Representative Mark A. Wheatley proposes the following substitute bill:

GREEN SCHOOLS JOINT RESOLUTION

2012 GENERAL SESSION

STATE OF UTAH

Chief Sponsor: Mark A. Wheatley

Senate Sponsor: _____

LONG TITLE

General Description:

This joint resolution of the Legislature encourages the Utah State Board of Education and Utah's school districts to consider ways to establish green schools in the state of Utah.

Highlighted Provisions:

This resolution:

- ▶ encourages the Utah State Board of Education to consider the broader application of the design and construction practices for green schools, both for new construction and major renovation projects undertaken with school district funds; and
- ▶ encourages school districts to consider ~~{seeking application for certification of green schools under the United States Green Building Council's Leadership in Energy and Environmental Design rating system (LEED), or certification under a~~

~~comparable system with requirements at least equivalent to the LEED Silver certification for new or retrofit construction, or other building performance systems like the United States Department of Energy's ENERGY STAR Program~~ sustainable practices that can be incorporated effectively into school construction and operation.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, deteriorating school infrastructure and poor indoor environmental quality threaten the health, well-being, and achievement of students and staff in the state's public schools;

WHEREAS, green schools are schools that create a healthy environment that is conducive to learning, while saving money, energy, and resources ~~{, and money}~~;

WHEREAS, green schools create an environment that supports student learning through improvements in site selection, daylighting, indoor air quality, thermal comfort, acoustics, and classroom design, all of which have an impact on a child's ability to learn and a teacher's ability to teach;

WHEREAS, the benefits of superior air quality, a key emphasis of green schools, have been linked to lower asthma rates, fewer allergies, reduced absenteeism, and increased teacher retention rates;

WHEREAS, according to the United States Green Buildings Council, green schools consume an average of 30% to 50% less energy compared to conventional schools;

WHEREAS, green schools cost less to operate, utilize durable materials, and greatly reduce water and energy use, which generates significant cost savings;

WHEREAS, green schools provide an educational experience that transcends the classroom by creating a host of opportunities for curriculum innovation and hands-on, project-based learning in which the building itself becomes an interactive teaching tool; and

WHEREAS, new schools currently under construction are on track to be among the first energy net-zero K-12 schools in the nation:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah
