 163 located in Utah.

164           (b) "Contingent payment contract" means a construction contract between a contractor  
 165 and a subcontractor that makes a payment from the contractor to the subcontractor contingent  
 166 on the contractor receiving a corresponding payment from any other public or private party,  
 167 including a private owner.

168           (c) "Contractor" means a person who is or may be awarded a contract for the

173           (2) A party to a construction contract shall make all scheduled payments under the  
 174 terms of the construction contract.

175           (3) (a) The existence of a contingent payment contract is not a defense to a claim to  
 176 enforce a [~~mechanics~~<sup>2</sup>] preconstruction or construction lien [~~filed~~] under Title 38, Chapter [~~1~~

299 who receives retention proceeds shall pay each of its subcontractors from whom retention has  
300 been withheld each subcontractor's share of the retention received within 10 days from the day

 2370 related to the lien filing or foreclosure action if the lien claimant removes the lien within 15

2425 developer, or the factory built housing retailer failed to pay a qualified beneficiary who is  
2426 entitled to payment under an agreement with that subcontractor or supplier; or

2427 (iii) a subcontractor who contracts with a subcontractor or supplier failed to pay a  
2428 qualified beneficiary who is entitled to payment under an agreement with that subcontractor or  
2429 supplier;

2430 (d) (i) unless precluded from doing so by the nonpaying party's bankruptcy filing  
2431 within the applicable time, the qualified beneficiary filed an action against the nonpaying party  
2432 to recover money owed to the qualified beneficiary within the earlier of:

2433 (A) 180 days from the date the qualified beneficiary filed a notice of claim under  
2434 Section [~~38-1-7~~] 38-1a-502; or

2435 (B) 270 days from the completion of the original contract pursuant to Subsection  
2436 [~~38-1-7~~] 38-1a-502(1);

2437 (ii) the qualified beneficiary has obtained a judgment against the nonpaying party who

2457 (5) The requirements of Subsections (4)(d)(ii) and (iii) need not be met if the qualified  
2458 beneficiary is prevented from compliance because the nonpaying party files bankruptcy.

2459 (6) To recover from the fund a laborer shall:

2460 (a) establish that the laborer has not been paid wages due for the work performed at the

2464 any recovery from the fund received by a laborer.

2465 (8) The requirements of Subsections (4)(a) and (b) may be satisfied if an owner or  
2466 agent of the owner establishes to the satisfaction of the director that the owner of the  
2467 owner-occupied residence or the owner's agent entered into a written contract with an original  
2468 contractor who:

2472 (b) was a natural person who was not licensed under Title 58, Chapter 55, Utah  
2473 Construction Trades Licensing Act, but who was the sole or partial owner and qualifier of a  
2474 business entity that was licensed under Title 58, Chapter 55, Utah Construction Trades  
2475 Licensing Act.

2476 (9) The director shall have equitable power to determine if the requirements of

2477 Subsections (4)(a) and (b) have been met, but any decision by the director under this chapter  
2478 shall not alter or have any effect on any other decision by the division under Title 58,  
2479 Occupations and Professions.

2480 Section 69. Section **38-12-102** is amended to read:

2481 **38-12-102. Notice requirements for lien filings -- Exceptions.**

2482 (1) A lien claimant or the lien claimant's agent shall send by certified mail a written  
2483 copy of the notice of lien to the last-known address of the person against whom the notice of  
2484 lien is filed no later than 30 days after the day on which a lien claimant or the lien claimant's  
2485 authorized agent files a notice of lien meeting the requirements of Subsection (2):

2486 (a) for recordation with:

2487 (i) a county recorder;

2488 (ii) a county clerk; or

2493 information:

2494 (a) the name and address of the person against whom the lien is filed;

2495 (b) (i) a statement that certain property owned by the person against whom the lien is  
2496 filed is subject to a lien;

2497 (ii) the amount of the judgment, settlement, or compromise if the lien is based on a  
2498 charge against or interest in a judgment, settlement, or compromise; or

2499 (iii) the amount of state taxes owed;

2500 (c) the article number contained on the certified mail receipt;

2501 (d) the date the notice of lien was filed; and

2502 (e) the name and address of the lien claimant.

