Utah Code Sections Affected:

AMENDS:

53A-11-601, as enacted by Laws of Utah 1988, Chapter 236

Be it enacted by the Legislature of the state of Utah:

Section 1. Section **53A-11-601** is amended to read:

28 **53A-11-601. Administration of medication to students -- Prerequisites --**
29 **Immunity from liability.**

30 (1) A public or private school that holds any classes in grades kindergarten through 12
31 may provide for the administration of medication to any student during periods when the
32 student is under the control of the school, subject to the following conditions:

33 (a) the local school board [~~or its~~], charter school governing board, or the private
34 equivalent [~~has consulted~~], after consultation with the Department of Health and [~~other~~
35 ~~appropriate health professionals and adopted~~] school nurses shall adopt policies that provide
36 for:

- 37 (i) the designation of employees who may administer medication;
- 38 (ii) proper identification and safekeeping of medication;
- 39 (iii) the training of designated employees by the school nurse; [~~and~~]
- 40 (iv) maintenance of records of administration; and
- 41 (v) notification to the school nurse of medication that will be administered to students;

42 and

43 (b) medication may only be administered to a student if:

44 (i) the student's parent or legal guardian has provided a current written and signed
45 request that medication be administered during regular school hours to the student; and

46 (ii) the student's [~~physician, dentist, nurse practitioner, or physician assistant has~~
47 ~~provided a signed statement describing~~] licensed health care provider has prescribed the
48 medication and provides documentation as to the method, amount, and time schedule for
49 administration, and a statement that administration of medication by school employees during
50 periods when the student is under the control of the school is medically necessary.

51 (2) Authorization for administration of medication by school personnel may be
52 withdrawn by the school at any time following actual notice to the student's parent or guardian.

53 (3) School personnel who provide assistance under Subsection (1) in substantial
54 compliance with the [~~physician's or dentist's~~] licensed health care provider's written [~~statement~~]
55 prescription and the employers of these school personnel are not liable, civilly or criminally,
56 for:

57 (a) any adverse reaction suffered by the student as a result of taking the medication;

58 and

59 (b) discontinuing the administration of the medication under Subsection (2).

H.B. 245 - Administration of Medication to Students Amendments

Fiscal Note

2008 General Session

State of Utah

State Impact

Enactment of this bill will not require additional appropriations.

Individual, Business and/or Local Impact

Enactment of this bill likely will not result in direct, measurable costs and/or benefits for individuals and businesses. Local districts may incur costs associated with health professionals who participate in policy adoption, train employees that administer medication, and who receive notifications regarding medications that will be administered.
