*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

WHEREAS, under the Fair and Accurate Credit Transactions Act of 2003, consumers are entitled to a free credit report once each year from any credit agency, including the nation's three major credit bureaus, which are Experian, Trans Union, and Equifax;

WHEREAS, the credit scores used in over 90% of financial transactions, including Fannie Mae, Freddie Mac, and Ginnie Mae, are a version of a Fair Isaac Corporation (FICO) credit score;

WHEREAS, FICO's website, [www.MyFico.com](http://www.MyFico.com), is the only location where consumers

28 may access their true FICO credit scores;

29 WHEREAS, FICO takes the credit information furnished by Experian, Trans Union,  
30 and Equifax and calculates that information using an algorithm to develop the three credit  
31 scores;

32 WHEREAS, after Experian partially severed its relationship with FICO in 2009,  
33 consumers can no longer access their FICO/Experian credit score;

34 WHEREAS, now consumers can only access their Trans Union/FICO and  
35 Equifax/FICO credit scores on FICO's website, and they are charged \$14.95 each, while lenders  
36 and other creditors can still access all three FICO credit scores from the three major credit  
37 agencies;

38 WHEREAS, although other companies have developed their own credit scores using  
39 their own formulas, ranges, and scores, lenders and creditors and other financial service  
40 companies generally do not consider them reliable;

41 WHEREAS, these scores generated by other companies are often found to be  
42 substantially different than the FICO credit scores, even though they are widely promoted as  
43 the actual consumer credit score;

44 WHEREAS, current federal law should be changed to address the consumers' right to  
45 access their FICO credit scores from the three major credit agencies once each year;

46 WHEREAS, when consumers access their free credit report from  
47 [www.AnnualCreditReport.com](http://www.AnnualCreditReport.com), they should be given the right to their FICO credit scores  
48 annually at no cost;

49 WHEREAS, credit agencies should allow consumers the right to access their credit  
50 scores from each major credit agency used by Fannie Mae, Freddie Mac, and Ginnie Mae; and

51 WHEREAS, by making it possible for consumers to access their credit scores, which  
52 are used in almost every financial transaction, true fairness will return to the credit scoring  
53 access system:

54 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
55 Governor concurring therein, urge the United States Congress to amend federal law to ensure  
56 that consumers have the right to access their Fair Isaac Corporation credit scores from the three  
57 major credit agencies annually at no cost.

58 BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Majority

59 Leader of the United States Senate, the Speaker of the United States House of Representatives,  
60 and to the members of Utah's congressional delegation.