2503 (3) The notice requirements of Subsections (1) and (2) do not apply to:

2504 (a) a [~~mechanics'~~] preconstruction or construction lien as provided in Title 38, Chapter

2505 [~~1, Mechanics'~~] 1a, Preconstruction and Construction Liens;

2506 (b) a lessors' lien as provided in Title 38, Chapter 3, Lessors' Liens;

2507 (c) a federal tax lien as provided in Title 38, Chapter 6, Federal Tax Liens;

- 2517 (j) any interests subject to a security agreement as defined in Section 70A-9a-102;
- 2518 (k) any other liens subject to the same or stricter notice requirements than those
- 2519 imposed by Subsections (1) and (2); or
- 2520 (l) a court judgment or abstract of a court judgment presented for recording in the
- 2521 office of a county recorder.

2522 Section 70. Section **40-6-8** is amended to read:

2523 **40-6-8. Field or pool units -- Procedure for establishment -- Operation.**

2524 (1) The board may hold a hearing to consider the need for the operation as a unit of one

2525 or more pools or parts of them in a field.

2526 (2) The board shall make an order providing for the unit operation of a pool or part of

2527 it, if the board finds that:

2528 (a) Such operation is reasonably necessary for the purposes of this chapter; and

2529 (b) The value of the estimated additional recovery of oil or gas substantially exceeds

2530 the estimated additional cost incident to conducting such operations.

2531 (3) The order shall prescribe a plan for unit operations that shall include:

2532 (a) a description of the lands and of the pool or pools or parts of them to be so

2533 operated, termed the unit area;

2534 (b) a statement of the nature of the operations contemplated;

2535 (c) an allocation to the separately owned tracts in the unit area of all the oil and gas that

2536 is produced from the unit area and is saved, being the production that is not used in the conduct

2537 of operations on the unit area or not unavoidably lost. The allocation shall be in accord with the

2538 agreement, if any, of the interested parties. If there is no such agreement, the board shall

2539 determine the relative value, from evidence introduced at the hearing of the separately owned  
2540 tracts in the unit area, exclusive of physical equipment, for development of oil and gas by unit  
2541 operations, and the production allocated to each tract shall be the proportion that the relative  
2542 value of each tract so determined bears to the relative value of all tracts in the unit area;

2543 (d) a provision for adjustment among the owners of the unit area (not including royalty  
2544 owners) of their respective investment in wells, tanks, pumps, machinery, materials,  
2545 equipment, and other things and services of value attributable to the unit operations. The  
2546 amount to be charged unit operations for any such item shall be determined by the owners of  
2547 the unit area (not including royalty owners); but if the owners of the unit area are unable to  
2548 agree upon the amount or correctness, the board shall determine them. The net amount charged  
2549 against the owner of an interest in a separately owned tract shall be considered expense of unit  
2550 operation chargeable against his interest in the tract. The adjustments provided for may be  
2551 treated separately and handled by agreements separate from the unitization agreement;

2552 (e) a provision providing how the costs of unit operations, including capital  
2553 investments, shall be determined and charged to the separately owned tracts and how these  
2554 costs shall be paid, including a provision providing a procedure for the unit production  
2555 allocated to an owner who does not pay the share of the cost of unit operations charged to such  
2556 owner, or the interest of such owner, to be sold and the proceeds applied to the payment of  
2557 such costs. The operator of the unit shall have a first and prior lien for costs incurred pursuant  
2558 to the plan of unitization upon each owner's oil and gas rights and his share of unitized  
2559 production to secure the payment of such owner's proportionate part of the cost of developing  
2560 and operating the unit area. This lien may be ~~established and~~ enforced in the same manner as  
2561 provided by ~~[Sections 38-1-8 to 38-1-26 inclusive]~~ Title 38, Chapter 1a, Part 7, Enforcement of  
2562 Preconstruction and Construction Liens. For such purposes any nonconsenting owner shall be  
2563 deemed to have contracted with the unit operator for his proportionate part of the cost of  
2564 developing and operating the unit area. A transfer or conversion of any owner's interest or any  
2565 portion of it, however accomplished, after the effective date of the order creating the unit, shall  
2566 not relieve the transferred interest of the operator's lien on said interest for the cost and expense  
2567 of unit operations;

2568 (f) a provision, if necessary, for carrying or otherwise financing any owner who elects  
2569 to be carried or otherwise financed, allowing a reasonable interest charge for such service

2570 payable out of such owner's share of the production;

2571 (g) a provision for the supervision and conduct of the unit operations, in respect to  
2572 which each owner shall have a percentage vote corresponding to the percentage of the costs of  
2573 unit operations chargeable against the interest of the owner;

2574 (h) the time when the unit operations shall commence, and the manner in which, and  
2575 the circumstances under which, the unit operations shall terminate;

2576 (i) such additional provisions that are found to be appropriate for carrying on the unit  
2577 operations, and for the protection of correlative rights; and

2578 (j) the designation of a unit operator.

