WATER COMPANIES AND WATER RIGHT

CHANGE REQUESTS

2010 GENERAL SESSION

STATE OF UTAH

Chief Sponsor: John L. Valentine

House Sponsor: _____

LONG TITLE

General Description:

This bill addresses the process for changing water rights.

Highlighted Provisions:

This bill:

- ▶ addresses the filing of a change application, including by a shareholder in a water company;
- ▶ provides restrictions on a water company's denial of a shareholder's change request;
- ▶ allows a water company to require a shareholder to pay certain water company costs in connection with the shareholder's change request;
- ▶ prohibits a water company from requiring a shareholder, as part of the share assessment process, to pay a proportionate share of the costs of an action concerning the shareholder's change request; and
- ▶ makes technical changes.

Monies Appropriated in this Bill:

None

Other Special Clauses:

None

Utah Code Sections Affected:

AMENDS:

28 73-3-3, as last amended by Laws of Utah 2008, Chapter 311

29 73-3-3.5, as last amended by Laws of Utah 2008, Chapter 3

31 *Be it enacted by the Legislature of the state of Utah:*

32 Section 1. Section 73-3-3 is amended to read:

33 **73-3-3. Permanent or temporary changes in point of diversion, place of use, or**
34 **purpose of use.**

35 (1) For purposes of this section:

36 (a) "Permanent change" means a change for an indefinite period of time with an intent
37 to relinquish the original point of diversion, place of use, or purpose of use.

38 (b) "Temporary change" means a change for a fixed period of time not exceeding one
39 year.

40 (2) (a) Any person entitled to the use of water, or a shareholder of a water company
41 with the written consent of the corporation given in accordance with Section 73-3-3.5, may
42 make permanent or temporary changes in the:

43 (i) point of diversion;

44 (ii) place of use; or

45 (iii) purpose of use for which the water was originally appropriated.

46 (b) Except as provided by Section 73-3-30, a change may not be made if it impairs a
47 vested water right without just compensation.

48 (3) A person entitled to use water, or a shareholder of a water company with the written
49 consent of the corporation given in accordance with Section 73-3-3.5, shall change a point of
50 diversion, place of use, or purpose of water use, including water involved in a general
51 adjudication or other suit, in the manner provided in this section.

52 (4) (a) [~~A person entitled to use water may not make a change~~] A change in the use of
53 water may not be made unless the state engineer approves the change application.

54 (b) A person entitled to use water, or a shareholder of a water company with the written
55 consent of the corporation given in accordance with Section 73-3-3.5, shall submit a change
56 application upon forms furnished by the state engineer and shall set forth:

57 (i) the applicant's name;

58 (ii) the water right description;

- 59 (iii) the water quantity;
- 60 (iv) the stream or water source;
- 61 (v) if applicable, the point on the stream or water source where the water is diverted;
- 62 (vi) if applicable, the point to which it is proposed to change the diversion of the water;
- 63 (vii) the place, purpose, and extent of the present use;
- 64 (viii) the place, purpose, and extent of the proposed use; and
- 65 (ix) any other information that the state engineer requires.

66 (5) (a) The state engineer shall follow the same procedures, and the rights and duties of
67 the applicants with respect to applications for permanent changes of point of diversion, place of
68 use, or purpose of use shall be the same, as provided in this title for applications to appropriate
69 water.

70 (b) The state engineer may waive notice for a permanent change application involving
71 only a change in point of diversion of 660 feet or less.

72 (6) (a) The state engineer shall investigate all temporary change applications.

73 (b) If the state engineer finds that the temporary change will not impair a vested water
74 right, the state engineer shall issue an order authorizing the change.

75 (c) If the state engineer finds that the change sought might impair a vested water right,
76 before authorizing the change, the state engineer shall give notice of the application to any
77 person whose right may be affected by the change.

78 (d) Before making an investigation or giving notice, the state engineer may require the
79 applicant to deposit a sum of money sufficient to pay the expenses of the investigation and
80 publication of notice.

81 (7) (a) Except as provided by Section 73-3-30, the state engineer may not reject a
82 permanent or temporary change application for the sole reason that the change would impair a
83 vested water right.

84 (b) If otherwise proper, the state engineer may approve a permanent or temporary
85 change application for part of the water involved or upon the condition that the applicant
86 acquire the conflicting water right.

