28 *Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

29 WHEREAS, perpetual land management, land use, and access disputes on public lands  
30 in the state reduce economic development opportunities in local communities and impede  
31 successful management of lands and resources;

32 WHEREAS, resolving perpetual land management, land use, and access disputes would  
33 bring regulatory certainty to local governments, spur economic development, and improve  
34 land, wildlife, air, water, forest, and range health;

35 WHEREAS, the Public Lands Initiative (PLI), an effort spearheaded by Utah's  
36 congressional delegation, the Governor's Office, Native American tribes, non-governmental  
37 organizations, and various Utah counties, is intended to bring resolution to perpetual land  
38 management, land use, and access disputes and create some regulatory certainty for the citizens  
39 in Utah's public lands counties;

40 WHEREAS, PLI has the potential to boost mineral production, create jobs and  
41 economic growth, diminish the federal footprint in local communities, protect livestock  
42 grazing, enhance outdoor recreational opportunities, and increase state and local management  
43 of lands and resources;

44 WHEREAS, PLI provides an opportunity to relocate captured school trust parcels into  
45 more accessible, energy-rich areas of the state that could provide a higher return for Utah's  
46 schoolchildren;

47 WHEREAS, PLI is complementary to Utah's Transfer of Public Lands Act, as both  
48 efforts are designed to bring greater local control, local ownership, and public lands  
49 management to local communities;

50 WHEREAS, nothing in the PLI will prejudice the Utah's Transfer of Public Lands Act;

51 WHEREAS, the PLI is a critical first step in ongoing efforts to restore state control over  
52 the land within the state's border;

53 WHEREAS, Utah's congressional delegation, the Governor's Office, and the  
54 Legislature are committed to empowering local elected officials and garnering support from  
55 those closest to the land as part of PLI;

56 WHEREAS, several locations in Utah have been listed on United States Department of

57 the Interior national monument planning documents;

58 WHEREAS, the Legislature and the Governor prefer locally driven land use planning  
59 over the unilateral use of the Antiquities Act of 1906; and

60 WHEREAS, unilateral executive actions in any Utah county would impede locally  
61 driven planning efforts and likely stifle future public land management progress:

62 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
63 Governor concurring therein, expresses strong support to counties in Utah that choose to  
64 participate in the Public Lands Initiative.

65 BE IT FURTHER RESOLVED that the Legislature and the Governor express their  
66 commitment to the ideals of local control, local ownership, and local lands management and  
67 the belief that the Public Lands Initiative would strengthen these ideals.

68 BE IT FURTHER RESOLVED that the Legislature and the Governor express their  
69 preference for locally driven land use planning over the unilateral use of the Antiquities Act of  
70 1906.

71 BE IT FURTHER RESOLVED that the Legislature and the Governor express support  
72 for the efforts of Utah's congressional delegation and Utah's participating counties to bring  
73 some resolution to long-standing public land disputes and encourage the Public Lands Initiative  
74 to move forward.

75 BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of  
76 the United States, the Secretary of the United States Department of the Interior, the Utah  
77 Association of Counties, the Utah League of Cities and Towns, the Governor's Office of  
78 Economic Development, the Utah Chamber of Commerce, the Native American Tribes  
79 participating in the Public Lands Initiative, and the members of Utah's congressional  
80 delegation.
