Representative Mike K. McKell proposes the following substitute bill:

1	SOLID WASTE REVISIONS
2	2017 GENERAL SESSION
3	STATE OF UTAH
4	Chief Sponsor: Mike K. McKell
5	Senate Sponsor:
6	
7	LONG TITLE
8	General Description:
9	This bill modifies regulations in regard to nonhazardous solid waste.
10	Highlighted Provisions:
11	This bill:
12	 states that no person may own, construct, modify, or operate any facility or site for
13	the purpose of transferring, treating, storing, or disposing of nonhazardous solid
14	waste without first submitting and receiving the approval of the director for an
15	operation plan for that facility or site;
16	 modifies fee structures for nonhazardous solid waste streams;
17	 includes a sunset repeal date for certain language; and
18	makes technical changes.
19	Money Appropriated in this Bill:
20	None
21	Other Special Clauses:
22	None
23	Utah Code Sections Affected:
24	AMENDS:
25	19-6-108, as last amended by Laws of Utah 2013, Chapter 378

26	19-6-119, as last amended by Laws of Utah 2012, Chapter 360
27	63I-2-219, as last amended by Laws of Utah 2016, Chapter 369
2829	Be it enacted by the Legislature of the state of Utah:
30	Section 1. Section 19-6-108 is amended to read:
31	19-6-108. New nonhazardous solid or hazardous waste operation plans for
32	facility or site Administrative and legislative approval required Exemptions from
33	legislative and gubernatorial approval Time periods for review Information required
34	Other conditions Revocation of approval Periodic review.
35	(1) For purposes of this section, the following items shall be treated as submission of a
36	new operation plan:
37	(a) the submission of a revised operation plan specifying a different geographic site
38	than a previously submitted plan;
39	(b) an application for modification of a commercial hazardous waste incinerator if the
40	construction or the modification would increase the hazardous waste incinerator capacity above
41	the capacity specified in the operation plan as of January 1, 1990, or the capacity specified in
42	the operation plan application as of January 1, 1990, if no operation plan approval has been
43	issued as of January 1, 1990;
44	(c) an application for modification of a commercial nonhazardous solid waste
45	incinerator if the construction of the modification would cost 50% or more of the cost of
46	construction of the original incinerator or the modification would result in an increase in the
47	capacity or throughput of the incinerator of a cumulative total of 50% above the total capacity
48	or throughput that was approved in the operation plan as of January 1, 1990, or the initial
49	approved operation plan if the initial approval is subsequent to January 1, 1990;
50	(d) an application for modification of a commercial nonhazardous solid or hazardous
51	waste treatment, storage, or disposal facility, other than an incinerator, if the modification
52	would be outside the boundaries of the property owned or controlled by the applicant, as shown
53	in the application or approved operation plan as of January 1, 1990, or the initial approved
54	operation plan if the initial approval is subsequent to January 1, 1990; or
55	(e) a submission of an operation plan to construct a facility, if previous approvals of the

operation plan to construct the facility have been revoked pursuant to Subsection (3)(c)(iii).

02-10-17 1:37 PM

- (2) Capacity under Subsection (1)(b) shall be calculated based on the throughput tonnage specified for the trial burn in the operation plan or the operation plan application if no operation plan approval has been issued as of January 1, 1990, and on annual operations of 7,000 hours.
- (3) (a) (i) No person may own, construct, modify, or operate any facility or site for the purpose of <u>transferring</u>, <u>treating</u>, <u>storing</u>, <u>or</u> disposing of nonhazardous solid waste or treating, storing, or disposing of hazardous waste without first submitting and receiving the approval of the director for an operation plan for that facility or site.
- (ii) (A) A permittee who is the current owner of a facility or site that is subject to an operation plan may submit to the director information, a report, a plan, or other request for approval for a proposed activity under an operation plan:
- (I) after obtaining the consent of any other permittee who is a current owner of the facility or site; and
- (II) without obtaining the consent of any other permittee who is not a current owner of the facility or site.
 - (B) The director may not:
- (I) withhold an approval of an operation plan requested by a permittee who is a current owner of the facility or site on the grounds that another permittee who is not a current owner of the facility or site has not consented to the request; or
- (II) give an approval of an operation plan requested by a permittee who is not a current owner before receiving consent of the current owner of the facility or site.
- (b) (i) Except for facilities that receive the following wastes solely for the purpose of recycling, reuse, or reprocessing, no person may own, construct, modify, or operate any commercial facility that accepts for treatment or disposal, with the intent to make a profit, any of the wastes listed in Subsection (3)(b)(ii) without first submitting a request to and receiving the approval of the director for an operation plan for that facility site.
 - (ii) Wastes referred to in Subsection (3)(b)(i) are:
- (A) fly ash waste, bottom ash waste, slag waste, or flue gas emission control waste generated primarily from the combustion of coal or other fossil fuels;
 - (B) wastes from the extraction, beneficiation, and processing of ores and minerals; or
- (C) cement kiln dust wastes.

