33 *Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

34 WHEREAS, Utah has a tradition of supporting good stewardship of our land, air, and  
35 water;

36 WHEREAS, Utah is a leader in technological innovation, ingenuity in problem-solving,  
37 and working together to create solutions;

38 WHEREAS, preservation of Utah's economic longevity and role as a leader in fiscal  
39 responsibility depends on prudent management of natural resources;

40 WHEREAS, protection, conservation, and reasonable management of the natural  
41 environment are essential principles of responsible stewardship;

42 WHEREAS, Utah recognizes the inherent worth of our natural resources, in addition to  
43 their economic value, in their contribution to our identity and their role in inspiring creativity,  
44 strengthening families, and providing for future generations;

45 WHEREAS, the Department of Health has issued a report outlining the increased risk  
46 of extreme weather events, including wildfires, water scarcity, and flooding;

47 ~~Ŝ→ [WHEREAS, the Department of Health has reported an increase in the prevalence of~~  
48 ~~health concerns such as elevated asthma rates and other respiratory illnesses as a potential~~  
49 ~~consequence of a changing climate;] ←Ŝ~~

50 WHEREAS, the impacts of a changing climate may ~~Ŝ→ [negatively] ←Ŝ~~ affect Utah  
50a citizens and

51 impair productivity in key economic areas;

52 WHEREAS, any efforts to mitigate the risks of, prepare for, or otherwise address our  
53 changing climate and its effects should not constrain the economy nor its global  
54 competitiveness; and

55 WHEREAS, Utah recognizes that stewardship includes fostering and maintaining  
56 resilient ecosystems that have the capacity to adapt to our changing environment:

57           NOW, THEREFORE BE IT RESOLVED that the Legislature of the state of Utah, the  
58 Governor concurring therein, commits to working constructively, using our heritage of  
59 technological ingenuity, innovation, and leadership to create and support economically viable  
60 and broadly supported private and public solutions, including in rural communities.

61           BE IT FURTHER RESOLVED that we should prioritize our understanding and use of  
62 sound science to address causes of a changing climate and support innovation and  
63 environmental stewardship in order to realize positive solutions.

64           BE IT FURTHER RESOLVED that the Legislature and the Governor encourage  
65 individuals, corporations, and state agencies to reduce emissions through incentives and  
66 support of the growth in technologies and services that will enlarge our economy in a way that  
67 is both energy efficient and cost effective.

68           BE IT FURTHER RESOLVED that a copy of this resolution be sent to the members of  
69 Utah's congressional delegation.
