AMENDS:

41-6a-704, as last amended by Laws of Utah 2008, Chapter 350

*Be it enacted by the Legislature of the state of Utah:*Section 1. Section **41-6a-704** is amended to read:**41-6a-704. Overtaking and passing vehicles proceeding in same direction.**

(1) As used in this section, "slow moving vehicle" means a vehicle that is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

~~[(1)]~~ (2) (a) On any highway:

(i) the operator of a vehicle overtaking another vehicle proceeding in the same direction shall:

(A) except as provided under Section 41-6a-705, promptly pass the overtaken vehicle on the left at a safe distance; and

(B) enter a right-hand lane or the right side of the roadway only when safely clear of the overtaken vehicle; and

(ii) the operator of an overtaken vehicle:

(A) shall give way to the right in favor of the overtaking vehicle; and

(B) may not increase the speed of the vehicle until completely passed by the overtaking vehicle.

(b) The exemption from the minimum speed regulations for a vehicle operating on a grade under Section 41-6a-605 does not exempt the vehicle from promptly passing a vehicle as required under Subsection ~~[(1)]~~ (2)(a)(i)(A).

(3) (a) Except as provided in Subsection (3)(b), on a highway with one lane in each direction, the operator of a slow moving vehicle that is causing a line of five or more vehicles to form directly behind the operator's slow moving vehicle shall:

(i) turn off the roadway wherever sufficient area for a safe turn-out exists; and

(ii) permit the vehicles following behind the operator's slow moving vehicle to pass before proceeding.

(b) An operator of a motor vehicle is exempt from the requirement under Subsection (3)(a) to turn off the roadway and permit the vehicles following behind the operator's vehicle to pass if the operator is operating:

(i) a commercial vehicle as defined in Section 72-9-102; or

(ii) any vehicle used in the routine maintenance and operations of a roadway.

~~[(2)]~~ (4) On a highway having more than one lane in the same direction, the operator of a vehicle traveling in the left general purpose lane:

(a) shall, upon being overtaken by another vehicle in the same lane, yield to the overtaking vehicle by moving safely to a lane to the right; and

(b) may not impede the movement or free flow of traffic in the left general purpose lane.

~~[(3)]~~ (5) An operator of a vehicle traveling in the left general purpose lane that has a vehicle following directly behind the operator's vehicle at a distance so that less than two seconds elapse before reaching the location of the operator's vehicle when space is available for the operator to yield to the overtaking vehicle by traveling in the right-hand lane is prima facie evidence that the operator is violating Subsection ~~[(2)]~~ (4).

~~[(4)]~~ (6) The provisions of Subsection ~~[(2)]~~ (4) do not apply to an operator of a vehicle traveling in the left general purpose lane when:

(a) overtaking and passing another vehicle proceeding in the same direction in accordance with Subsection ~~[(1)]~~ (2)(a)(i);

(b) preparing to turn left or taking a different highway or an exit on the left;

(c) responding to emergency conditions;

(d) avoiding actual or potential traffic moving onto the highway from an acceleration or merging lane; or

(e) following the direction of a traffic-control device that directs the use of a designated lane.