- 88 (c) (i) No person may construct a facility listed under Subsection (3)(c)(ii) until the 89 person receives:
 - (A) local government approval and the approval described in Subsection (3)(a);
 - (B) approval from the Legislature; and
 - (C) after receiving the approvals described in Subsections (3)(c)(i)(A) and (B), approval from the governor.
 - (ii) A facility referred to in Subsection (3)(c)(i) is:
 - (A) a commercial nonhazardous solid waste disposal facility;
 - (B) except for facilities that receive the following wastes solely for the purpose of recycling, reuse, or reprocessing, any commercial facility that accepts for treatment or disposal, with the intent to make a profit: fly ash waste, bottom ash waste, slag waste, or flue gas emission control waste generated primarily from the combustion of coal or other fossil fuels; wastes from the extraction, beneficiation, and processing of ores and minerals; or cement kiln dust wastes; or
 - (C) a commercial hazardous waste treatment, storage, or disposal facility.
 - (iii) The required approvals described in Subsection (3)(c)(i) for a facility described in Subsection (3)(c)(ii)(A) or (B) are automatically revoked if:
 - (A) the governor's approval is received on or after May 10, 2011, and the facility is not operational within five years after the day on which the governor's approval is received; or
 - (B) the governor's approval is received before May 10, 2011, and the facility is not operational on or before May 10, 2016.
 - (iv) The required approvals described in Subsection (3)(c)(i) for a facility described in Subsection (3)(c)(ii)(A) or (B), including the approved operation plan, are not transferrable to another person for five years after the day on which the governor's approval is received.
 - (d) No person need obtain gubernatorial or legislative approval for the construction of a hazardous waste facility for which an operating plan has been approved by or submitted for approval to the executive secretary of the board under this section before April 24, 1989, and which has been determined, on or before December 31, 1990, by the executive secretary of the board to be complete, in accordance with state and federal requirements for operating plans for hazardous waste facilities even if a different geographic site is subsequently submitted.
 - (e) No person need obtain gubernatorial and legislative approval for the construction of

- a commercial nonhazardous solid waste disposal facility for which an operation plan has been approved by or submitted for approval to the executive secretary of the board under this section on or before January 1, 1990, and which, on or before December 31, 1990, the executive secretary of the board determines to be complete, in accordance with state and federal requirements applicable to operation plans for nonhazardous solid waste facilities.
- (f) Any person owning or operating a facility or site on or before November 19, 1980, who has given timely notification as required by Section 3010 of the Resource Conservation and Recovery Act of 1976, 42 U.S.C. Section 6921, et seq., and who has submitted a proposed hazardous waste plan under this section for that facility or site, may continue to operate that facility or site without violating this section until the plan is approved or disapproved under this section.
- (g) (i) The director shall suspend acceptance of further applications for a commercial nonhazardous solid or hazardous waste facility upon a finding that the director cannot adequately oversee existing and additional facilities for permit compliance, monitoring, and enforcement.
- (ii) The director shall report any suspension to the Natural Resources, Agriculture, and Environment Interim Committee.
- (4) The director shall review each proposed nonhazardous solid or hazardous waste operation plan to determine whether that plan complies with the provisions of this part and the applicable rules of the board.
- (5) (a) If the facility is a class I or class II facility, the director shall approve or disapprove that plan within 270 days from the date it is submitted.
- (b) Within 60 days after receipt of the plans, specifications, or other information required by this section for a class I or II facility, the director shall determine whether the plan is complete and contains all information necessary to process the plan for approval.
- (c) (i) If the plan for a class I or II facility is determined to be complete, the director shall issue a notice of completeness.
- (ii) If the plan is determined by the director to be incomplete, the director shall issue a notice of deficiency, listing the additional information to be provided by the owner or operator to complete the plan.
 - (d) The director shall review information submitted in response to a notice of

deficiency within 30 days after receipt.

