377           Section 2. Section **57-8-13** is amended to read:

378           **57-8-13. Condominium plat to be recorded.**

379           (1) (a) Simultaneously with the recording of the declaration there shall be recorded a  
380 standard size, original linen (21" x 31") condominium plat with 6-1/4" x 1-1/2" recording  
381 information block, which map shall be made by a registered Utah land surveyor and shall set  
382 forth:

383           (i) a description of the surface of the land included within the project, including all  
384 angular and linear data along the exterior boundaries of the property;

385           (ii) the linear measurement and location, with reference to the exterior boundaries, of  
386 the building or buildings, if any, located or to be located on the property other than within the  
387 boundaries of any convertible lands;

388           (iii) diagrammatic floor plans of the building or buildings, if any, built or to be built on  
389 the property, other than within the boundaries of any convertible lands, in sufficient detail to  
390 identify each convertible space and physical unit contained within a building, including its  
391 identifying number or symbol, the official datum elevations of the finished or unfinished  
392 interior surfaces of the floors and ceilings and the linear measurements of the finished or  
393 unfinished interior surfaces of the perimeter walls, and the lateral extensions, of every such  
394 convertible space and unit;

395           (iv) a description or delineation of the boundaries of any unit or convertible space not  
396 contained or to be contained in a building or whose boundaries are not to be coextensive with  
397 walls, ceilings, or floors within a building, other than units located within the boundaries of any  
398 convertible lands, including the horizontal (upper and lower) boundaries, if any, as well as the  
399 vertical (lateral or perimetric) boundaries;

400 (v) a distinguishing number or other symbol for every physical unit identified on the  
401 condominium plat;

402 (vi) to the extent feasible, the location and dimensions of all easements appurtenant to  
403 the land included within the project;

404 (vii) the label "convertible space" for each such space, if any;

405 (viii) the location and dimensions of any convertible lands within the condominium  
406 project, with each such convertible land labeled as such, and if there be more than one such  
407 land, with each labeled with a different letter or number;

408 (ix) the location and dimensions of any withdrawable lands, with each such  
409 withdrawable land labeled as such, and if there be more than one such land, with each labeled  
410 with a different letter or number;

411 (x) if with respect to any portion or portions, but less than all, of the land included  
412 within the project the unit owners are to own only an estate for years, the location and  
413 dimensions of any such portion, with each labeled as a leased land, and if there be more than  
414 one such land, with each labeled with a different letter or number; and

415 (xi) any encroachments by or on any portion of the condominium project.

416 (b) Each such condominium plat shall be certified as to its accuracy and compliance  
417 with the provisions of this Subsection (1) by the land surveyor who prepared or who supervised  
418 the preparation of the same and shall be executed and acknowledged as provided in Subsection  
419 57-8-10~~(8)~~ (13).

420 (2) When converting all or any portion of any convertible land or when adding  
421 additional land to an expandable condominium, the declarant shall record a new or  
422 supplemental condominium plat which shall contain the information necessary to comply with  
423 the requirements of Subsection (1) ~~[of this section]~~. In any case where less than all of a  
424 convertible land is being converted, the condominium plat shall show the location and  
425 dimensions of the remaining portion or portions of the land in addition to otherwise meeting  
426 such requirements.

427 (3) When converting all or any portion of any convertible space into one or more units  
428 or limited common areas and facilities, the declarant shall record, with regard to the structure  
429 or portion of it constituting that convertible space, a supplemental condominium plat showing  
430 the location and dimensions of the vertical and horizontal boundaries of each unit formed out

431 of this space. The supplemental map shall be certified as to its accuracy and compliance with  
432 this Subsection (3) by the land surveyor who prepared or who supervised the preparation of it.

433 (4) In interpreting the condominium plat or any deed or other instrument affecting a  
434 building or unit, the boundaries of the building or unit constructed or reconstructed in  
435 substantial accordance with the condominium plat shall be conclusively presumed to be the  
436 actual boundaries rather than the description expressed in the condominium plat, regardless of  
437 the settling or lateral movement of the building and regardless of minor variance between  
438 boundaries shown on the condominium plat and those of the building or unit.

439 Section 3. Section **57-8-13.8** is amended to read:

440 **57-8-13.8. Contraction of project.**

441 A condominium project may be contracted under the provisions of the declaration and  
442 the provisions of this chapter. Any such contraction shall be considered to have occurred at the  
443 time of the recordation of an amendment to the declaration, executed by the declarant,  
444 containing a legal description by metes and bounds of the land withdrawn from the  
445 condominium project. If portions of the withdrawable land were described pursuant to  
446 Subsection [~~57-8-10(5)(b)(i)~~] 57-8-10(9)(d), then no described portion may be so withdrawn  
447 after the conveyance of any unit on the portion. If no withdrawable portions were described,  
448 then none of the withdrawable land may be withdrawn after the first conveyance of any unit on  
449 the portion.

