*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

WHEREAS, the United States Department of Veterans Affairs reports that, based on both its own data and data reported by 21 states from 1999 through 2011, 22 military veterans take their own lives every day;

WHEREAS, the United States Department of Veterans Affairs added that 70% of these suicides are committed by military veterans 50 years of age or older;

WHEREAS, if more complete and accurate data were available on suicide victims, the number of suicides among military veterans would be even higher;

28 WHEREAS, nearly one in five suicides nationally is a military veteran, even though  
29 veterans make up about 10% of the population;

30 WHEREAS, combat stress is just one reason why some military veterans commit  
31 suicide;

32 WHEREAS, these reasons include the struggle some military veterans have after being  
33 a victim of violent assault, including rape;

34 WHEREAS, other reasons include economic pressure and rising unemployment, as  
35 many military veterans struggle to obtain employment at the conclusion of their service;

36 WHEREAS, according to a survey of 4,000 veterans conducted in 2012, about one out  
37 of every three responded that they had considered suicide;

38 WHEREAS, suicide is also a significant challenge among active duty military  
39 personnel;

40 WHEREAS, Leon Panetta, former United States Defense Secretary, has called the  
41 suicide rate among active duty servicemembers "an epidemic";

42 WHEREAS, the United States Army has reported that it has not been able to provide  
43 the same type of suicide awareness and prevention programs to Army Reserve and National  
44 Guard personnel living as civilians back in their communities as it provides to active duty  
45 personnel;

46 WHEREAS, one key to ending this epidemic is to have more people taking a personal  
47 interest in the lives of individual military veterans and active duty servicemembers, people who  
48 genuinely care and will make the time and effort to connect and stay connected with those who  
49 have served or continue to serve our nation;

50 WHEREAS, military personnel and Utah citizens who reach out to military veterans  
51 and active duty servicemembers and establish and strengthen bonds of friendship are an  
52 inestimable force for good that can save lives;

53 WHEREAS, veterans deserve to know that they are not alone when facing their  
54 struggles, that we feel a deep sense of gratitude and appreciation for the sacrifices of all  
55 veterans in all branches of military service, and that we recognize our debt to them; and

56 WHEREAS, after all that our military veterans and active duty service personnel have  
57 done and endured for us, in standing in harm's way in our place, it is incumbent upon us to  
58 reach out to them and lift their spirits, help them cope with their unique struggles, listen to

59 them, and demonstrate to them that our appreciation for their service and sacrifice has become  
60 a part of who we are as individuals and as citizens:

61       NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
62 Governor concurring therein, designates July 3, 2014, as "Call Your Military Buddy Day" in  
63 the state of Utah.

64       BE IT FURTHER RESOLVED that the Legislature and the Governor urge citizens and  
65 military personnel to reach out to military veterans and active duty servicemembers to establish  
66 and strengthen bonds of friendship so that they will know that they are not alone when facing  
67 their struggles, that we are filled with gratitude and appreciation for the sacrifices of all  
68 veterans in all branches of military service, and that we recognize our debt to them for putting  
69 themselves in harm's way in our place.

70       BE IT FURTHER RESOLVED that a copy of this resolution be sent to the United  
71 States Department of Veterans Affairs, the Utah Department of Veterans' and Military Affairs,  
72 and the members of Utah's congressional delegation.
