9                   **LONG TITLE**

10                   **General Description:**

11                   This concurrent resolution of the Legislature and the Governor urges Congress to  
12                   delegate the regulation of hydraulic fracturing to the states.

13                   **Highlighted Provisions:**

14                   This resolution:

15                   ▶ urges the Congress of the United States to clearly delegate responsibility for the  
16                   regulation of hydraulic fracturing to the states.

17                   **Special Clauses:**

18                   None

20                   *Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

21                   WHEREAS, hydraulic fracturing, a mechanical method of increasing the permeability  
22                   of rock, thus increasing the amount of oil or gas produced from the rock, has greatly enhanced  
23                   oil and gas production in Utah;

24                   WHEREAS, oil and gas production increases have led to growth in employment and  
25                   economic development as well as promotion of energy independence for the United States;

26                   WHEREAS, the state of Utah, through the Division of Oil, Gas, and Mining and the  
27                   Department of Environmental Quality, have proven more than capable of regulating oil and gas  
28                   recovery processes and ensuring the safety of workers while protecting the environment; and

29                   WHEREAS, the state is best situated to closely monitor oil and gas drilling and

30 fracturing operations to ensure that they are conducted in an environmentally sound manner:

31           NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
32 Governor concurring therein, urges the Congress of the United States to clearly delegate  
33 responsibility for the regulation of hydraulic fracturing to the states.

34           BE IT FURTHER RESOLVED that a copy of this resolution be sent to the United  
35 States Secretary of the Interior, the Utah Division of Oil, Gas, and Mining, and the members of  
36 Utah's congressional delegation.