450 Section 4. Section **57-8-13.10** is amended to read:

451 **57-8-13.10. Condominiums containing convertible land -- Expandable**  
452 **condominiums -- Allocation of interests in common areas and facilities.**

453 (1) If a condominium project contains any convertible land or is an expandable  
454 condominium, then the declaration may not allocate undivided interests in the common areas  
455 and facilities on the basis of par value unless the declaration:

456 (a) prohibits the creation of any units not substantially identical to the units depicted on  
457 the condominium plat recorded pursuant to Subsection 57-8-13(1); or

458 (b) prohibits the creation of any units not described under Subsection 57-8-10[~~(3)~~]  
459 (7)(a)(vii) in the case of convertible land, Subsection 57-8-10[~~(4)(a)(xi)~~](8)(a)(x) in the case of  
460 additional land, and contains from the outset a statement of the par value that shall be assigned  
461 to every unit that may be created.

462 (2) (a) Interests in the common areas and facilities may not be allocated to any units to  
463 be created within any convertible land or within any additional land until a condominium plat  
464 depicting the same is recorded pursuant to Subsection 57-8-13(2).

465 (b) Simultaneously with the recording of the supplemental condominium plat required  
466 under Subsection (2)(a), the declarant shall execute and record an amendment to the  
467 declaration which reallocates undivided interests in the common areas and facilities so that the  
468 units depicted on the supplemental condominium plat shall be allocated undivided interests in  
469 the common areas and facilities on the same basis as the units depicted on the condominium  
470 plat that was recorded simultaneously with the declaration pursuant to Subsection 57-8-13(1).

471 (3) If all of a convertible space is converted into common areas and facilities, including  
472 limited common areas and facilities, then the undivided interest in the common areas and  
473 facilities appertaining to the convertible space shall afterward appertain to the remaining units  
474 and shall be allocated among them in proportion to their undivided interests in the common  
475 areas and facilities. The principal officer of the unit owners' association or of the management  
476 committee, or any other officer specified in the declaration, shall immediately prepare, execute,  
477 and record an amendment to the declaration reflecting the reallocation of undivided interest  
478 produced by the conversion.

479 (4) (a) If the expiration or termination of any lease of a leasehold condominium causes  
480 a contraction of the condominium project which reduces the number of units, or if the  
481 withdrawal of withdrawable land of a contractible condominium causes a contraction of the  
482 condominium project which reduces the number of units, the undivided interest in the common  
483 areas and facilities appertaining to any units so withdrawn shall afterward appertain to the  
484 remaining units, being allocated among them in proportion to their undivided interests in the  
485 common areas and facilities.

486 (b) The principal officer of the unit owners' association or of the management  
487 committee, or any other officer specified in the declaration shall immediately prepare, execute,  
488 and record an amendment to the declaration, reflecting the reallocation of undivided interests  
489 produced by the reduction of units.

490 Section 5. Section **57-8a-209** is enacted to read:

491 **57-8a-209. Rental Restrictions.**

492 (1) (a) A common interest community may create reasonable restrictions on the

493 number and term of rentals in the community.  
494 (b) If the restrictions prohibit the rental of units, the restrictions:  
495 (i) may not restrict less than 10% of the units; and  
496 (ii) shall be included in a declaration.  
497 (2) Restrictions on the number and term of rentals shall include:  
498 (a) a hardship exemption that allows an association to exempt from the rental  
499 restrictions an owner suffering from hardship, including:  
500 (i) military service;  
501 (ii) extended vacation;  
502 (iii) charitable service;  
503 (iv) job relocation; or  
504 (v) economic hardship;  
505 (b) a grandfather clause allowing all owners who have rentals in the community, before  
506 the time the rental restriction is recorded with the county recorder of the county in which the  
507 condominium project is located, to continue renting until the owner transfers the unit; and  
508 (c) procedures to:  
509 (i) determine and track the number of rentals in a common interest community;  
510 (ii) identify the units that are grandfathered units; and  
511 (iii) ensure fair administration of the rental restrictions.  
512 (3) For purposes of Subsection (2)(b), a transfer occurs when one or more of the  
513 following occur:  
514 (a) conveyance, sale, or other transfer of the unit by deed;  
515 (b) the granting of a life estate in the unit; or  
516 (c) if the unit is owned by a limited liability company, corporation, partnership, or  
517 other business entity, sale or transfer of more than 75% of the business entity's share, stock,  
518 membership interests, or partnership interests in a 12-month period.
