27 **26-18-2.4. Medicaid drug program -- Preferred drug list.**

28 (1) A Medicaid drug program developed by the department under Subsection 26-18-2.3

29 (2)(f):

30 (a) shall, notwithstanding Subsection 26-18-2.3(1)(b), be based on clinical and
31 cost-related factors which include medical necessity as determined by a provider in accordance
32 with administrative rules established by the Drug Utilization Review Board;

34 program;

35 (c) may include placing some drugs, except the drugs described in Subsection (2), on a
36 preferred drug list to the extent determined appropriate by the department;

38 immediately implement the prior authorization requirements for a nonpreferred drug that is in
39 the same therapeutic class as a drug that is:

40 (i) on the preferred drug list on the date that this act takes effect; or

41 (ii) added to the preferred drug list after this act takes effect; and

42 (e) except as prohibited by Subsections 58-17b-606(4) and (5), shall establish the prior
43 authorization requirements established under Subsections (1)(c) and (d) which shall permit a
44 health care provider or the health care provider's agent to obtain a prior authorization override
45 of the preferred drug list through the department's pharmacy prior authorization review process,
46 and which shall:
