of this bill.

	FY 2007	FY 2008	FY 2009	FY 2007	FY 2008	FY 2009
	<u>Approp.</u>	Approp.	<u>Approp.</u>	Revenue	Kevenue	Revenue
Transportation Fund	\$0	\$81,600	\$0		\$0	\$0
Total	\$0	\$81,600	\$0		62	\$0

Individual, Business and/or Local Impact

Enactment of this bill likely will not result in direct, measurable costs and/or benefits for individuals, businesses, or local governments.