2579 (4) No order of the board providing for unit operations of a pool or pools shall become  
2580 effective unless and until the plan for unit operations prescribed by the division has been  
2581 approved in writing by those owners who, under the board's order, will be required to pay 70%  
2582 of the costs of the unit operation, and also by the owners of 70% of the production or proceeds  
2583 that will be credited to interests which are free of cost, such as royalties, overriding royalties,  
2584 and production payments, and the board has made a finding, either in the order providing for  
2585 unit operations or in a supplemental order, that the plan for unit operations has been so  
2586 approved. If the persons owning required percentage of interest in that unit area do not approve  
2587 the plan for unit operations within a period of six months from the date on which the order  
2588 providing for unit operations is made, the order shall be ineffective and shall be revoked by the  
2589 board unless for good cause shown the board extends this time.

2590 (5) An order providing for unit operations may be amended by an order made by the  
2591 board in the same manner and subject to the same conditions as an original order providing for  
2592 unit operations, provided:

2593 (a) If such an amendment affects only the rights and interests of the owners, the  
2594 approval of the amendment by the owners of royalty, overriding royalty, production payments  
2595 and other such interests which are free of costs shall not be required.

2596 (b) No such order of amendment shall change the percentage for the allocation of oil  
2597 and gas as established for any separately owned tract by the original order, or change the  
2598 percentage for allocation of cost as established for any separately owned tract by the original  
2599 order.

2600 (6) The board, by an order, may provide for the unit operation of a pool or pools or

2601 parts thereof that embrace a unit area established by a previous order of the division. The order,  
2602 in providing for the allocation of unit production, shall first treat the unit area previously  
2603 established as a single tract, and the portion of the unit production allocated shall then be  
2604 allocated among the separately owned tracts included in the previously established unit area in  
2605 the same proportions of those specified in the previous order.

2606 (7) An order may provide for unit operations on less than the whole of a pool where the  
2607 unit area is of such size and shape as may be reasonably required for that purpose, and the  
2608 conduct will have no adverse effect upon other portions of the pool.

2609 (8) All operations, including, but not limited to, the commencement, drilling, or  
2610 operation of a well upon any portion of the unit area shall be deemed for all purposes the  
2611 conduct of such operations upon each separately owned tract in the unit area by the several  
2612 owners. The portions of the unit production allocated to a separately owned tract in a unit area  
2613 shall, when produced, be deemed, for all purposes, to have been actually produced from such  
2614 tract by a well drilled. Operations conducted pursuant to an order of the board providing for  
2615 unit operations shall constitute a fulfillment of all the express or implied obligations for each  
2616 lease or contract covering lands in the unit area to the extent that compliance with such  
2617 obligations cannot be had because of the order of the board.

2618 (9) The portion of the unit production allocated to any tract, and the proceeds from the  
2619 sale, shall be the property and income of the several owners, subject to the rights of royalty  
2620 owners, to whom, or to whose credit, they are allocated or payable under the order providing  
2621 for unit operations.

2622 (10) No division order or other contract relating to the sale or purchase of production  
2623 from a separately owned tract shall be terminated by the order providing for unit operations but  
2624 shall remain in force and apply to oil and gas allocated to such tract until terminated in  
2625 accordance with the provisions thereof.

2626 (11) Except to the extent that the parties affected agree and as provided in [~~(e)~~ of]  
2627 Subsection (3)~~(e)~~ [of this section], no order providing for unit operations shall be construed to  
2628 result in a transfer of all or any part of the title of any person to the oil and gas rights in any  
2629 tract in the unit area. All property, whether real or personal, that may be acquired in the  
2630 conduct of unit operations hereunder shall be acquired for the account of the owners within the  
2631 unit area and shall be the property of the owners in the proportion that the expenses of unit

2632 operations are charged, unless otherwise provided in the plan of unit operation.

2633 (12) This section shall apply only to field or pool units and shall not apply to the  
2634 unitization of interests within a drilling unit as may be authorized and governed under the  
2635 provisions of Section 40-6-6.