87 (8) (a) A person holding an approved application for the appropriation of water may
88 change the point of diversion, place of use, or purpose of use.

89 (b) A change of an approved application does not:

90 (i) affect the priority of the original application; or
91 (ii) extend the time period within which the construction of work is to begin or be
92 completed.

93 (9) Any person who changes or who attempts to change a point of diversion, place of
94 use, or purpose of use, either permanently or temporarily, without first applying to the state
95 engineer in the manner provided in this section:

- 96 (a) obtains no right;
- 97 (b) is guilty of a crime punishable under Section 73-2-27 if the change or attempted
98 change is made knowingly or intentionally; and
- 99 (c) is guilty of a separately punishable offense for each day of the unlawful change.

100 (10) (a) This section does not apply to the replacement of an existing well by a new
101 well drilled within a radius of 150 feet from the point of diversion of the existing well.

102 (b) Any replacement well must be drilled in accordance with the requirements of
103 Section 73-3-28.

104 Section 2. Section **73-3-3.5** is amended to read:

105 **73-3-3.5. Application for a change of point of diversion, place of use, or purpose**
106 **of use of water in a water company made by a shareholder.**

107 (1) As used in this section and Section 73-3-3:

108 (a) "Shareholder" means the owner of a share of stock, or other evidence of stock
109 ownership, that entitles the ~~[person]~~ owner to a proportionate share of water in a water
110 company.

111 (b) "Water company" means any company, operating for profit or not for profit, in
112 which a shareholder has the right to receive a proportionate share, based on that shareholder's
113 ownership interest, of water delivered by the company.

114 (2) A shareholder who seeks to change the point of diversion, place of use, or purpose
115 of use of the shareholder's proportionate share of water in the water company shall submit a
116 request for the change, in writing, to the water company. This request shall include the
117 following information:

118 (a) the details of the requested change, which may include the point of diversion,
119 period of use, place, or nature of use;

120 (b) the quantity of water sought to be changed;

- 121 (c) the certificate number of the stock affected by the change;
- 122 (d) a description of the land proposed to be retired from irrigation pursuant to Section
- 123 73-3-3, if the proposed change in place or nature of use of the water involves a situation where
- 124 the water was previously used for irrigation;
- 125 (e) an agreement by the shareholder to continue to pay all applicable corporate
- 126 assessments on the share affected by the change; and
- 127 (f) any other information that the water company may reasonably need to evaluate the
- 128 requested change application.

129 (3) (a) A water company shall make a decision and provide written notice of that

130 decision on a shareholder's request for a change application within 120 days from receipt of the

131 request.

132 (b) Based on the facts and circumstances of each proposed change, a water company

133 may take the following action:

- 134 (i) approve the change request;
- 135 (ii) approve the change request with conditions; or
- 136 (iii) deny the change request.

137 (c) If the water company fails to respond to a shareholder's request for a change

138 application, pursuant to Subsection (3)(a), the failure to respond shall be considered to be a

139 denial of the request.

140 ~~[(d) The water company may not withhold approval if any potential damage, liability,~~

141 ~~or impairment to the water company, or its shareholders, can be reasonably mitigated without~~

142 ~~cost to the water company.]~~

143 (d) The water company shall approve the change request unless the water company

144 reasonably believes that potential damage, liability, or impairment to the water company or its

145 shareholders will occur and that the potential damage, liability, or impairment cannot be

146 reasonably mitigated without cost to the water company.

147 (e) A water company may consider the following factors in evaluating change

148 applications:

- 149 (i) any increased cost to the water company or its shareholders;
- 150 (ii) interference with the water company's ability to manage and distribute water for the
- 151 benefit of all shareholders;

152 (iii) whether the proposed change represents more water than the shareholder's pro rata
153 share of the water company's right;

154 (iv) impairment of either the quantity or quality of water delivered to other
155 shareholders under the existing water rights of the water company, including rights to carrier
156 water;

157 (v) whether the proposed change would cause a violation of any statute, ordinance,
158 regulation, or order of a court or governmental agency;

159 (vi) whether the shareholder has or can arrange for the beneficial use of water to be
160 retired from irrigation within the water company's service area under the proposed change; or

161 (vii) the cumulative effects that the approval of the change application may have on
162 other shareholders or water company operations.