- (e) The following time periods may not be included in the 270 day plan review period for a class I or II facility:
 - (i) time awaiting response from the owner or operator to requests for information issued by the director;
 - (ii) time required for public participation and hearings for issuance of plan approvals; and
 - (iii) time for review of the permit by other federal or state government agencies.
 - (6) (a) If the facility is a class III or class IV facility, the director shall approve or disapprove that plan within 365 days from the date it is submitted.
 - (b) The following time periods may not be included in the 365 day review period:
 - (i) time awaiting response from the owner or operator to requests for information issued by the director;
 - (ii) time required for public participation and hearings for issuance of plan approvals; and
 - (iii) time for review of the permit by other federal or state government agencies.
 - (7) If, within 365 days after receipt of a modification plan or closure plan for any facility, the director determines that the proposed plan, or any part of it, will not comply with applicable rules, the director shall issue an order prohibiting any action under the proposed plan for modification or closure in whole or in part.
 - (8) Any person who owns or operates a facility or site required to have an approved hazardous waste operation plan under this section and who has pending a permit application before the United States Environmental Protection Agency shall be treated as having an approved plan until final administrative disposition of the permit application is made under this section, unless the director determines that final administrative disposition of the application has not been made because of the failure of the owner or operator to furnish any information requested, or the facility's interim status has terminated under Section 3005 (e) of the Resource Conservation and Recovery Act, 42 U.S.C. Section 6925 (e).
 - (9) The director may not approve a proposed nonhazardous solid or hazardous waste operation plan unless the plan contains the information that the board requires, including:
 - (a) estimates of the composition, quantities, and concentrations of any hazardous waste

identified under this part and the proposed treatment, storage, or disposal of it;

- (b) evidence that the disposal of nonhazardous solid waste or treatment, storage, or disposal of hazardous waste will not be done in a manner that may cause or significantly contribute to an increase in mortality, an increase in serious irreversible or incapacitating reversible illness, or pose a substantial present or potential hazard to human health or the environment;
- (c) consistent with the degree and duration of risks associated with the disposal of nonhazardous solid waste or treatment, storage, or disposal of specified hazardous waste, evidence of financial responsibility in whatever form and amount that the director determines is necessary to insure continuity of operation and that upon abandonment, cessation, or interruption of the operation of the facility or site, all reasonable measures consistent with the available knowledge will be taken to insure that the waste subsequent to being treated, stored, or disposed of at the site or facility will not present a hazard to the public or the environment;
- (d) evidence that the personnel employed at the facility or site have education and training for the safe and adequate handling of nonhazardous solid or hazardous waste;
- (e) plans, specifications, and other information that the director considers relevant to determine whether the proposed nonhazardous solid or hazardous waste operation plan will comply with this part and the rules of the board;
- (f) compliance schedules, where applicable, including schedules for corrective action or other response measures for releases from any solid waste management unit at the facility, regardless of the time the waste was placed in the unit;
- (g) for a proposed operation plan submitted on or after July 1, 2013, for a new solid or hazardous waste facility other than a water treatment facility that treats, stores, or disposes site-generated solid or hazardous waste onsite, a traffic impact study that:
- (i) takes into consideration the safety, operation, and condition of roadways serving the proposed facility; and
- (ii) is reviewed and approved by the Department of Transportation or a local highway authority, whichever has jurisdiction over each road serving the proposed facility, with the cost of the review paid by the person who submits the proposed operation plan; and
- (h) for a proposed operation plan submitted on or after July 1, 2013, for a new nonhazardous solid waste facility owned or operated by a local government, financial