2636 Section 71. Section **58-55-501** is amended to read:

2637 **58-55-501. Unlawful conduct.**

2638 Unlawful conduct includes:

2639 (1) engaging in a construction trade, acting as a contractor, an alarm business or  
2640 company, or an alarm company agent, or representing oneself to be engaged in a construction  
2641 trade or to be acting as a contractor in a construction trade requiring licensure, unless the  
2642 person doing any of these is appropriately licensed or exempted from licensure under this  
2643 chapter;

2644 (2) acting in a construction trade, as an alarm business or company, or as an alarm  
2645 company agent beyond the scope of the license held;

2646 (3) hiring or employing in any manner an unlicensed person, other than an employee  
2647 for wages who is not required to be licensed under this chapter, to engage in a construction  
2648 trade for which licensure is required or to act as a contractor or subcontractor in a construction  
2649 trade requiring licensure;

2650 (4) applying for or obtaining a building permit either for oneself or another when not  
2651 licensed or exempted from licensure as a contractor under this chapter;

2736 **63G-6-506. Preliminary notice requirement.**

2737 (1) Any person furnishing labor, service, equipment, or material for which a payment  
2738 bond claim may be made under this chapter shall provide preliminary notice to the designated

2740 (a) to a person performing labor for wages; or

2741 (b) if a notice of commencement is not filed as prescribed in Section [~~38-1-31.5~~]

2742 38-1b-201 for the project or improvement for which labor, service, equipment, or material is  
2743 furnished.

2744 (2) Any person who fails to provide the preliminary notice required by Subsection (1)  
2745 may not make a payment bond claim under this chapter.

2746 (3) The preliminary notice required by Subsection (1) must be provided before  
2747 commencement of any action on the payment bond.

2748 Section 73. Section **73-22-7** is amended to read:

2749 **73-22-7. Cooperative or unit operation of geothermal area -- Order -- Plan of**  
2750 **operation -- Approval of owners -- Amendment.**

2751 (1) The agency or any affected person may commence an adjudicative proceeding to  
2752 consider the need for cooperative or unit operation of a geothermal area.

2753 (2) The division shall order the cooperative or unit operation of part or all of a  
2754 geothermal area if the division finds that:

2755 (a) a developable resource exists; and

2756 (b) that this operation is reasonably necessary to prevent waste, to protect correlative  
2757 rights, or to prevent the drilling of unnecessary wells and will not reduce the ultimate economic  
2758 recovery of geothermal resources.

2759 (3) The division's order for cooperative or unit operations shall be upon terms and  
2760 conditions that are just and reasonable and satisfy the requirements of Subsection (2).

2761 (4) An order by the division for unit operations shall prescribe a plan, including:

2762 (a) a description of the geothermal area to be unit operated, termed the unit area;

2763 (b) a statement of the nature of the operations contemplated, the time they will  
2764 commence, and the manner and circumstances under which unit operations shall terminate;

2765 (c) an allocation to the separately-owned tracts in the unit area of the geothermal  
2766 resources produced and of the costs incurred in unit operations. The allocations shall be in  
2767 accord with the agreement, if any, of the affected parties. If there is no agreement, the division  
2768 shall determine the allocations from evidence introduced at a hearing before the division.

2769 Production shall be allocated in proportion to the relative value that each tract bears to the  
2770 value of all tracts in the unit area. The acreage of each tract in proportion to the total unit  
2771 acreage shall be the measure of relative value, unless the division finds after public hearing that  
2772 another method is likely to result in a more equitable allocation and protection of correlative  
2773 rights. Resource temperature, pressure, fluid quality, geological conditions, distance to place  
2774 of use, and productivity are among the factors that may be considered in evaluating other  
2775 methods. The method for allocating production in unit operations shall be revised, if, after a  
2776 hearing, the division finds that the revised method is likely to result in a more equitable  
2777 allocation and protection of correlative rights. Any affected person may file a request for  
2778 agency action to consider adoption of a revised allocation method, but the request may not be  
2779 made until three years after the initial order by the division or at less than two-year intervals  
2780 after that. Upon receipt of a request for consideration of a revised allocation method, the  
2781 division shall hold a hearing;

2782 (d) a provision for adjustment among the owners of the unit area (not including royalty  
2783 owners) of their respective investment in wells, tanks, pumps, machinery, materials,  
2784 equipment, and other things and services of value attributable to the unit operations. The  
2785 amount to be charged unit operations for each item shall be determined by the owners of the  
2786 unit area (not including royalty owners). If the owners of the unit area are unable to agree upon

2787 the amount of the charges or to agree upon the correctness of the charges, any affected party  
2788 may file a request for agency action. Upon receipt of the request, the division shall hold a  
2789 hearing to determine them. The net amount charged against the owner of a separately-owned  
2790 tract shall be considered an expense of unit operation chargeable against that tract. The  
2791 adjustments provided for in this subsection may be treated separately and handled by  
2792 agreements separate from the unitization agreement;

