RESOLUTION ADDRESSING INTERNATIONAL
TRADE ISSUES
2008 GENERAL SESSION
STATE OF UTAH
Chief Sponsor: Sheryl L. Allen
Senate Sponsor: Mark B. Madsen
LONG TITLE
General Description:
This joint resolution of the Legislature suggests methods for consideration of issues
pertaining to state sovereignty raised by international trade agreements of the United
States.
Highlighted Provisions:
This resolution:
 suggests provisions that should be included in and excluded from international trade
agreements; and
 proposes other provisions related to the United States' process for negotiating,
ratifying, and litigating international trade agreements.
Special Clauses:
None
Be it resolved by the Legislature of the state of Utah:
WHEREAS, international trade with Utah represents a growing portion of the state's
economy and is beneficial to the state's economy;
WHEREAS, the United States, through the United States Trade Representative, is
negotiating and otherwise pursuing additional international trade agreements to expand
international trade and investment opportunities;
WHEREAS, provisions in some international trade agreements undermine Utah's
sovereignty by allowing the United States to effectively establish law and policy for Utah;

H.J.R. 1 Enrolled Copy

30	WHEREAS, an inclusive list of commitments that does not clearly identify each
31	commitment included in the international trade agreement may allow unintentional inclusion of
32	certain commitments, such as gambling, in the international trade agreement;
33	WHEREAS, the impact on Utah of a potential international trade agreement is unclear
34	while the international trade agreement is being negotiated;
35	WHEREAS, the North American Free Trade Agreement has been interpreted to provide
36	foreign investors greater procedural rights than United States investors;
37	WHEREAS, state law may be subject to challenge under international trade agreements;
38	WHEREAS, the United States may seek to retaliate, including by withholding federal
39	funds, if a Utah law is successfully challenged under an international trade agreement and Utah
40	refuses to repeal the law;
41	WHEREAS, Utah and other states do not have an effective and thorough method of
42	communication with the United States Trade Representative;
43	WHEREAS, communication with the United States Trade Representative is necessary
44	to inform the United States Trade Representative of state concerns with proposed and existing
45	international trade agreements;
46	WHEREAS, some trade agreements govern state procurement processes in a manner
47	that may not allow local purchasing preferences and other valid policy choices; and
48	WHEREAS, the United States Trade Representative seeks to expand covered services
49	in international trade agreements, including higher education and some professional licensing, in
50	ways that could impact Utah's ability to regulate these services:
51	NOW, THEREFORE, BE IT RESOLVED that:
52	(1) the United States Trade Representative should:
53	(a) ensure that international trade agreements:
54	(i) protect state lawmaking authority;
55	(ii) exclude existing state laws from commitments made in the agreement;
56	(iii) list every commitment to be included in the agreement to ensure that commitments
57	are not inadvertently made;

58 (iv) contain provisions specifically allowing states to adjust commitments to which the 59 state may be held; (v) allow foreign investors no greater rights, either procedural or substantive, than 60 61 those enjoyed by United States investors; 62 (vi) allow states to use procurement policies to further valid public interests; and 63 (vii) expand the services covered in international trade agreements in a manner that 64 does not impact Utah's ability to regulate domestic industries and protect the public interest; (b) establish an effective consultation mechanism for the states, including the 65 66 establishment of a formal and permanent body with resources to monitor and develop positions 67 on international trade matters of concern to the states; and 68 (c) provide economic and noneconomic impact projections to states while an 69 international trade agreement is being negotiated. 70 (2) Congress should ensure that: 71 (a) the United States vigorously defends any state law that is subjected to challenge 72 using the provisions of an international trade agreement; 73 (b) a state that participates in the defense of a state law subjected to challenge using the provisions of an international trade agreement is reimbursed by the United States for the cost of 74 75 defending the law; and 76 (c) the United States not retaliate against a state, including by withholding funds, if a

state law violates an international trade agreement and the state elects to continue enforcing the

77

78

law.