213	(i) land acquisition and leasing;
214	(ii) construction;
215	(iii) estimated annual operation;
216	(iv) equipment;
217	(v) ancillary structures;
218	(vi) roads;
219	(vii) transfer stations; and
220	(viii) using other operations that are not contiguous to the proposed facility but are
221	necessary to support the facility's construction and operation.
222	(10) The director may not approve a commercial nonhazardous solid or hazardous
223	waste operation plan that meets the requirements of Subsection (9) unless it contains the
224	information required by the board, including:
225	(a) evidence that the proposed commercial facility has a proven market of
226	nonhazardous solid or hazardous waste, including:
227	(i) information on the source, quantity, and price charged for treating, storing, and
228	disposing of potential nonhazardous solid or hazardous waste in the state and regionally;
229	(ii) a market analysis of the need for a commercial facility given existing and potential
230	generation of nonhazardous solid or hazardous waste in the state and regionally; and
231	(iii) a review of other existing and proposed commercial nonhazardous solid or
232	hazardous waste facilities regionally and nationally that would compete for the treatment,
233	storage, or disposal of the nonhazardous solid or hazardous waste;
234	(b) a description of the public benefits of the proposed facility, including:
235	(i) the need in the state for the additional capacity for the management of nonhazardous
236	solid or hazardous waste;
237	(ii) the energy and resources recoverable by the proposed facility;
238	(iii) the reduction of nonhazardous solid or hazardous waste management methods,
239	which are less suitable for the environment, that would be made possible by the proposed
240	facility; and
241	(iv) whether any other available site or method for the management of hazardous waste
242	would be less detrimental to the public health or safety or to the quality of the environment;

information that discloses all costs of establishing and operating the facility, including:

243 and

- (c) compliance history of an owner or operator of a proposed commercial nonhazardous solid or hazardous waste treatment, storage, or disposal facility, which may be applied by the director in a nonhazardous solid or hazardous waste operation plan decision, including any plan conditions.
- (11) The director may not approve a commercial nonhazardous solid or hazardous waste facility operation plan unless based on the application, and in addition to the determination required in Subsections (9) and (10), the director determines that:
- (a) the probable beneficial environmental effect of the facility to the state outweighs the probable adverse environmental effect; and
 - (b) there is a need for the facility to serve industry within the state.
- (12) Approval of a nonhazardous solid or hazardous waste operation plan may be revoked, in whole or in part, if the person to whom approval of the plan has been given fails to comply with that plan.
- (13) The director shall review all approved nonhazardous solid and hazardous waste operation plans at least once every five years.
- (14) The provisions of Subsections (10) and (11) do not apply to hazardous waste facilities in existence or to applications filed or pending in the department prior to April 24, 1989, that are determined by the executive secretary of the board on or before December 31, 1990, to be complete, in accordance with state and federal requirements applicable to operation plans for hazardous waste facilities.
- (15) The provisions of Subsections (9), (10), and (11) do not apply to a nonhazardous solid waste facility in existence or to an application filed or pending in the department prior to January 1, 1990, that is determined by the director, on or before December 31, 1990, to be complete in accordance with state and federal requirements applicable to operation plans for nonhazardous solid waste facilities.
- (16) Nonhazardous solid waste generated outside of this state that is defined as hazardous waste in the state where it is generated and which is received for disposal in this state may not be disposed of at a nonhazardous waste disposal facility owned and operated by local government or a facility under contract with a local government solely for disposal of nonhazardous solid waste generated within the boundaries of the local government, unless

2/4	disposal is approved by the director.
275	(17) This section may not be construed to exempt any facility from applicable
276	regulation under the federal Atomic Energy Act, 42 U.S.C. Sections 2014 and 2021 through
277	2114.
278	Section 2. Section 19-6-119 is amended to read:
279	19-6-119. Nonhazardous solid waste disposal fees.
280	(1) (a) [Except] Through December 31, 2018, and except as provided in Subsection
281	(5), the owner or operator of a commercial nonhazardous solid waste disposal facility or
282	incinerator shall pay the following fees for waste received for treatment or disposal at the
283	facility if the facility or incinerator is required to have operation plan approval under Section
284	19-6-108 and primarily receives waste generated by off-site sources not owned, controlled, or
285	operated by the facility or site owner or operator:
286	(i) 13 cents per ton on all municipal waste and municipal incinerator ash;
287	(ii) 50 cents per ton on the following wastes if the facility disposes of one or more of
288	the following wastes in a cell exclusively designated for the waste being disposed:
289	(A) construction waste or demolition waste;
290	(B) yard waste, including vegetative matter resulting from landscaping, land
291	maintenance, and land clearing operations;
292	(C) dead animals;
293	(D) waste tires and materials derived from waste tires disposed of in accordance with
294	Title 19, Chapter 6, Part 8, Waste Tire Recycling Act; and
295	(E) petroleum contaminated soils that are approved by the director; and
296	(iii) \$2.50 per ton on:
297	(A) all nonhazardous solid waste not described in Subsections (1)(a)(i) and (ii); and
298	(B) (I) fly ash waste;
299	(II) bottom ash waste;
300	(III) slag waste;
301	(IV) flue gas emission control waste generated primarily from the combustion of coal
302	or other fossil fuels;
303	(V) waste from the extraction, beneficiation, and processing of ores and minerals; and
304	(VI) cement kiln dust wastes.