2793 (e) a provision providing how the costs of unit operations, including capital  
2794 investments, shall be determined and charged to the separately-owned tracts and how these  
2795 costs shall be paid, including a provision providing when, how, and by whom the unit  
2796 production allocated to an owner who does not pay the share of the cost of unit operation  
2797 charged to that owner, or the interest of that owner, may be sold and the proceeds applied to the  
2798 payment of the costs. The operator of the unit shall have a first and prior lien for costs incurred  
2799 pursuant to the plan of unitization upon each owner's geothermal rights and his share of  
2800 unitized production to secure the payment of the owner's proportionate part of the cost of  
2801 developing and operating the unit area. This lien may be ~~established and~~ enforced in the  
2802 same manner as provided by ~~[Sections 38-1-8 through 38-1-26]~~ Title 38, Chapter 1a, Part 7,  
2803 Enforcement of Preconstruction and Construction Liens. For these purposes any  
2804 nonconsenting owner is considered to have contracted with the unit operator for his  
2805 proportionate part of the cost of developing and operating the unit area. A transfer or  
2806 conversion of any owner's interest or any portion of it, however accomplished, after the  
2807 effective date of the order creating the unit, does not relieve the transferred interest of the  
2808 operator's lien on the interest for the cost and expense of unit operations;

2809 (f) a provision, if necessary, for carrying or otherwise financing any person who elects  
2810 to be carried or otherwise financed, allowing a reasonable interest charge for this service  
2811 payable out of that person's share of the production;

2812 (g) a provision for the supervision and conduct of the unit operations, in respect to  
2813 which each person shall have a vote with a value corresponding to the percentage of the costs  
2814 of unit operations chargeable against the interest of that person;

2815 (h) any additional provisions that are necessary to carry on the unit operations.

2816 (5) (a) No order of the division providing for unit operations is effective unless and  
2817 until the division finds that the plan for unit operations prescribed by the division has been

2818 approved in writing by:

2819 (i) those persons, who under the division's order, will be required to pay 66% of the  
2820 costs of the unit operation; and

2821 (ii) the owners of 66% of the production or proceeds of the unit operation that are free  
2822 of costs, such as royalties, overriding royalties, and production payments.

2823 (b) If the persons owning the required percentage of interest in the unit area do not  
2824 approve the plan within six months from the date on which the order is made, the order is  
2825 ineffective and shall be revoked by the division unless for good cause shown the division  
2826 extends this time.

2827 (6) (a) An order providing for unit operations may be amended by an order of the  
2828 division in the same manner and subject to the same conditions as an original order for unit  
2829 operations.

2830 (b) If this amendment affects only the rights and interests of the owners, the approval  
2831 of the amendment by the owners of royalty, overriding royalty, production payments, and other  
2832 interests that are free of costs is required.

2833 (c) Production allocation may be amended only by following the procedures of  
2834 Subsection (4)(c).

2835 (7) (a) All operations, including the commencement, drilling, or operation of a well  
2836 upon any portion of the unit area are considered for all purposes to be the conduct of those  
2837 operations upon each separately-owned tract in the unit by the several owners of tracts in the  
2838 unit.

2839 (b) The portions of the unit production allocated to a separately-owned tract in a unit  
2840 area are, when produced, considered for all purposes to have been actually produced from that  
2841 tract by a well drilled on it. Good faith operations conducted pursuant to an order of the  
2842 division providing for unit operations constitutes a complete defense to any suit alleging breach  
2843 of lease or of contractual obligations covering lands in the unit area to the extent that  
2844 compliance with these obligations cannot be had because of the order of the division.

2845 (8) The portion of the unit production allocated to any tract, and the proceeds from the  
2846 sale of this production, are the property and income of the several persons to whom, or to  
2847 whose credit, they are allocated or payable under the order providing for unit operations.

2848 (9) (a) Except to the extent that the parties affected so agree, and as provided in

2849 Subsection (4)(e), no order providing for unit operations may be construed to result in a  
2850 transfer of all or any part of the title of any person to the geothermal resource rights in any tract  
2851 in the unit area.

2852 (b) All property, whether real or personal, that is acquired in the conduct of unit  
2853 operations, is acquired for the account of the owners within the unit area and is the property of  
2854 those owners in the proportion that the expenses of unit operations are charged.

2855 Section 74. Section **76-6-524** is amended to read:

2856 **76-6-524. Falsifying information for preconstruction service lien purposes.**

2857 A person who knowingly falsifies information for the purpose of obtaining priority of a  
2858 preconstruction [~~service~~] lien under Title 38, Chapter [~~1, Mechanics~~] 1a, Preconstruction and  
2859 Construction Liens, is guilty of a class B misdemeanor.
