*Be it resolved by the Legislature of the state of Utah:*

WHEREAS, in accordance with Utah Code Section 49-20-201, the state participates in the Public Employees' Benefits and Insurance Program;

WHEREAS, Utah Code Subsection 49-20-401(1)(g) provides that the program must "consult with the covered employers to evaluate employee benefit plans and develop recommendations for benefit changes";

WHEREAS, Utah Code Subsection 49-20-401(1)(h) provides that the program "annually submit a budget and audited financial statements to the governor and Legislature which includes total projected benefit costs and administrative costs";

WHEREAS, Utah Code Subsection 49-20-401(1)(i) provides that the program "maintain reserves sufficient to liquidate the unrevealed claims liability and other liabilities of the employee benefit plans as certified by the program's consulting actuary";

WHEREAS, Utah Code Subsection 49-20-401(1)(j) provides that the program "submit, in advance, its recommended benefit adjustments for state employees to ... the Legislature; and ...the executive director of the state Department of Human Resource Management";

WHEREAS, Utah Code Subsection 49-20-401(1)(k) provides that the program "determine benefits and rates, upon approval of the board, for multiemployer risk pools, retiree coverage, and conversion coverage";

WHEREAS, Utah Code Subsection 49-20-401(1)(l) provides that the program "determine benefits and rates based on the total estimated costs and the employee premium share established by the Legislature, upon approval of the board, for state employees;

WHEREAS the Legislative Auditor General found in Report Number 2011-01, "A Performance Audit of PEHP's Business Practices" that PEHP has higher medical, hospital, and pharmacy claim costs than other carriers and that contract rates with health providers are not as competitive as rates of most carriers, and that the structure of benefit design is not richer than other groups;

WHEREAS PEHP's medical risk pool for the state of Utah contains more than \$19 million in excess reserves as reported by the Legislature Auditor General:

NOW, THEREFORE, BE IT RESOLVED that the Legislature directs the program and the executive director of the Department of Human Resource Management to change the state's

59 contribution for health maintenance organization medical coverage to be based on a 90%  
60 employer and 10% employee premium share and that the state's contribution for high  
61 deductible medical coverage plans be adjusted proportionately.

62 BE IT FURTHER RESOLVED that the Legislature directs PEHP to not increase the  
63 dental plans' combined employer/employee premiums from FY 2010 premiums.

64 BE IT FURTHER RESOLVED that the Legislature directs PEHP to decrease the  
65 overall combined employer/employee premiums for health benefit plan medical coverage by  
66 2% from FY 2010 premiums.

67 BE IT FURTHER RESOLVED that the Legislature directs the program to, before July  
68 1, 2012, adjust it's costs, but not reduce the covered benefits, in a way that revenue from  
69 combined employer/employee premiums are sufficient to cover costs.

70 BE IT FURTHER RESOLVED that the Legislature intends PEHP may draw down its  
71 reserves as necessary to adequately fund the claims of both the health benefit plans and the  
72 dental plans until such time as PEHP has adjusted its costs to meet anticipated revenue.

73 BE IT FURTHER RESOLVED that the Legislature directs PEHP to maintain its health  
74 benefit plans in a manner that will maintain the plans' grandfathered status under federal law  
75 for fiscal year 2011-12.