02-10-17 1:37 PM

305	(b) A commercial nonhazardous solid waste disposal facility or incinerator subject to
306	the fees under Subsection (1)(a)(i) or (ii) is not subject to the fee under Subsection (1)(a)(iii)
307	for those wastes described in Subsections (1)(a)(i) and (ii).
308	(c) The owner or operator of a facility described in Subsection 19-6-102(3)(b)(iii) shall
309	pay a fee of 13 cents per ton on all municipal waste received for disposal at the facility.
310	(2) (a) [Except] Through December 31, 2018, and except as provided in Subsections
311	(2)[(b)](c) and $[(5)](4)$, a waste facility that is owned by a political subdivision shall pay the
312	following annual facility fee to the department by January 15 of each year:
313	(i) \$800 if the facility receives 5,000 or more but fewer than 10,000 tons of municipal
314	waste each year;
315	(ii) \$1,450 if the facility receives 10,000 or more but fewer than 20,000 tons of
316	municipal waste each year;
317	(iii) \$3,850 if the facility receives 20,000 or more but fewer than 50,000 tons of
318	municipal waste each year;
319	(iv) \$12,250 if the facility receives 50,000 or more but fewer than 100,000 tons of
320	municipal waste each year;
321	(v) \$14,700 if the facility receives 100,000 or more but fewer than 200,000 tons of
322	municipal waste each year;
323	(vi) \$33,000 if the facility receives 200,000 or more but fewer than 500,000 tons of
324	municipal waste each year; and
325	(vii) \$66,000 if the facility receives 500,000 or more tons of municipal waste each
326	year.
327	(b) The fee identified in Subsection (2)(a) for 2018 shall be paid by January 15, 2019.
328	[(b) Except] (c) Through December 31, 2018, and except as provided in Subsection
329	[(5)] (4) , a waste facility that is owned by a political subdivision shall pay \$2.50 per ton for:
330	(i) nonhazardous solid waste that is not a waste described in Subsection (1)(a)(i) or (ii)
331	received for disposal if the waste is:
332	(A) generated outside the boundaries of the political subdivision; and
333	(B) received from a single generator and exceeds 500 tons in a calendar year; and
334	(ii) waste described in Subsection (1)(a)(iii)(B) received for disposal if the waste is:
335	(A) generated outside the boundaries of the political subdivision; and

336	(B) received from a single generator and exceeds 500 tons in a calendar year.
337	[(c)] (d) Waste received at a facility owned by a political subdivision under Subsection
338	(2)[(b)](c) may not be counted as part of the total tonnage received by the facility under
339	Subsection (2)(a).
340	(3) (a) As used in this Subsection (3):
341	(i) "Recycling center" means a facility that extracts valuable materials from a waste
342	stream or transforms or remanufactures the material into a usable form that has demonstrated
343	or potential market value.
344	(ii) "Transfer station" means a permanent, fixed, supplemental collection and
345	transportation facility that is used to deposit collected solid waste from off-site into a transfer
346	vehicle for transport to a solid waste handling or disposal facility.
347	(b) [Except] Through December 31, 2018, and except as provided in Subsection [(5)]
348	(4), the owner or operator of a transfer station or recycling center shall pay to the department
349	the following fees on waste sent for disposal to a nonhazardous solid waste disposal or
350	treatment facility that is not subject to a fee under this section:
351	(i) \$1.25 per ton on:
352	(A) all nonhazardous solid waste; and
353	(B) waste described in Subsection (1)(a)(iii)(B);
354	(ii) 10 cents per ton on all construction and demolition waste; and
355	(iii) 5 cents per ton on all municipal waste or municipal incinerator ash.
356	(c) Wastes subject to fees under Subsection (3)(b)(ii) or (iii) are not subject to the fee
357	required under Subsection (3)(b)(i).
358	[(4) If a facility required to pay fees under this section receives nonhazardous solid
359	waste for treatment or disposal, and the fee required under this section is paid for that treatment
360	or disposal, any subsequent treatment or disposal of the waste is not subject to additional fees
361	under this section.]
362	[(5)] (4) The owner or operator of a waste disposal facility that receives <u>nonhazardous</u>
363	solid waste described in Subsection (1)(a)(iii)(B) is not required to pay any fee on those
364	nonhazardous solid wastes if received solely for the purpose of recycling, reuse, or
365	reprocessing.
366	[(6)] (5) [Except] Through December 31, 2018, and except as provided in Subsection

