58-37f-303, Utah Code Annotated 1953

4. *Page 14, Line 403*

House Committee Amendments

2-3-2016:

403 (iii) certain violations of the Utah Controlled Substances Act. =

Section 4. Section 58-37f-303 is enacted to read:

58-37f-303. Opioid treatment program and access to the database.

(1) For purposes of this section:

(a) "Opioid replacement drug" means methadone, levomethadyl acetate and buprenorphine.

(b) " Opioid treatment program" means a program that is certified under 42 C.F.R. Part 8 to manage opioid addiction by prescribing or dispensing an opioid replacement drug to a patient in the program.

(2)(a) An individual who is authorized to prescribe or dispense an opioid replacement drug to a patient in an opioid treatment program shall access the database in accordance with Subsection (2)(b) to determine if the patient is receiving other medications that may be contraindicated for a patient in the treatment program.

(b) An individual under Subsection (2)(a) shall access the database:

(i) once a week for a patient who receives the opioid replacement drug at the opioid treatment program facility and is required to ingest the opioid replacement drug in the facility; or

(ii) when the patient is dispensed the opioid replacement drug, if the patient is dispensed "take

home" opioid replacement drugs in a dosage that will last for greater than one week.

(3) If an individual who is authorized to prescribe or dispense an opioid replacement drug to a patient in an opioid treatment program does not check the database in accordance with Subsection (2)(b), the individual has engaged in unprofessional practice under the individual's license under this title.