163 (f) A water company may not deny a change request because the change, if made,
164 would result in changing the place of use of the water to a location outside the historic service
165 area of the water company, unless:

166 (i) the proposed use:

167 (A) would be contrary to a restriction in an exchange or other contractual agreement
168 between the water company and:

169 (I) another water company; or

170 (II) a political subdivision of the state; or

171 (B) could adversely affect the status of a water company as a public water supplier, as
172 defined in Section 73-1-4; and

173 (ii) any potential damage, liability, or impairment to the water company or its
174 shareholders cannot be mitigated by the imposition of reasonable conditions on the approval of
175 the change request.

176 ~~[(4) The water company may require that all costs associated with the change~~
177 ~~application, including costs of submitting proof, be paid by the shareholder.]~~

178 (4) (a) The water company may require the shareholder to pay the following costs
179 incurred in the water company's review of the requested change, the state engineer's review of
180 the change application, and judicial review of the state engineer's order:

181 (i) filing fees;

182 (ii) necessary professional fees incurred by the water company; and

183 (iii) other costs associated with the state engineer's consideration of the change
184 application.

185 (b) The water company may require the shareholder to pay the costs of submitting
186 proof of the change.

187 (c) The water company shall provide the shareholder with:

188 (i) an accounting of fees or costs under this Subsection (4); and

189 (ii) copies of any invoices for fees or costs under this Subsection (4).

190 (5) (a) The shareholder requesting the change must be current on all water company
191 assessments and agree to continue to pay all applicable future assessments, except that the
192 shareholder may choose to prepay any portion of the water company assessments attributable to
193 an existing debt of the water company.

194 (b) Other than prepaid assessments, the water company may require that the
195 shareholder continue to pay all applicable assessments.

196 (6) If the water company approves the requested change, with or without conditions,
197 the change application [~~may~~] shall be filed with the state engineer, and must:

198 (a) be signed on behalf of the water company; or

199 (b) be signed by the requesting shareholder, accompanied by written authorization from
200 the water company assenting to the change and the filing of the application by the shareholder
201 for the shareholder and on the water company's behalf.

202 (7) (a) The state engineer may evaluate a change application authorized by a water
203 company under this section in the same manner and using the same criteria that [~~he or she uses~~]
204 is used to evaluate any other change application.

205 (b) Nothing in this section [~~shall limit~~] limits the authority of the state engineer in
206 evaluating and processing any change application.

207 (8) If an application authorized by a water company under this section is approved by
208 the state engineer, the shareholder may file requests for extensions of time to submit proof of
209 beneficial use under the change application without further permission of the water company.

210 (9) (a) Change applications approved under this section are subject to all conditions
211 imposed by the water company and the state engineer.

212 (b) If a shareholder fails to comply with all of the conditions imposed by the water
213 company, the water company may, after written notice to the shareholder and after allowing

214 reasonable time to remedy the failure, withdraw its approval of the application, and petition the
215 state engineer for an order canceling the change application.

216 (c) The water company may not revoke its approval of the change application or seek
217 an order canceling the application if the conditions are substantially satisfied.

218 (10) (a) The shareholder requesting the change shall have a cause of action, including
219 an award of actual damages incurred, against the water company if the water company
220 unreasonably:

221 (i) [~~unreasonably withholds~~] denies approval of a requested change;

222 (ii) imposes [~~unreasonable~~] conditions in its approval; or

223 (iii) withdraws approval of a change application in a manner other than as provided in
224 Subsection (9).

225 (b) The action referred to in Subsection (10)(a) shall be referred to mediation by the
226 court under Title 78B, Chapter 6, Part 2, Alternative Dispute Resolution Act, unless both
227 parties decline mediation.

228 (c) If mediation is declined, the prevailing party to the action shall be entitled to costs
229 and reasonable attorney fees.

230 (d) Notwithstanding Title 16, Chapter 4, Share Assessment Act, a shareholder who
231 prevails in an action under this Subsection (10) may not be assessed by the water company for
232 payment of a proportionate share of:

233 (i) the water company's attorney fees and other costs incurred in the action; or

234 (ii) an award of actual damages the water company is required to pay the prevailing
235 shareholder.