02-10-17 1:37 PM

367	(2)(a), a facility required to pay fees under this section shall:
368	(a) calculate the fees by multiplying the total tonnage of <u>nonhazardous solid</u> waste
369	received during the calendar month, computed to the first decimal place, by the required fee
370	rate;
371	(b) pay the fees imposed by this section to the department by the 15th day of the month
372	following the month in which the fees accrued; and
373	(c) with the fees required under Subsection [(6)] (5)(b), submit to the department, on a
374	form prescribed by the department, information that verifies the amount of nonhazardous solid
375	waste received and the fees that the owner or operator is required to pay.
376	(6) (a) In accordance with Section 63J-1-504, on or before July 1, 2018, the department
377	shall establish a fee schedule for the treatment, transfer, storage, and disposal of all
378	nonhazardous solid waste.
379	(b) The department shall, before establishing the fee schedule described in Subsection
380	(6)(a), complete a review of program costs and indirect costs of regulating nonhazardous solid
381	waste in the state and use the findings of the review to create the fee schedule.
382	(c) The fee schedule described in Subsection (6)(a) shall:
383	(i) create an equitable and fair fee:
384	(A) no greater than \$0.28 per ton;
385	(B) to be paid by all persons who treat, transfer, store, or dispose of nonhazardous solid
386	waste, except as provided in Subsection (6)(d);
387	(ii) provide for reasonable and timely oversight by the department; and
388	(iii) adequately meet the needs of industry, local government, and the department,
389	including enabling the department to employ qualified personnel to appropriately oversee
390	industry and local government regulation.
391	(d) Any person who treats, transfers, stores, or disposes of solid waste from the
392	extraction, beneficiation, and processing of ores and minerals on a site owned, controlled, or
393	operated by that person may not be charged a fee under this section for the treatment, transfer,
394	storage, or disposal of solid waste from the extraction, beneficiation, and processing of ores
395	and minerals that are generated:
396	(i) onsite by the person; or
397	(ii) by off-site sources owned, controlled, or operated by the person.

398	(e) The fees in the fee schedule established by Subsection (6)(a) shall take effect on
399	January 1, 2019.
400	(7) On and after January 1, 2019, a facility required to pay fees under this section shall:
401	(a) calculate the fees by multiplying the total tonnage of nonhazardous solid waste
402	disposed of during the quarter, computed to the first decimal place, by the required fee rate;
403	(b) pay the fees imposed by this section to the department by the 15th day of the month
404	following the quarter in which the fees accrued; and
405	(c) with the fees required under Subsection (7)(b), submit to the department, on a form
406	prescribed by the department, information that verifies the amount of nonhazardous solid waste
407	received and the fees that the owner or operator is required to pay.
408	$\left[\frac{(7)}{8}\right]$ The department shall:
409	(a) deposit all fees received under this section into the Environmental Quality
410	Restricted Account created in Section 19-1-108; and
411	(b) in preparing its budget for the governor and the Legislature, separately indicate the
412	amount of the department's budget necessary to administer the solid and hazardous waste
413	program established by this part.
414	[(8)] (9) The department may contract or agree with a county to assist in performing
415	nonhazardous solid waste management activities, including agreements for:
416	(a) the development of a solid waste management plan required under Section
417	17-15-23; and
418	(b) pass-through of available funding.
419	[(9)] (10) This section does not exempt any facility from applicable regulation under
420	the Atomic Energy Act, 42 U.S.C. Sec. 2014 and 2021 through 2114.
