26 *Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

27                   WHEREAS, in 1976, the Legislature of the state of Utah, recognizing the harms of

28 tobacco use and secondhand smoke, passed H.B. 25, which created the Utah Indoor Clean Air  
29 Act;

32 commended for spearheading H.B. 25 and rallying the support of over 40,000 Utahns;

33 WHEREAS, the Utah Indoor Clean Air Act has:

- 34 • sought to protect the health of all Utahns by creating smoke-free environments in  
35 public places and places of business;
- 36 • contributed to Utah having the lowest smoking rates in the nation;
- 37 • helped establish rules, laws, and guidelines by which tobacco products are bought and

40 Program, which has built relationships with municipalities and supported local health  
41 departments throughout the state; and

42 WHEREAS, despite significant declines, tobacco use remains a public health challenge:
