(B) bill the tax as a separate item and declare the name of this state and the seller's sales and use tax license number on the invoice for the sale.

(ii) The receipt or invoice is prima facie evidence that the seller has collected the tax and relieves the purchaser of the liability for reporting the tax to the commission as a consumer.

(d) A seller is not required to maintain a separate account for the tax collected[~~5~~] but is considered to be a person charged with receipt, safekeeping, and transfer of public money.

(e) Taxes collected by a seller pursuant to this chapter shall be held in trust for the benefit of the state and for payment to the commission in the manner and at the time provided for in this chapter.

(f) If any seller, during any reporting period, collects as a tax an amount in excess of the lawful state and local percentage of total taxable sales allowed under this chapter, the seller shall remit to the commission the full amount of the tax imposed under this chapter, plus any excess.

(ii) For a sale that includes the delivery or installation of tangible personal property at a location other than a seller's place of business described in Subsection (2)(a)(i), if the delivery or installation is separately stated on an invoice or receipt, a seller may compute the tax due [~~on the sale~~] for purposes of Subsection (4)(d)(i) based on the amount the seller receives for that sale during each period for which the seller receives payment for the sale.

(e) (i) The use tax as computed in the return shall be based on the total amount of purchases for storage, use, or other consumption in this state made during the period for which the return is filed, including both cash and charge purchases.
